ACTIVITIES

Activities play an important role at Severna Park Senior High. They bring people together to have fun, learn, and help others. Many activities were carried out in 1980-81 for these reasons. Dances, held throughout the year, were well attended and successful. To promote spirit, the SGA sponsored Spirit Week before Homecoming. The French and Spanish reunions gave foreign language students a chance to practice and improve their language skills while getting a taste of the country's customs. The fall play "The Miracle Worker" offered fine entertainment and a great experience for the actors. The Blood Mobile, sponsored by the Key Club, gave students a chance to give blood and "save a life". Activities, they are what brings the people of Severna Park Senior High together as one unified spirited body.

Cowgirls Valerie Hall and Valerie Mitchell at the corral on Western Day.

ORGANIZATIONS

At Severna Park, a student can easily become a part of the puzzle by joining one of the many organizations. Most of the organizations, like the A.F.S. and Key clubs are open to anyone who has the desire to join. For those who enjoy a challenge, organizations such as the National Honor Society and Varsity S Club have certain requirements that must be met. Many clubs sponsor activities throughout the year. For instance, the Spotlighters produced the fall play, "The Miracle Worker," the National Honor Society sponsored the pre-Christmas Wacky Auction, and the S.G.A. sponsored the successful Homecoming dance. Clubs-the puzzle would not be complete without them because they give the students an opportunity to make friends and pursue their interests.

Members of the sophomore class show their spirit.

Couples relax at the Homecoming dance sponsored by the S.G.A.

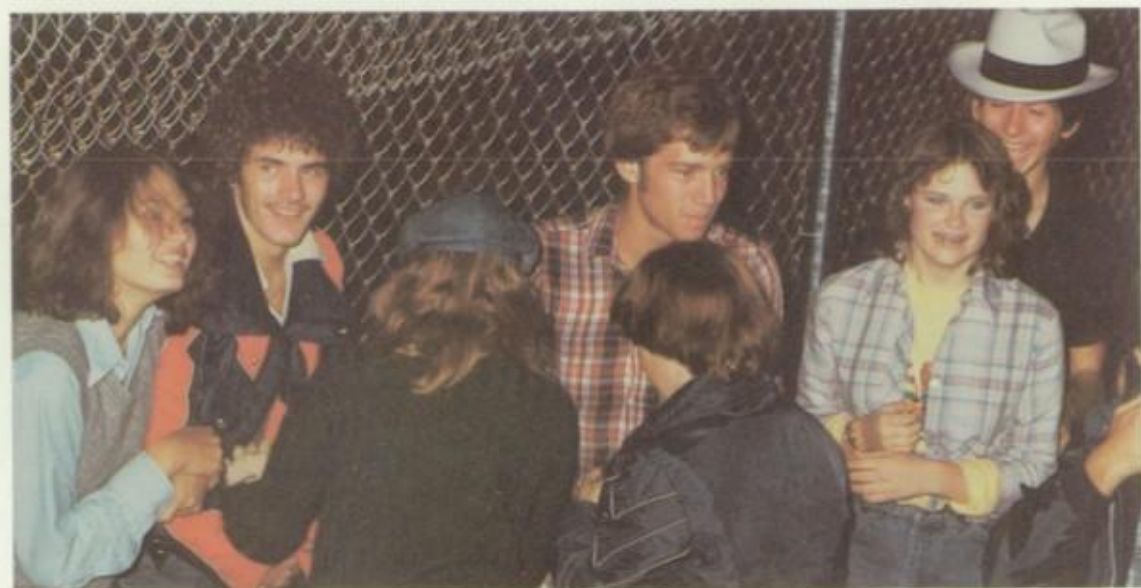

Members of the French club find it difficult to speak French for 24 hours at the Reunion.

The Band performs at half-time.

Band members relax at the Homecoming game before the field show.

Members of the Stage Crew goof off at the Homecoming game.

SPORTS

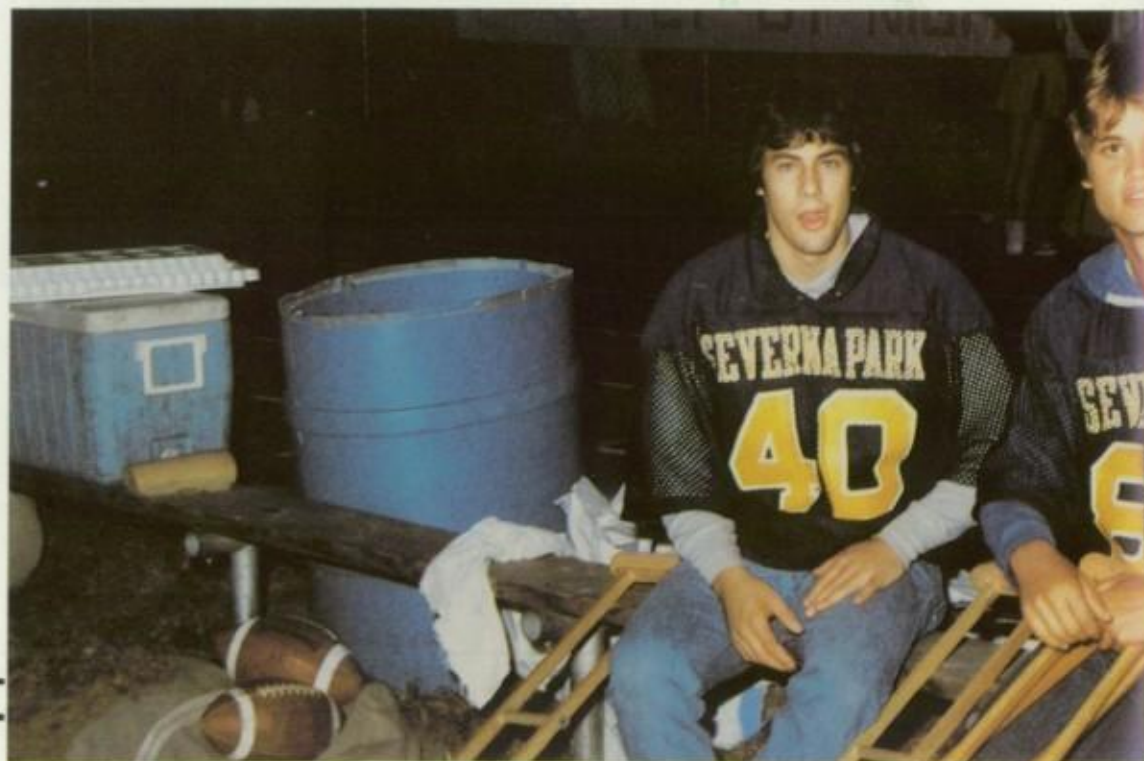

The Falcons continually showed their athletic prowess throughout the entire 1980-81 season. This year, also, was marked with an extraordinary display of spirit. Team spirit was shown in various ways: the Field Hockey team noisily gathered together at McDonalds for breakfast on game days, guys wore ties and soccer players meditated on the bus on the way to games. Another big part of the Severna Park sports program was the fans. Without the encouragement of friends, parents and teachers; a lot of team spirit would have suffered. In order to further promote spirit, the Senior class sold Falcon "Terrible Towels", while the Athletic Boosters Club sold Falcon cups at all the games. The combination of the talent and spirit of the school made this piece of the puzzle both exciting and enjoyable.

Jodi Schneider promotes spirit.

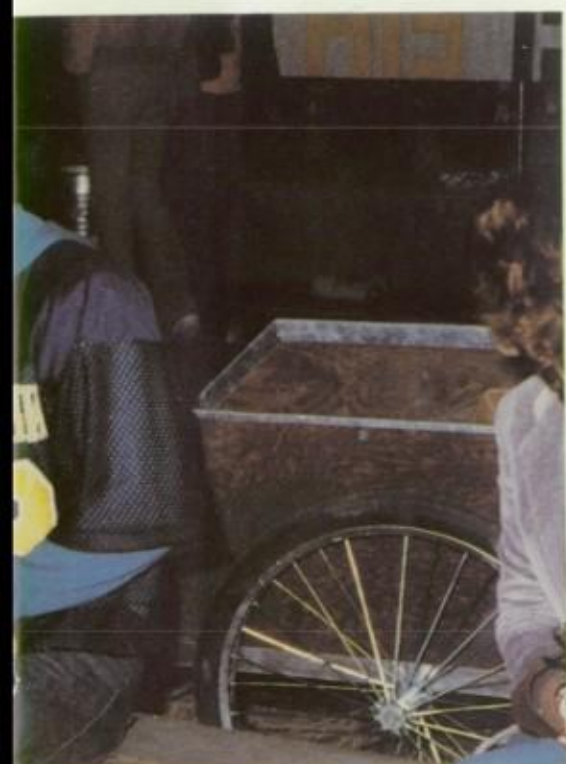

Terry Toole passes

Injured players, Jack Krause and Mark Waksmunski watch the game from the bench.

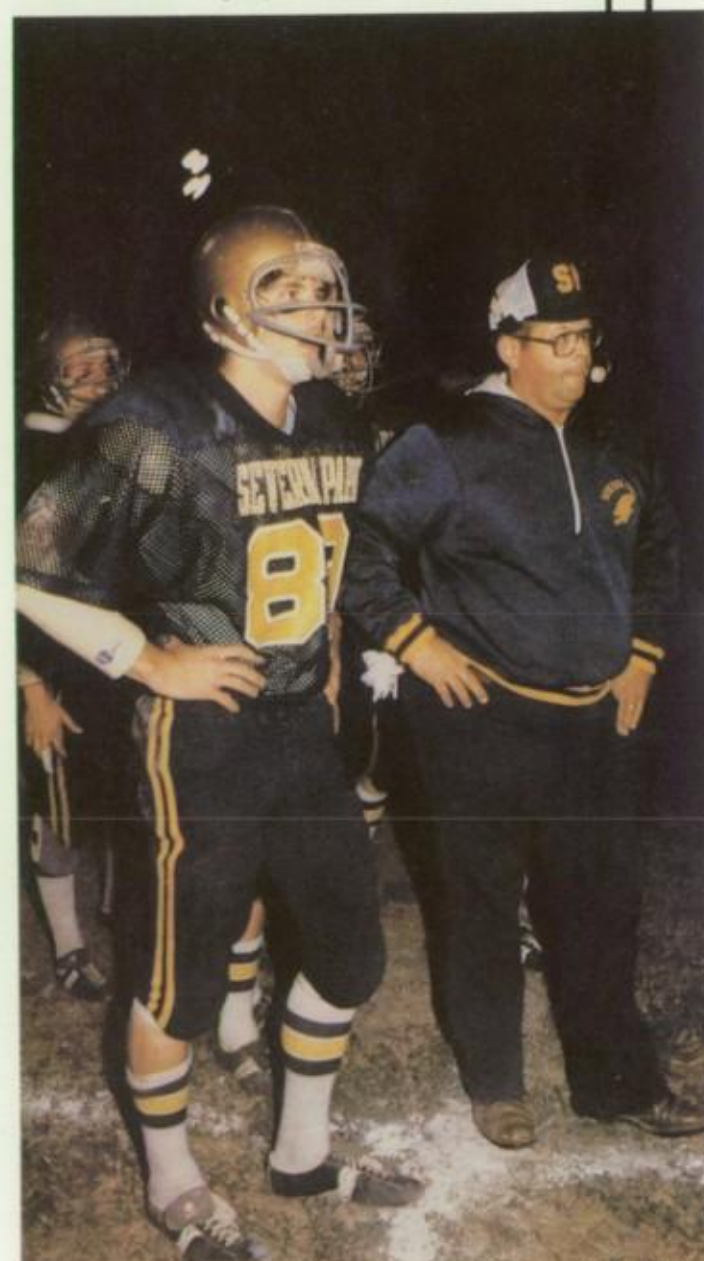

the ball to Kathy Stimson.

John Bryant finds cross country grueling.

Soccer player, Jeff Cosey.

Coach Borland prepares to send Eddie Cook into the game.

People . . . they are what pulls the whole puzzle together. In the classroom, at a football game, or on the dance floor; the students of Severna Park Senior High have a spirit of togetherness and enthusiasm which makes our school special. From the high spirited "big man on campus" seniors, to the new and inexperienced sophomores; the people are what make the school more than just a building. They come together in various activities and classes to form the complete and unified puzzle.

PEOPLE

ACTIVITIES

Homecoming

The first place senior float—"Hit Me With Your Best Shot."

The junior float theme—"Born to Run."

The Class of '83—"We Are The Champions."

Proud Falcon watches the Homecoming victory game.

Homecoming 1980 combined traditions revived from the past with a few new innovations for the future.

Prior to the Homecoming Game, spirit was elevated during the annual pep rally held Thursday afternoon in the auditorium. This year, unlike recent years, only the football team was presented. The introduction of the ten queen nominees was also added to the agenda.

S.P.H.S. Falcons showed their spirit by packing the stadium in an effort to cheer the Falcons on to a victory. The Falcon's Football Team enhanced the spirit of Homecoming by defeating Chesapeake 36-16.

The highlight of the half-time festivities was the crowning of the 1980 Homecoming Queen, Bobbi Matters. Ken Macleay, SGA vice-president, assisted by Ginny Adams, the 1979 Homecoming Queen, introduced Bobbi and her escort Matt McGeady and the court consisting of Missy Smith, Kim Torgersen, Lindsay Smith, and Robin Pascal.

The seniors won the float competition, using Pat Benatar's song "Hit Me With Your Best Shot", as their theme. Breaking tradition, the Sophomores placed second with "We Are The Champions", and the junior's float, "Born To Run", placed third.

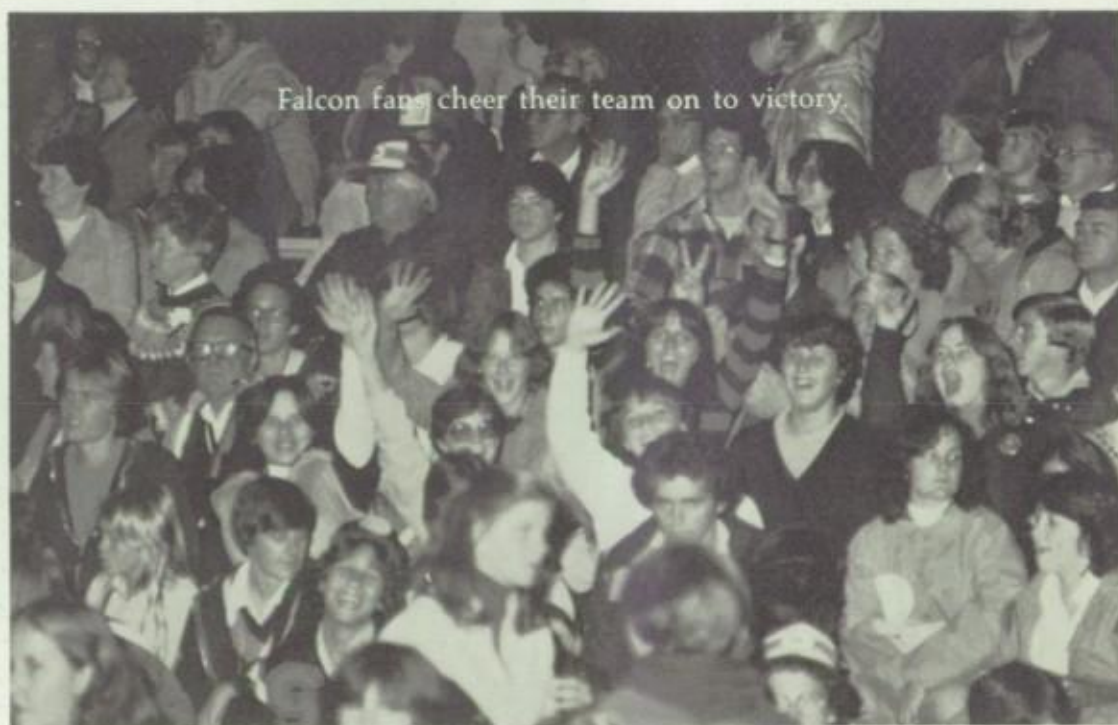

Bobbi Matters, 1980 Homecoming Queen.

The Dance

You better get that smirk off your face or else!

Tom and Terri at their best.

Couples slowly sway to the music.

Stiletto's sounds were

Dee and her date know how to enjoy a dance.

To conclude the annual Homecoming weekend, SGA sponsored the traditional Homecoming Dance. The victory celebration was held in the cafeteria from 8:00 to 11:00 P.M. Entertainment was provided by the band "Stillette". The tradition of the Homecoming Dance is to celebrate Homecoming weekend and our football team's victory. The dance was well attended; many couples filled the dance floor and lobby. Unlike previous years, floats were displayed in the lobby as a use of decoration. Everyone took a break from dancing except Homecoming Queen Bobbi Matters and her escort Matt McGeady; they were both featured with the Homecoming court in a spotlight dance. Refreshments consisting of brownies, pretzels, potato chips, and orange drink were located in the lobby. The football game was a victory and the dance was a success.

Robin smiles as she takes her place in the Homecoming Court.

the center of attention.

Kick Off Dance

Kick off the dance with a smile!

Linda dances cowboy style.

Pose . . . Smile . . . The photographer is on his way.

Two is company but three is a crowd.

"I can do it even with my eyes closed!" says Tony Baumgarten.

The Kick-Off Dance, sponsored by the Senior Class, turned out to be a big success. It was held on September 13, 1980 featuring the group "Almost Strangers." The group played selections from Bad Company, Led Zeppelin, Lynyrd Skynyrd, and Pat Benatar. The band motivated rock and rollers onto the dance floor in an effort to create non-stop dancing . . .

The Kick-Off Dance's main purpose is to create school spirit in supporting our football team.

Additionally, it served as a get-acquainted dance for sophomores and students new to S.P.H.S. The dance was well attended, with couples out-numbering stags. The Senior Class treasury profited only moderately.

Who caught Genise Campelettano's eye?

Reunions - Spanish, French, German

Mike Burrell shows off his Severna Park sweater.

Mr. Bridgeland points the way.

Recreation at the reunions.

Lynda enjoys her lunch.

Arlington Echo played host to three very different groups from Severna Park and other schools in Anne Arundel County this year. Students in their third, fourth, and fifth year of Spanish, German or French were able to attend reunions where they could speak only in their respective language. Any student who took the risk of speaking English also took the risk of being caught by the friendly policeman.

Rain dampened the activities at both the Spanish Reunion and the German Oktoberfest. However, the French were only hampered by cold weather.

At the Spanish reunion, the students played mixer games such as barnyard and the orange pass. Friday evening the "Spaniards" attended a costume ball, watched the making of chorizo sausage, and had a late snack.

Upon arrival at the Oktoberfest, everyone gathered at the main house and sat around the fire in an impatient wait for the rain to stop. After the rain stopped, the activities began. The day's activities consisted of a hike around the lake, running an obstacle course, and a "hop along the bench" game.

At the French reunion, the activity calendar was filled. Friday night everyone gathered together for a square dance. The following day the Olympics were held. These Olympic games were a bit unusual. They consisted of water balloon fights and treasure hunts.

The reunions' purpose was to let the students use the language fully, rather than a 55 minute class period everyday. Overall, the foreign language weekends were a big success.

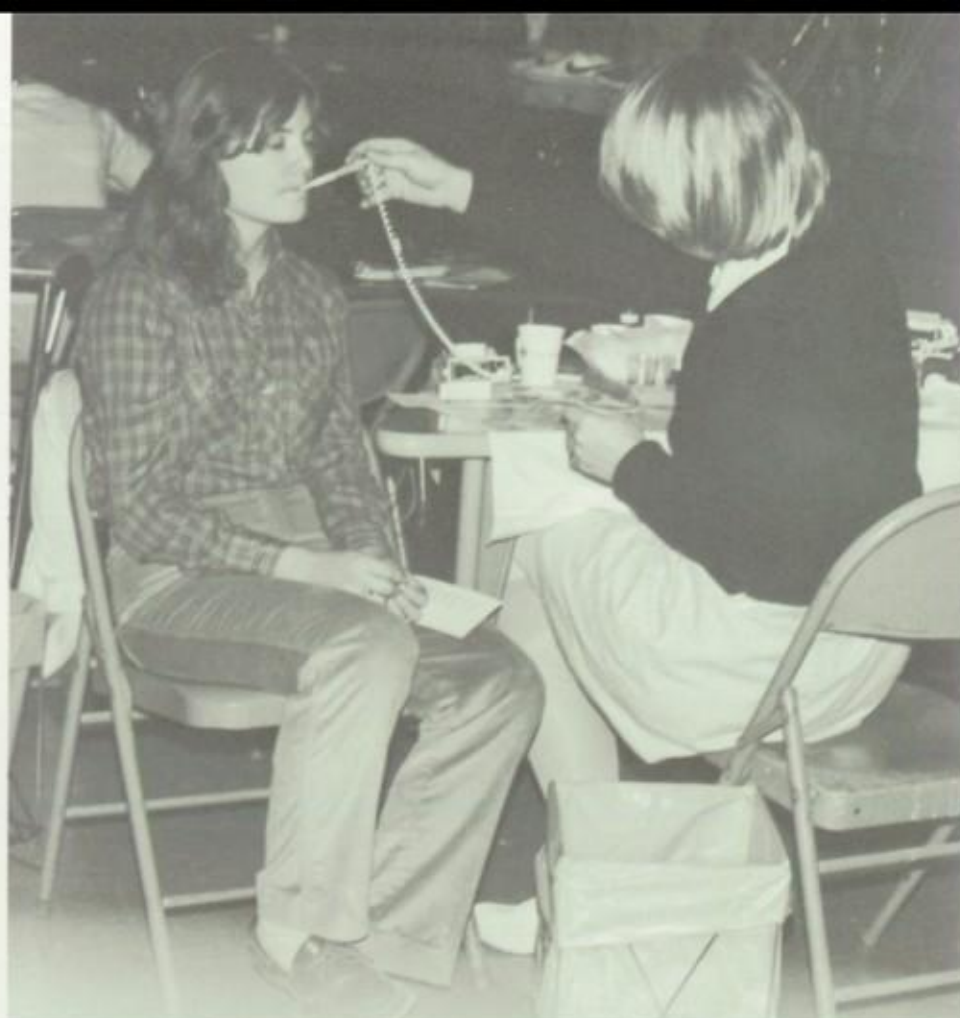

We are trying to say that word.

Blood Mobile

Nurse Marti escorts victim after giving blood.

98.6 on the dot.

Smile and bare the pain.

S.P.H.S.'s annual blood drive, sponsored by the Key Club, was held December 2, 1980 in the auditorium. This year's goal was 125 pints. A total of 214 donors signed up and 155 actually donated blood. There were 125 first time donors and the Key Club strived for more in the next blood drive, in the Spring. This year's turnout was the largest at Severna Park yet. Students meeting the requirements of being 17 years of age and weighing at least 110 pounds were able to donate blood without a parent permission slip.

Cookies, pretzels, coffee, and juices were offered to all donors after giving blood.

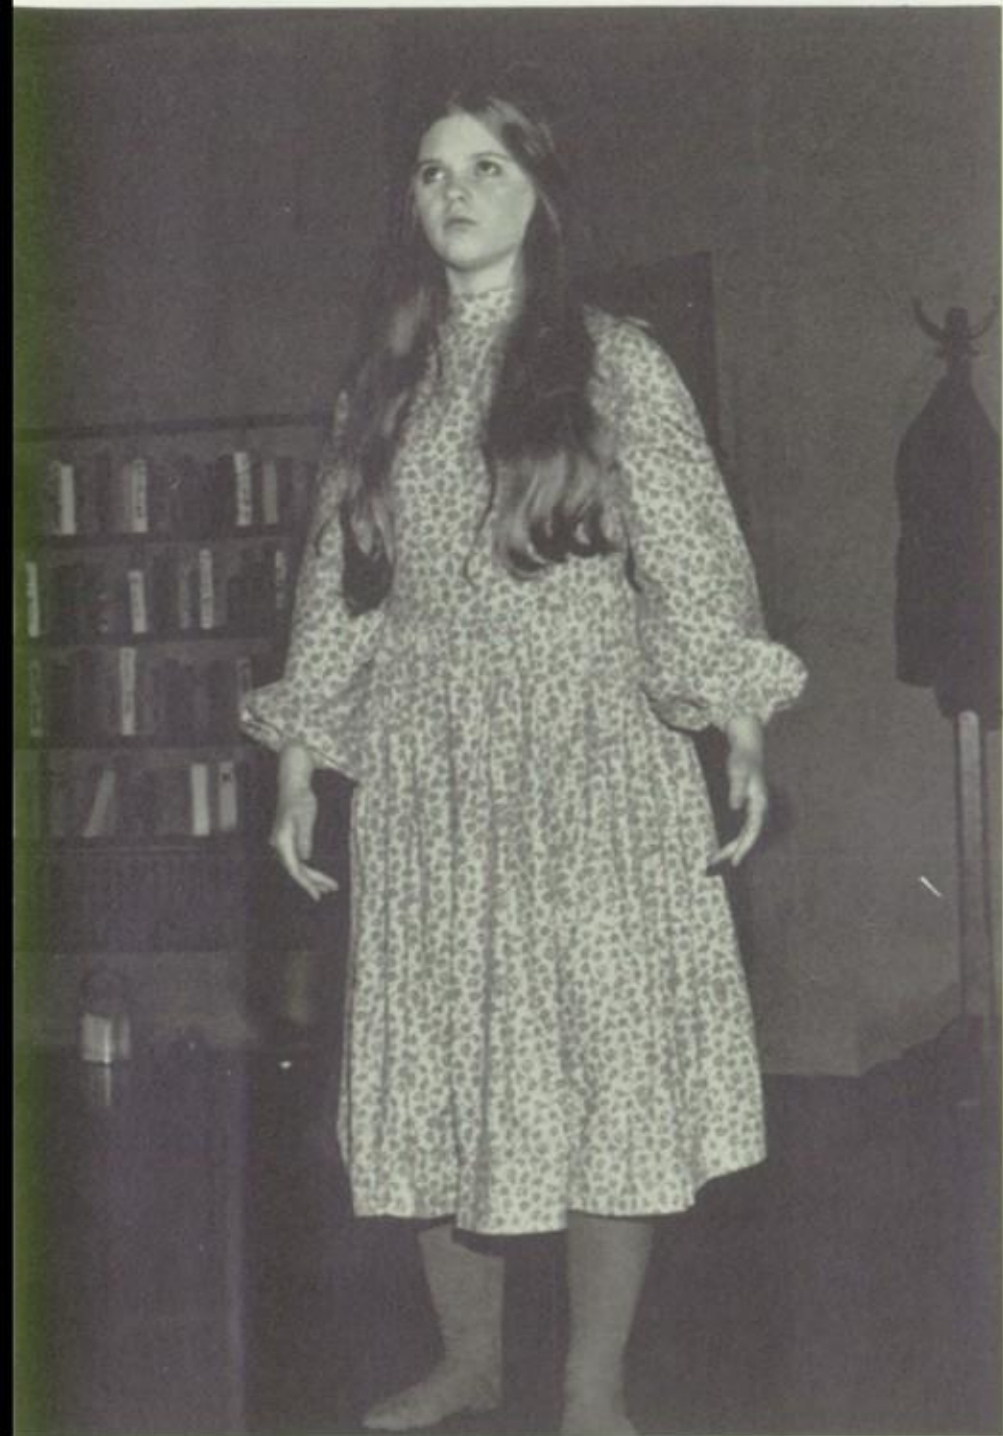

I'll say my good-byes now.

"The Miracle Worker"

On November 21 and 22, the Spotlighters presented "The Miracle Worker". This is a story about a girl named Helen Keller, portrayed by Cathi Radner, who conquered her physical handicaps of deafness and blindness, with the help of her dedicated teacher, Annie Sullivan who was portrayed by Betsy Buckley. By the time she was 16, she was able to speak well enough to go to a preparatory school and later graduate from Radcliffe with honors. Helen Keller's will and determination lives on as an inspiration to handicapped persons everywhere.

Due to the difficulty of the play, the problems with sets, and the inexperience of the cast, the production of "The Miracle Worker" was very challenging. The play was a success, however, because of the heartwarming story of two people communicating over seemingly insurmountable barriers. The play, written by William Gibson, takes place in the 1880's, in and around the Keller Homestead in Tuscumbia, Alabama.

Cathi Radner portrays Helen Keller.

Tom Scardina as Captain Arthur Keller.

The blind girls present a doll to Annie Sullivan for Helen.

Varsity S vs. Faculty Volleyball Game

We have two points!

Jack and Cathy can't both have the ball.

Mr. Bridgeland spikes the ball.

Varsity S team, ready and waiting.

The place was familiar - Severna Park High gym - but the time wasn't! What on earth were 20 students and 18 faculty members doing dressed in shorts and sweat pants on Tuesday, November 18, 1980 at 7:30 p.m.? Playing volleyball of course.

The Varsity S lost five of the six games played against the faculty. Before the game Mr. Bridgeland and Mr. Bougher delighted in pushing the button that sounded the buzzer; several students jokingly agreed that this was the teachers' greatest strength! The teachers appeared to have set up a simple strategy. Their starting team was Mrs. Zukauskas, Mr. Mongello, Mr. Bougher, Mr. Wentker, Mr. Bridgeland, Mr. Pratt, Mr. Trybinski, Miss Basset and Mr. Borland. The second team was Mr. Gregg, Mrs. Webb, Mr. Leacke, Ms. Munden, Mr. Curley, Mr. Barto, Ms. C. Smith, and Mrs. Swartz. No one could figure out why Mr. Wentker was replaced by Mr. Bridgeland in the back row; all Mr. Wentker said about this was, "I learned it from my captain, Mr. Trybinski!"

After the first and second games, won by the teachers, several of the teachers had comments to make. Mr. Borland said, "The students didn't have a chance - they were out-classed from the beginning!". To this Mr. Wills added, "Yea, and out weighed, too!"

The tide seemed to be turning for the students by the third game. Toward the end of the game the score was 14-13 in favor of the students. After several side outs and mounting suspense, Courtney Miller came up to serve. Her thought at the time was, "Dear God, I've served this ball a thousand times - let me do it once more!"

Well, she did and the students won 16-14. At this point, Varsity S president, John Baker commented, "We started slow, but our good athletic ability out-last-ed their luck."

The following three games, however, were won by the teachers. After the final game Mrs. Swartz said, "We can beat the students without practicing!" After that Mr. Wills added smugly, "Devastation, Humiliation, Decimation, Aggravation!" The students proved to be good sports about the whole thing. Then, senior Kathy Evans said, "I think it's neat that the faculty and students can get together and have fun."

I almost have it.

Mr. Borland can't reach.

It's mine!

Mr. "Stretch" Pratt.

Tournament Of Bands

... left, right, left, right ...

... and a one and a two ...

ATTENTION!

South Hagerstown Rebel Band.

A Scottish "Jig".

Governor Livingston- the champions again.

Oops, I'm falling! (the Caesar Rodney band.)

October 4, 1980 was the date for the 3rd annual Invitational Tournament of Bands hosted by S.P.H.S.'s Band Boosters Inc.

The bands that attended were Caesar Rodney, Governor Livingston, Newark, New Oxford, Queen Anne's, South Hagerstown, and Statesville; with the absence of the Naval Academy Drum and Bugle Corps. Each band was called upon to display their musical talents for the crowd and for a panel of 10 judges.

Each of the bands has an excellent reputation: Caesar Rodney journeyed to Toronto, Canada to perform in the International Music Festival; Governor Livingston captured many major titles in their home state of New Jersey and were selected to represent the state of New Jersey at the 1980 Festival of States. The Newark Yellow Jackets attended the International Music Festival; The New Oxford Marching unit consists of a full complement of 58 winds, 13 percussion, 6 majorettes, 18 silks, 5 rifles, and a 9 member color guard; Queen Anne's has been an outstanding representative of Queen Anne's county and the entire Eastern Shore; Statesville played at the Daytona Beach Music Festival in Daytona Beach, Florida; South Hagerstown placed third in the 1980 Appleblossom Festival Grand Feature Parade.

Judging, for the Tournament of Bands competition, was based on a total of 170 points in the categories of: the general effect of the music, the execution of the music, the general effect of the marching and maneuvering.

The Governor Livingston "Highlanders" won the competition for the second year in a row. All who attended the event had a very enjoyable evening listening to some fine music.

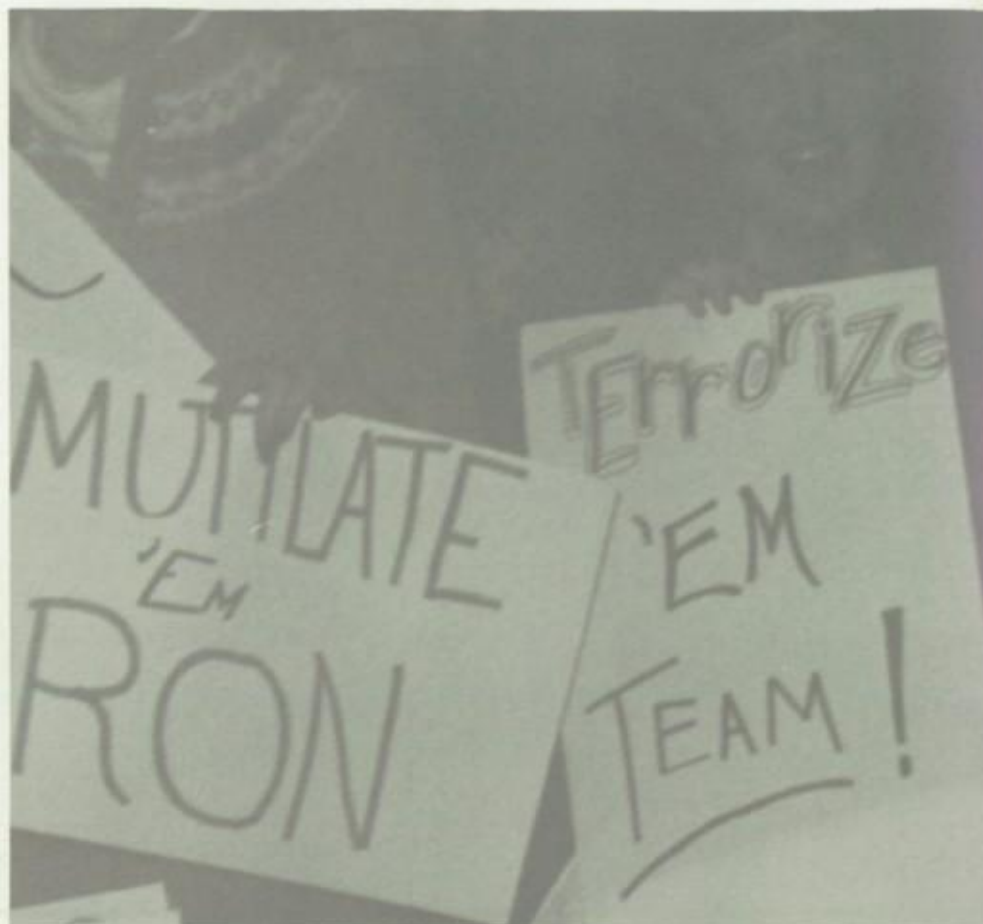

The New Oxford silks perform a routine.

It's Academic

Steve Dunne takes his place as captain.

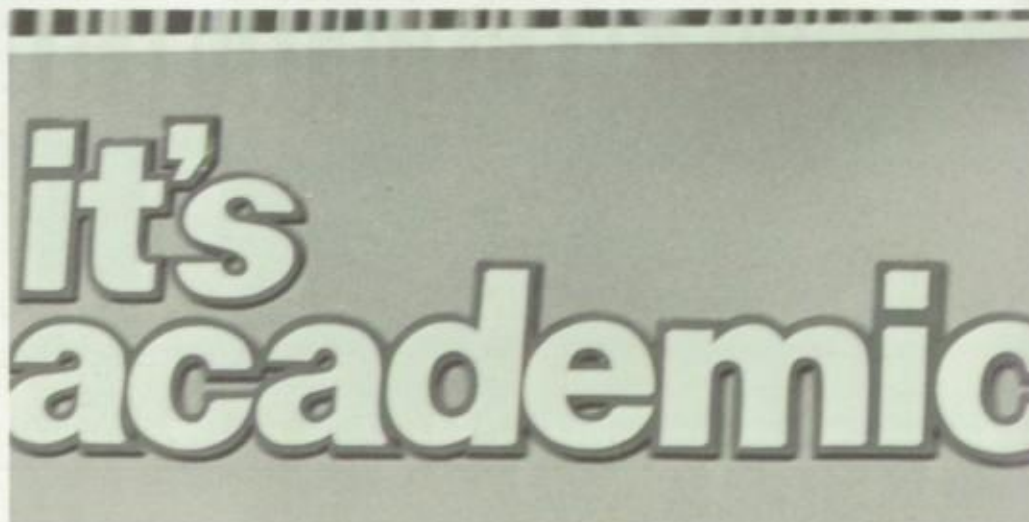

We're out to kill!

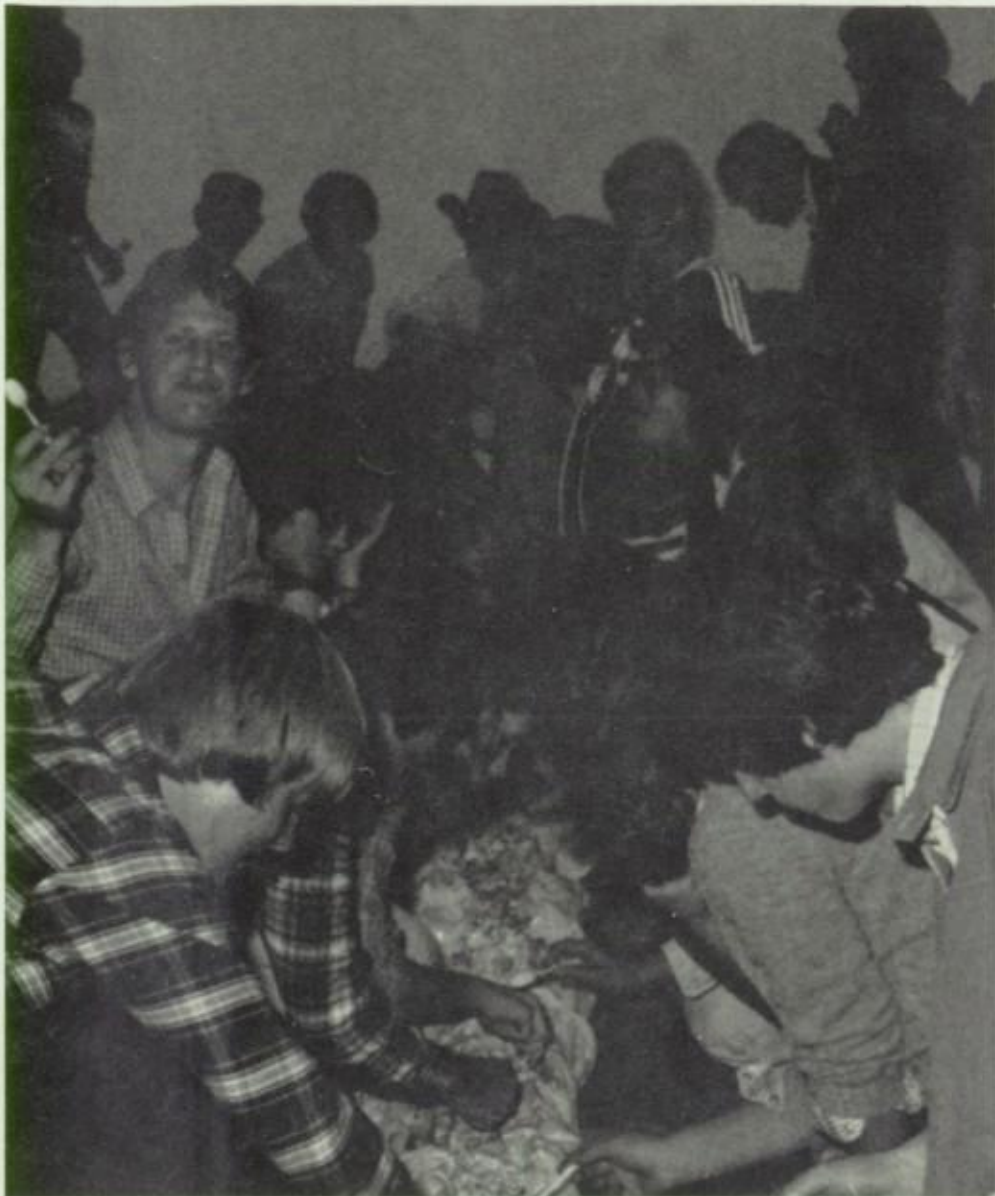

Adam Blum, Steve Dunne, and Ron Prass; waiting is so nerve racking.

"It's Academic" has been called a "battle of the brains", a game which matches school scholars on T.V. This year's team consisted of: Steve Dunne (captain), Adam Blum, Ron Prass, and alternate Tammy Dykes. Mr. Ray Wills was the advisor.

The taping took place at WBAL studios, Television Hill, Baltimore, on November 15, 1980. Spectators and cheerleaders went on the bus sponsored by the National Honor Society. Posters were displayed by the team's supporting audience. Some of the posters displayed said, "Go Killer Dunne", "Atomize 'em Adam", and "Multilate 'em Ron". S.P.H.S.'s "It's Academic" team, with a total of 260 points, placed second. Wilde Lake took first, while Owings Mills came in third. The show was aired January 10, 1981 at 12 noon.

Young Life Sundae

Crowd digs in!

Jerry loves ice-cream.

Before, yum!

After, yuk!

An Ice Cream Social with Young Life. What exactly is Young Life? It is an organization for high school students that gives them an opportunity to get together, one night a week; for laughs, singing, and learning about Jesus. The meetings usually last about 1 to 1 1/2 hours. One or two meetings a year, something really special happens. This year, Young Life had a fifty foot long sundae feast! That night, everyone who came brought one banana to be used in the final masterpiece. Served in a rain trough, the sundae included strawberry, vanilla, chocolate, chocolate mint, and coffee ice cream loaded with bananas, nuts, piles of whipped cream, gallons of sauce, and cherries. After the meeting, 200 students dug in and pigged out! There was plenty of laughter and messy faces, and within 20 minutes only a few leftovers remained. This event will be well remembered by the many SPHS students who attended it and had the time of their lives.

Sadie Hawkins Dance

Snap your fingers and stomp your feet, Glen Barnett has got the beat.

Sadie Hawkins King, Tom Scardina and his queen.

Frank, Jamie, Jennifer, Steve

HOWDY!

What are they doing over there?

Yee Ha, gals got those guys, this time! That is the whole idea of the Sadie Hawkins dance, sponsored by the Junior class; which took place in the cafeteria on January 17, 1981. The purpose of Sadie Hawkins is to turn tradition around and give the girls a chance to ask the guy of her choice to be her date for the evening. This year, the junior class introduced something new—invitations delivered to the guy—for the girls too shy to ask themselves. Approximately, 143 couples attended and danced to the music of Tryx (formerly Stilletto). Highlighting the dance was the crowning of the 1981 Sadie Hawkins King, Tom Scardina. Overall, the dance was a great success.

Voting for Sadie Hawkins King.

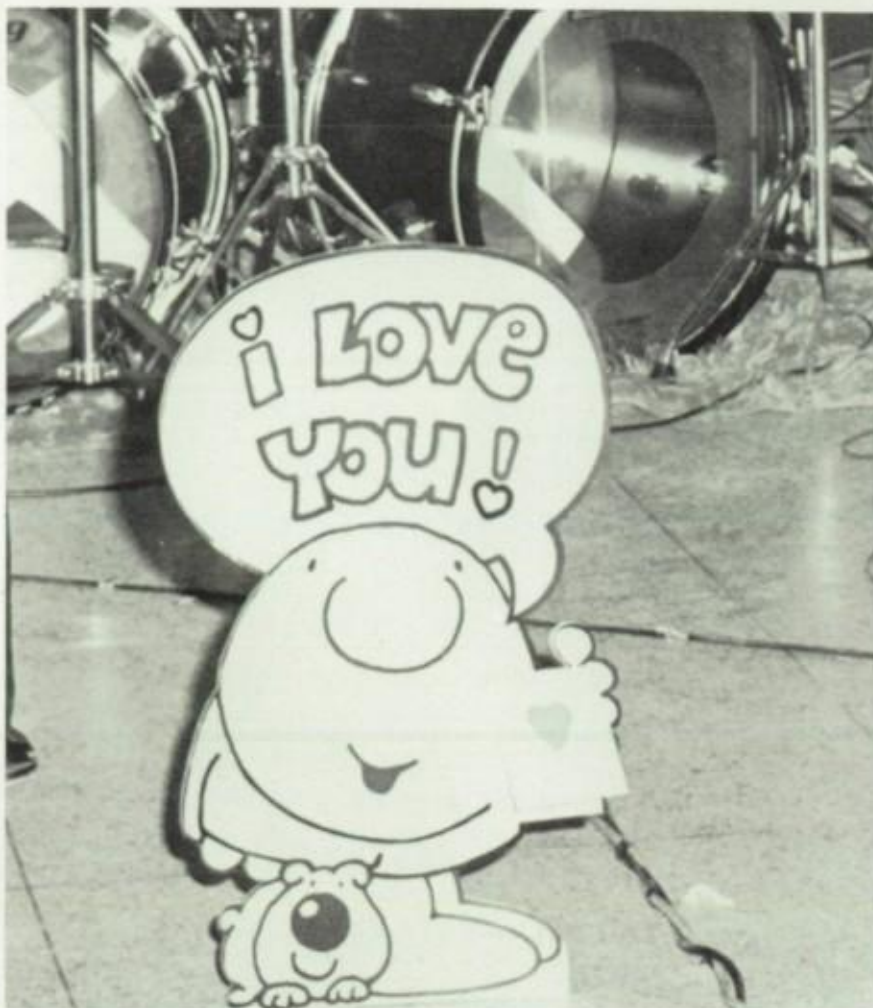

Margie Goodman poses with her date.

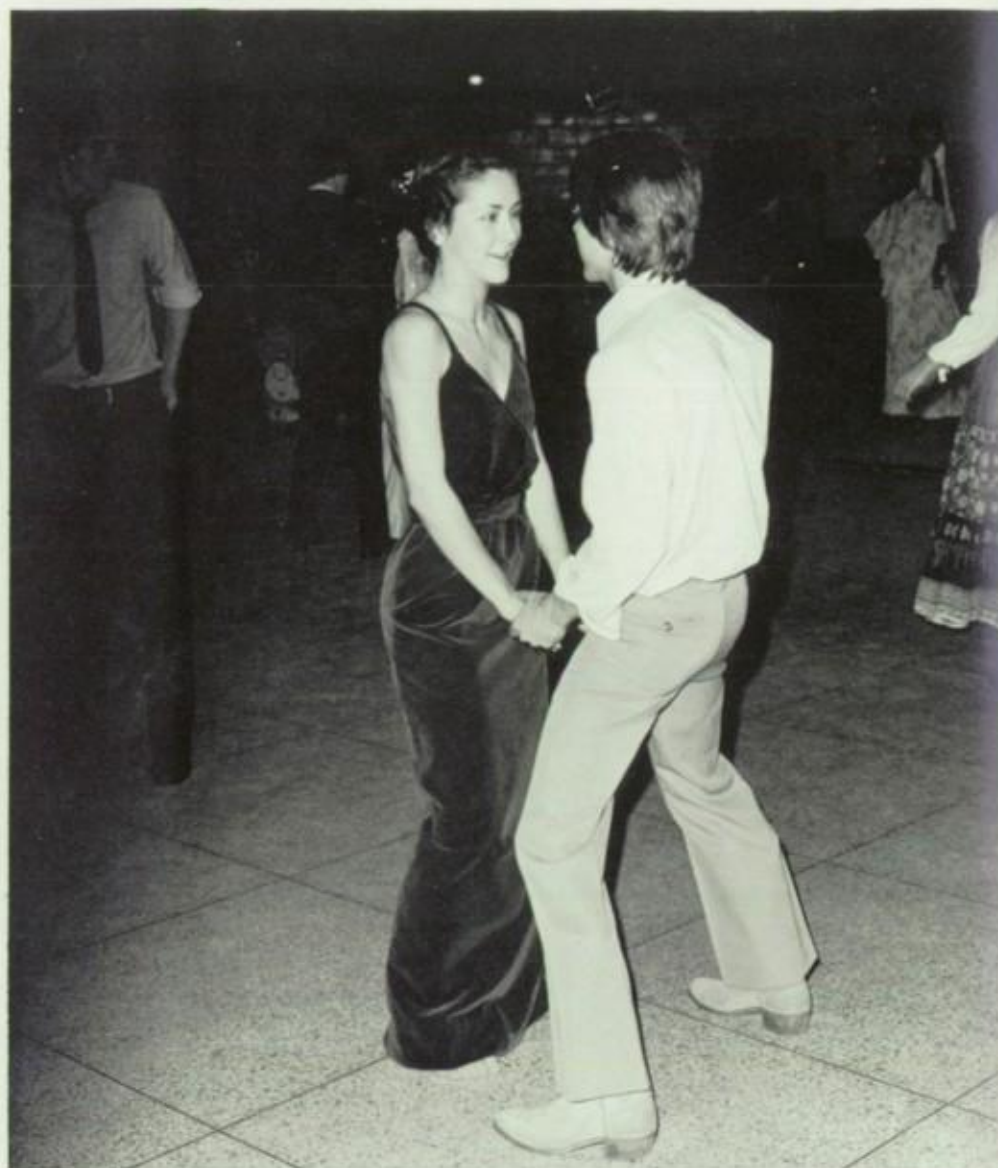

Sadie Hawkins King and his court.

Sweetheart's Dance

Main theme for Sweetheart's Dance.

Gail is dreamy-eyed over Dave.

The 1981 Sweetheart's Queen and her court.

A show of affection.

Dumbo Dan and Dingbat Dana.

The 1981 Sweetheart's Dance, sponsored by the sophomore class, proved to be complete success. Red and pink hearts, on which the couple's names were written, decorated the lobby, while more hearts and cupids covered the cafeteria walls. The band, Rumours, played selections from such groups as the Beatles, Lynyrd Skynyrd, and Foghat, along with several of their own original selections. Cookies and punch were provided throughout the entire evening. As the evening wore on, it came time to select the 1981 Sweetheart's Queen. A court of ten girls, previously elected by our student body, were anxiously awaiting the final announcement. Kim Torgersen, escorted by Doug Appleton, was chosen as queen, with Missy Smith and Denise Nash first and second runners-up, respectively. The remainder of the court consisted of: Seniors-Bobby Matters, Lindsey Smith, Dana Hagner, Tricia Ingram, and Robin Pascal; and Juniors-Ellen Duffy and Ellen Haneson.

Sweetheart's Queen Kim Torgersen.

AFS Square Dance

Promenade her home . . .

Grab your partner by the hand!

On February 20th, the AFS Club sponsored a square dance. Such songs as the Virginia Reel, Shoot the Star, and Scatter Promenades were called by Mr. Bellows. The last dance consisted of a huge circle in which all the attendees did an allemande around the entire circle. Formulated were 7 circles with 8 people in each. Students and their chaperones Mr. Wells, Mrs. Bergen, and Mr. Miller all had a terrific time.

Lenore and Doug ready to go.

Swing your partner!

Anything Goes

During two cold weekends in March, the senior class set sail on the **USS American** for its production of "Anything Goes". The musical, written by Cole Porter, was directed by Mrs. Sandra Truitt. Assisting her were student directors, Cathi Radner and Laura Townsend; the play was choreographed by Mary Carter. Faculty members who helped in the production were Tom Powell, Carole Frederick and Bruce Blackman.

The ship's cruise takes place during a summer in the 1930's. World famous night club singer Reno Sweeney (Kim Torgersen) and her 4 angels: Purity (Cathy Riley), Chastity (Crystal Hunt), Charity (Moirra Murphy), and Virtue (Jayne Kendall) are the celebrities who board the ship. Also on board the ship are Billy Crocker (J.R. Sabatini) and his boss Whitney (Carl Schlacte). Billy has come aboard posed as Snake-Eyes Johnson, public enemy number 1, a friend of fellow gangster Moonface Martin (Joe Sandri) and his accomplice Bonnie (Sande Bowen) who are planning to escape from the FBI. Billy is hoping to win back Hope Harcourt (Karen Townsend) from her fiance Sir Evelyn (Doug Nelson). Hope and Billy fall in love as do Reno and Evelyn; yet all seems lost as Mrs. Harcourt (Kathy Ranniger) has arranged for the captain (Tom Scardina) to marry Hope and Evelyn on board the ship. Her plan is wrecked, however, through Moon's scheme to dress up as Chinese characters. Billy and Moon stop the marriage by bringing back Evelyn's old flame Plum Blossom, in reality Reno. They tell Evelyn that he now has a daughter named Orange Blossom.

Through a rash change of events, Hope and Billy as well as Reno and Evelyn marry, Mrs. Harcourt and Whitney start a romance and Moon, who is now not wanted by the FBI, and Bonnie stay together.

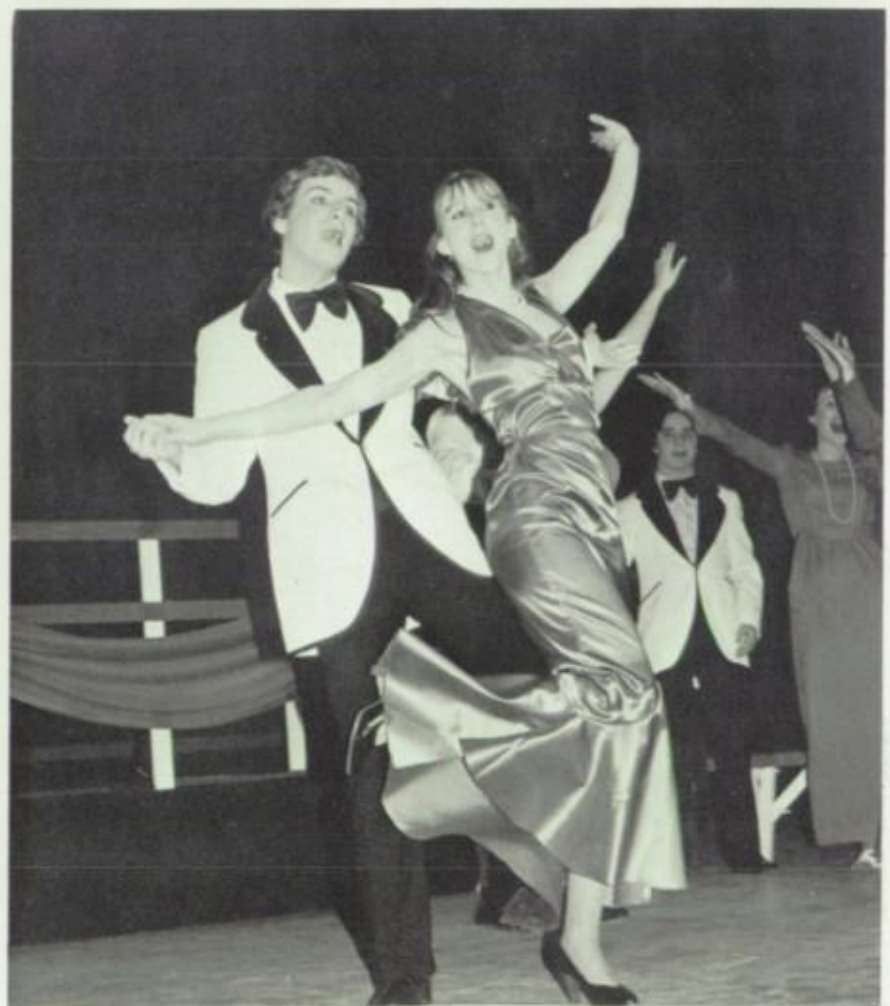

Kim Torgersen as Reno Sweeney.

"Am I early or late?"

"I'm running out of words that will do you justice."

"Let's Step Out!"

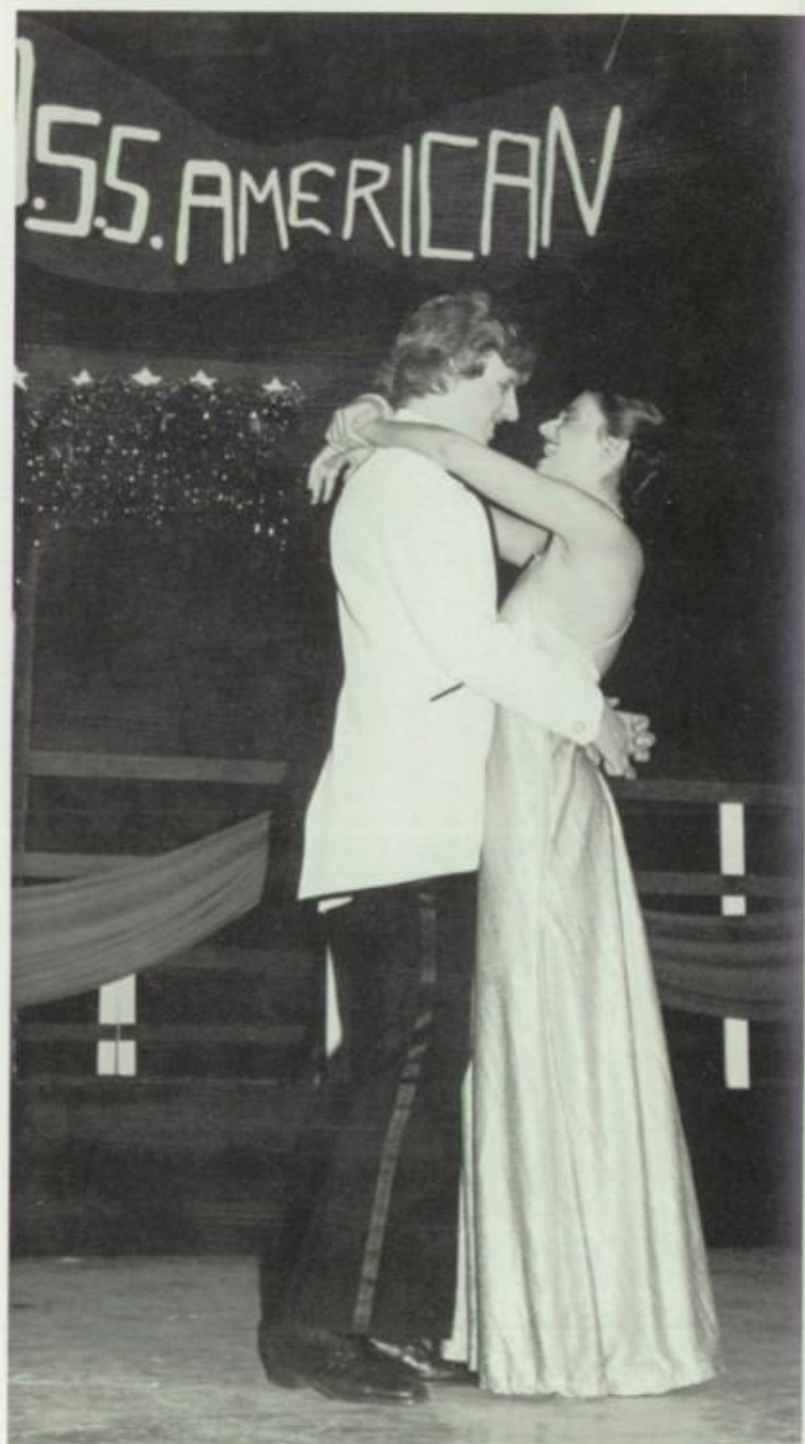

Announcing Sir Evelyn, Hope Harcourt and Mrs. Harcourt.

"What's in here, a flying fish?"

"It's Delovely."

"Let's Misbehave!"

The "Anything Goes" Dance.

The chorus sings "Public Enemy Number One."

1980-81 In Review

Homecoming Traditions Change

Homecoming floats this year were an incendiary issue. New rules went into effect for two reasons. Parents had complained about loitering and partying near floats during their construction, and the administration felt that the floats posed too much of a fire hazard. The new guidelines declared that floats must consist of a four feet by eight feet panel back-drop and must be two dimensional structures without newspaper stuffing. Students protested very little about the changes; they merely did not follow the rules. Supposedly those floats that did not meet the regulations would be disqualified; however, the junior class float, which came closest to following the specifications, was awarded third place.

certain number of Pages were selected for their ability to deal with strangers, and sudden situations with responsibility. Steven Dunne, Lenore Griffin, and Kenny McCleay were selected as Pages. Douglas Nelson was selected as an alternate (Incase another page were sick— Doug would replace them). The pages run errands, file bills, make coffee, and act as "Basic Gophers", comments Lenore. Steve explains that he plans "to go into Law and Politics after College", and through the Page Program he will obtain experience. Each Page serves two non-consecutive weeks, throughout the session. The Pages' housing arrangements are made in Downtown Annapolis homes. All of the Pages feel that being a Student Page is a good start for their future careers, whatever they may be.

Minimum Wage

All teenage workers everywhere received a bonus with the coming of the new year- minimum wage was increased to \$3.35 per hour! If minimum wage increased as often as postage stamps, wouldn't more people write letters?

Drug Education Class

This year a new course was implemented in Severna Park's curriculum. The course, taught by Mr. Don Gregg, focuses mainly on the psychological effects and physical reaction to drugs. Through detailed discussion the class talks about peer pressure, drugs and alcohol, and personal judgement. In order to teach Drug Education, Mr. Gregg had to do a lot of reading on the subjects involved, and was required to take an eight week preporatory course, plus many workshops on Drug Abuse over the summer. Mr. Gregg believes at least some of his students take the course seriously, but adds, "All I can do is present facts so they can make up their own minds." Many students feel that the class is worthwhile and add that they would recommend it to everyone.

Student Privacy

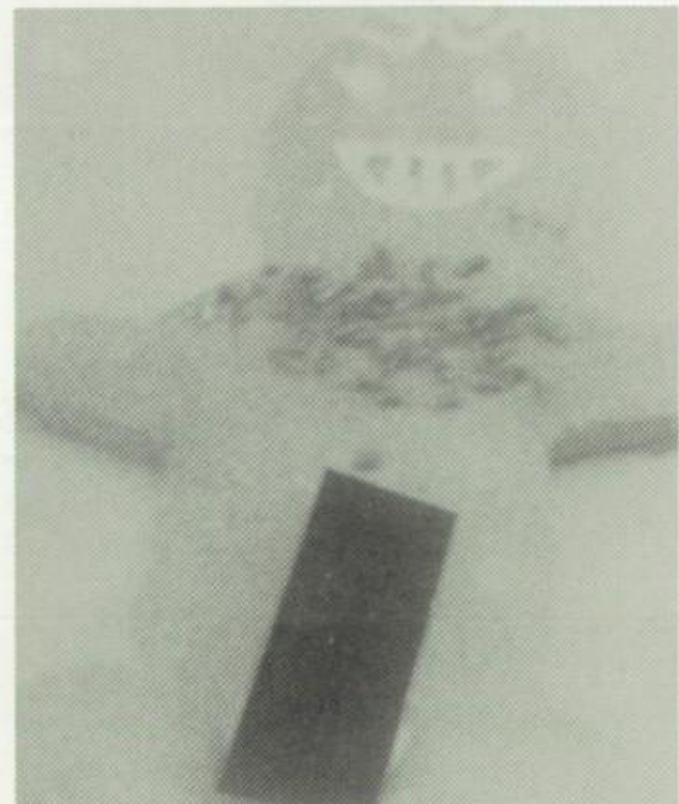

The Anne Arundel County Board of Education proposed a policy on confidential communication between students and any county employees. This policy states that any such communication which "... suggests or reveals that there is potential or a clear and imminent danger to the student, to another individual, or to society shall be reported to the appropriate administrator or official immediately." The policy originated after two cases in which counselors chose not to reveal confidential information resulting in one girl running away from home and another committing suicide.

Perversion On Main Street

Annapolis became nationally famous this year. The reason: COOKIES! The Moral Majority felt that X-rated cookies being sold in A.L. Goodies Mall, Main Street, Annapolis were a flagrant obscenity. Little gingerbread men and women were given a more human likeness when sex organs were added to them. The price of these cookies doubled with demand; even orders from other states began pouring in! The Moral Majority instead of banning these products, succeeded only in publicizing and popularizing them.

SPHS General Assembly Pages

During the months of January through March, the Maryland General Assembly is in session. Buzzing around the State House in those Golden Blazers are the Student Pages. A program set up to get students of the state involved in the actual processes of Government. From Severna Park, eight names were submitted to the program, by the Social Studies Department. These students were interviewed by a group of parents, teachers, and students of the area. Then a

Election 1980

On October 3, 1980, voting machines were set up so that students could voice their preferences for President and congressmen. Mr. Ueberroth hopes this idea will continue for many years. The Mock Election yielded results similar to those of the nation and of the state. Walter Conroy (D) and Charles Mathias (R) were elected as US Senators. In the school election, Conroy polled 16% of the vote and Mathias polled 62%. Majorie Holt defeated Riley to represent the Fourth District, in the House; and she received 70% of the students vote.

PRESIDENTIAL ELECTION SCHOOL RESULTS NATIONAL RE- SULTS

Reagan (R)	43%	50.9%
Carter (D)	27%	41.1%
Anderson (I)	14%	6.6%
Clark (L)	8%	1.0%
OTHER	8%	.26%

A questionnaire circulated among students showed that the major reason for electing Reagan was distrust of Carter. This reflected the national mood: "If these are the only choices, I'll pick the lesser of the evils." However, some students preferred Reagan because of concern for military preparedness and for inflation. Lenore Griffin, SGA President, had this to say about the national election, "The results reveal to me the unsatisfaction of the Democratic Party to the American People. I hope in four years they are satisfied with this election."

Lennon's Death

We asked various persons how they felt about the death of John Lennon last December— here are the results: "It was a big loss to music." -Doris Benter

"I don't think anyone would ever have heard of him if he hadn't died." - Jeff Engl

"It's a shame; it really is. He was a really good artist. It was pure stupidity and ignorance of some deranged guy who knew exactly what he was doing." - Lisa Burdick

"It's terrible. The man was great. He was a Beatle. Shows you the problem with gun laws. Something has to be done about it. He was a person- his life is lost." - Jackie Nowakowski

"I was crushed. It was like a part of me had died. He became famous while I was young. He was just straightening his life out when it was taken away. It's ironic." - Tony Mongello

"Sad. He had views about world peace that I'm in agreement with. He was actively trying to do something to improve world conditions and bring people together." - Doug Bowers

"I am sorry that he died, because he was a great man; but I got so sick of turning on the radio and hearing nothing but John Lennon." - Dina Middleton

"I think they capitalized on his death too much, just like they did with Elvis." -Laura Martin

Morning Munchies

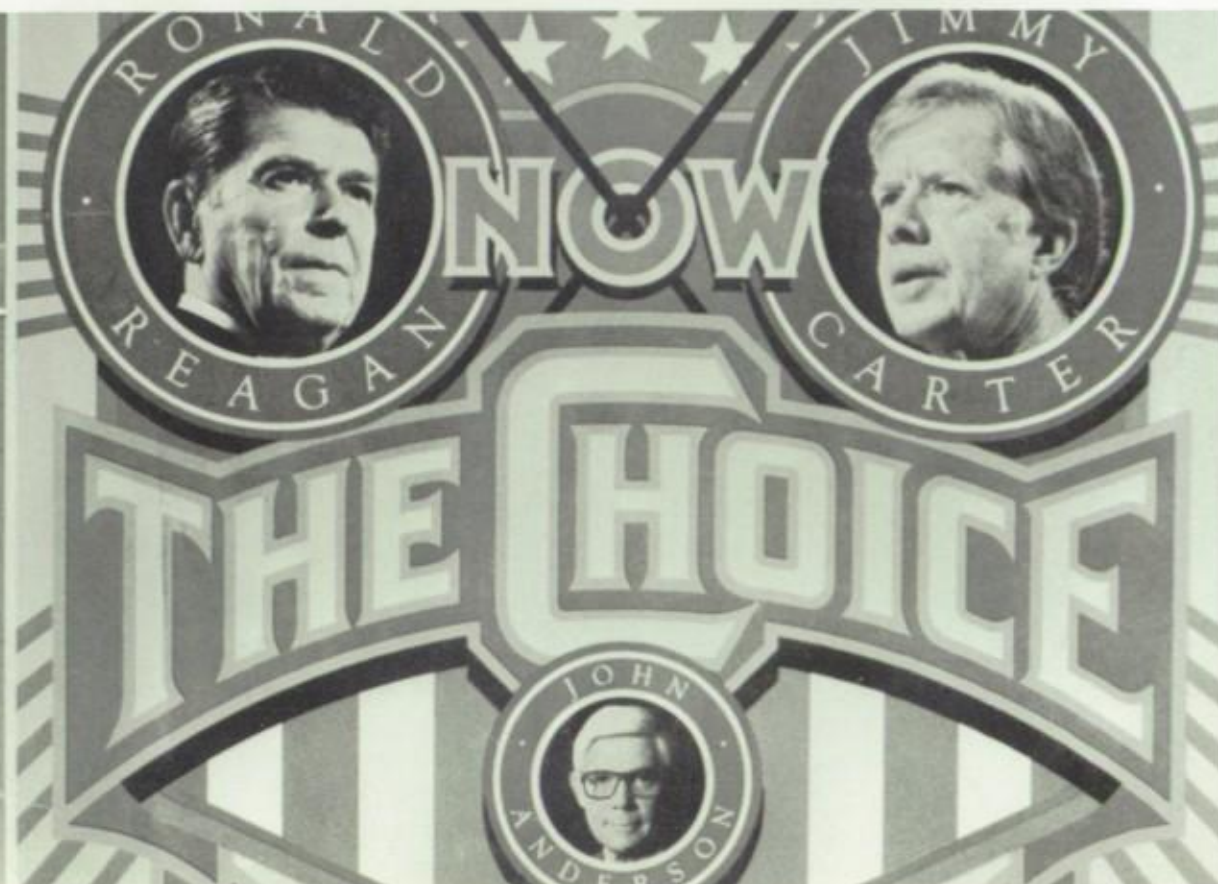

A new program came to SPHS in '81, a dictum from the AA County Board of Education. Breakfasts are now being served every morning before school. Apparently there was not a great demand for the breakfast this

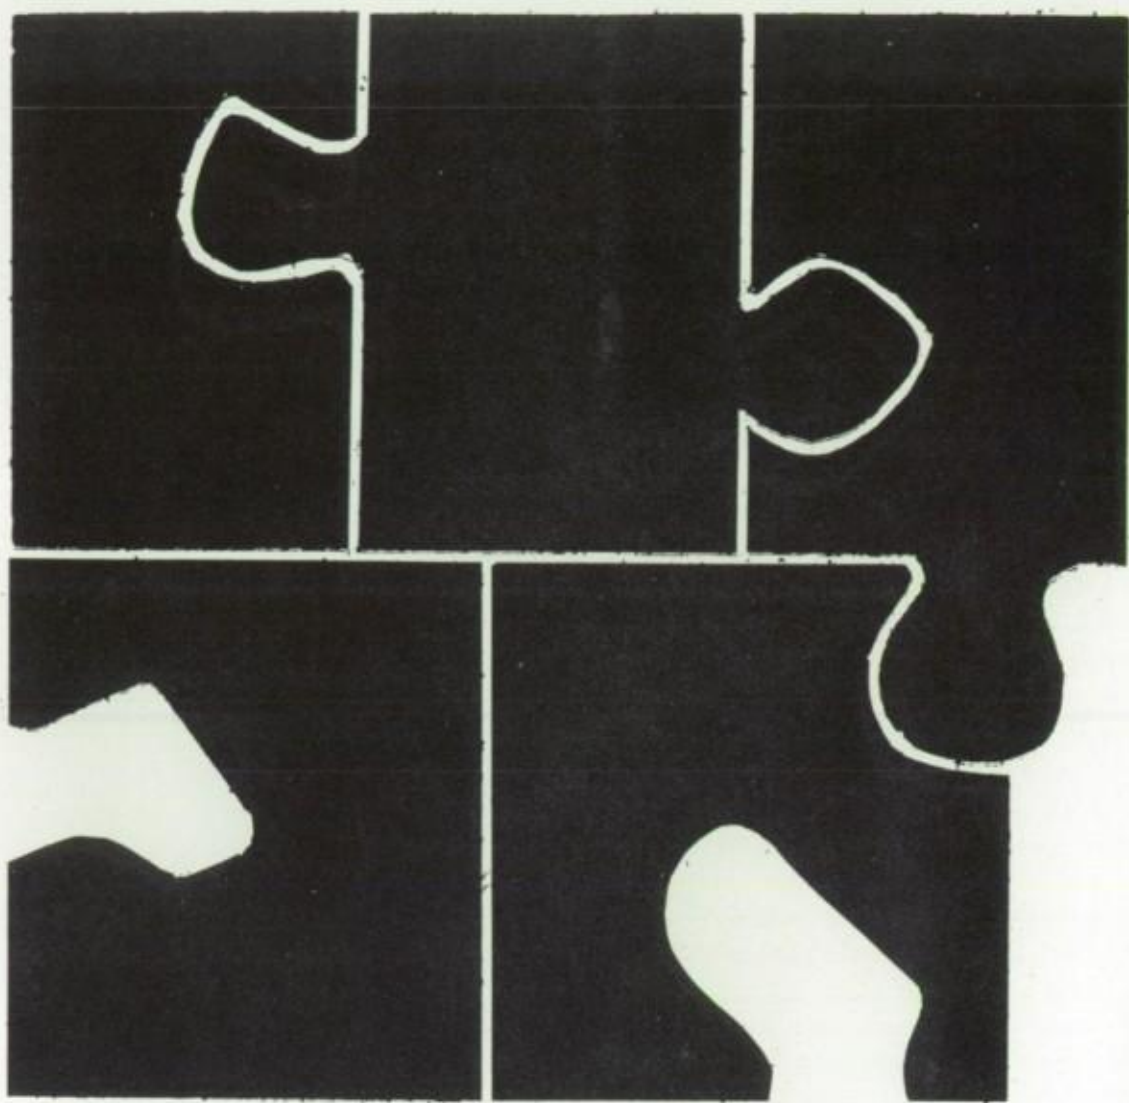

year. However, the program just began in February and had not caught on yet. When one cafeteria worker was asked if anyone objected to working breakfasts, she said, "Oh no! They love their work; it's a job that has to be done."

Who Shot J.R.?

In the last episode of Dallas' regular season, J.R. Ewing was shot down by a mysterious character. No one knew exactly who pulled the trigger until an episode in November. There were many different scripts made with each character doing the actual shooting, so even the cast members were left in the dark. Everyone had a good reason for wanting to shoot J.R.; Ms. Ellie, Jock, Sue Ellen, Pamela, Bobby, Lucy, Cliff Barnes, Ray, Kristen, as well as every person in the city of Dallas. Sue Ellen was the person who finally figured out "Who Done It". She found the gun that Kristen used. Kristen had two very good reasons for wanting to shoot J.R. She hated him and she was also carrying his child. Sue Ellen went to J.R. and told him about Kristen. J.R. let Kristen go; he went to the D.A. and worked everything out so that she would not be convicted and he sent her to live in California.

ORGANIZATIONS

A.F.S.

The Severna Park student chapter of the American Field Service has been very active this past year. Planning events started at the end of the 1979-1980 school year. The big opening event was a pool party at the Zimberg's house about two days before school started. The purpose of this was for interested students to meet the foreign exchange students and get acquainted with prospective club members.

The first week in November, many club members piled into cars and headed towards the Catoctin Mountains to spend the day hiking. They also attended a Foreign International Dinner at Old Mill Junior High which included all other AFS clubs in Anne Arundel County. Severna Park represented the Phillipines and brought food prepared by the students. The skit they performed was a Philipine bam-boo dance.

At Christmas, the club went caroling around the Bay Hills area. The group practiced singing carols in Norwegian, French, Spanish and German.

The main fund-raisers the club held were bake sales and two square dances. "The most fun of everything we do was the square dances!" exclaimed one of the club members. "Most people think it sounds square (no pun intended) but the people who come have a great time."

AFS is a widely participated in and is a beneficial organization. Those interested in other countries, cultures, and people would enjoy the activities of the AFS.

Debbie Fletcher and Lynda Zolman plan future activities.

AFS Treasurer, Emily Stender, reports on profits and losses.

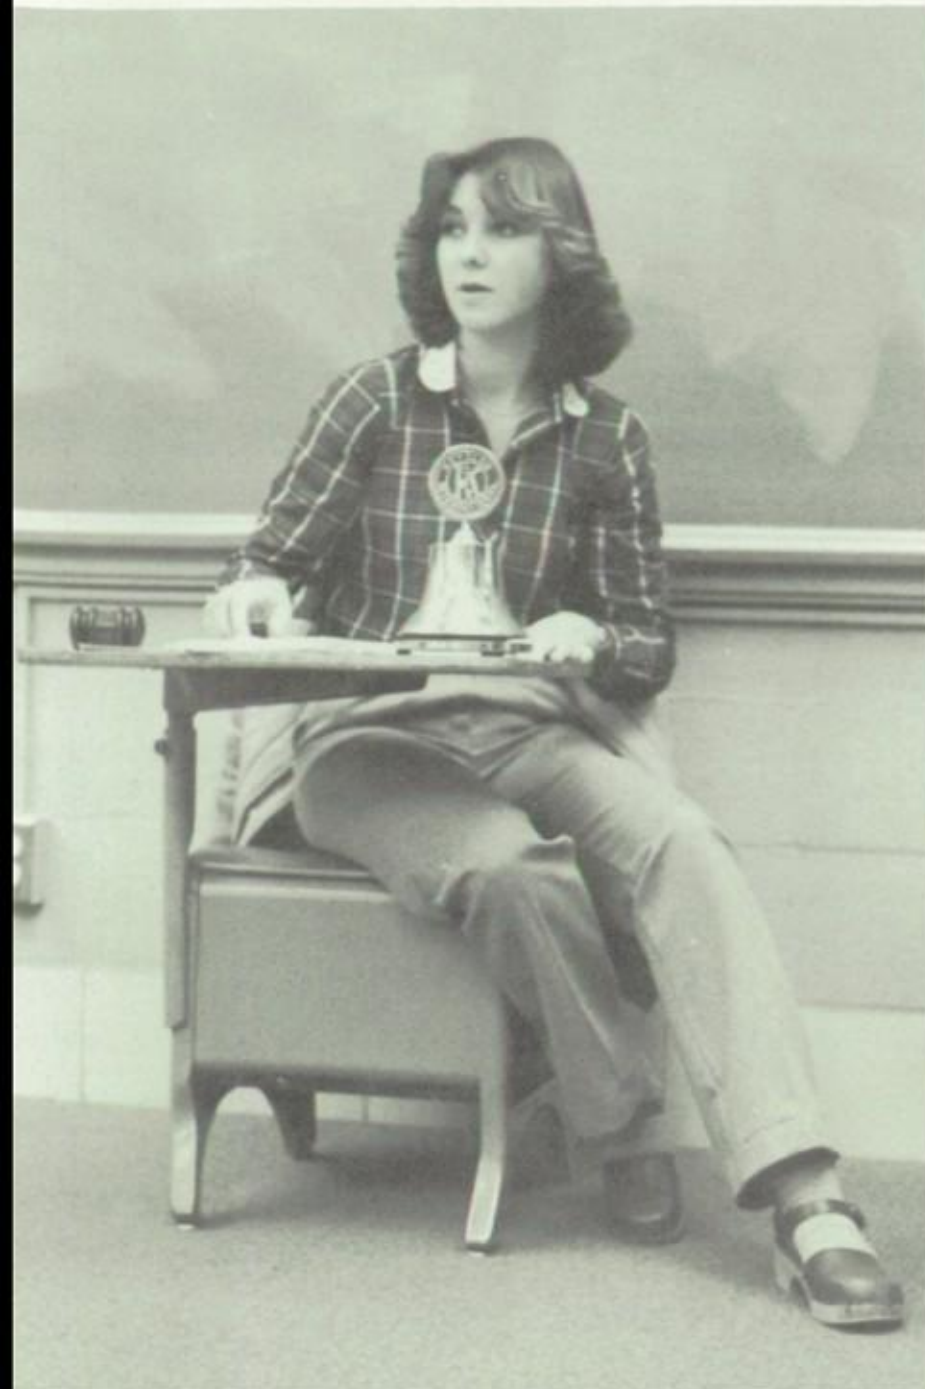

Mr. Miller, Advisor.

Mr. Miller, Jeannie Benter, Henrik Jorgensen, Suzanne Baler, Lisa Tisdale, Kathy Kumm, Olympia Fiedler, Colin Perkins, Jose' Luis, Sanchez Rull, Emily Stender, Ann Degan, Beth Kolakowski, Betsy Ladue, Linda Galloway, Katie Cook, Julie Stump, Lynda Zolman, Doris Benter, Robert Mitchell.

Key Club

The Key Club of 1981 had a very successful year. During the summer of 1980, benches, which had been long planned for, were finally placed in front of the school. They were definitely a welcome addition to our school. This year, plans began formulating for sidewalks, to be placed on the worn paths between the gym and main entrances. Another event, which took much of the members and advisor's (Mr. Dunne) time were the Red Cross Blood Drives. These two record breaking blood drives were held in the fall and spring. Finally, the Key Club participated in some community events, helping out where needed; which is really the function of the club as a service organization. Two examples are: at Christmas, they spent a day at Severna Park Mall helping the Salvation Army, and they helped out at a Kiwanis Bull Roast in the fall. In all, the Key Club enjoyed a very prosperous year.

President Kim Schroeder presides over a meeting.

Maura Kolakowski has her temperature taken at the Blood Mobile.

Left to Right: (Back Row) Clif Martin, Wendy Becker, Jennifer Gidos, Kim Schroeder. (Front Row) Matt Ridnour, Polly Douglas, Barbara Martin, Kathy Gleason, Haley Johnson, Mary Wilhelm, Jeaneen Friedel.

J.C.L.

There is only one way to build interest in any club-through projected enthusiasm of the founders of the organization. The members of the 1980-1981 Junior Classical League certainly established enthusiasm as the main element of this national organization.

Early in the school year, Latin teacher Joseph Kearney presented his students with the facts about JCL and left it up to the individual students to decide whether to join or not.

Students from all levels of this so called 'dead' language became excited about the idea of putting life into Latin through various activities. Mr. Kearney said, "I never expected my students to get so involved, but I am definitely pleased that they are."

The main activities the club participates in are the 'Certamens'. 'Certamen' is the Latin word for contest. These contests are held at several schools which are also chapter members of the JCL.

In September, Mr. Kearney traveled to Falls Church, Virginia, with a Level I and a Level II team to compete in Severna Park's first certamen. Totally unaware of what to expect, the teams entered the contests with only the knowledge from Latin class and emerged winners. The Latin II team captured second place, winning a trophy and the Level I team placed ninth out of twenty-two teams.

Later, in November, the same two teams with the addition of another Level II team entered a certamen at Old Mill and both Levels won first place trophies. As a result of the continual growing interest in JCL, six teams entered an invitational certamen at Woodson High School in Fairfax, Virginia. Mr. Kearney said, "I never expected to have six teams . . ."

A major goal of the club is to promote more interest in Latin and increase the enrollment in Latin classes. Mr. Kearney hopes, ". . . to show that it's not a language for snobs and that you can have fun with it!"

"1 . . . 2 . . . 3 . . . kick!"

Looking good in first place.

"... and away we go..."

Jennifer Gidos & Tracy Rohm- the 1981 editors.

Embers

Many students wonder why the Severna Park yearbook is called "Embers." In a copy of the 1963 Embers we found this quotation by William Wordsworth: "Oh joy! that in our embers is something that doth live." In these words, the whole idea of the yearbook is expressed.

This year's staff strived to make the 1981 yearbook a photo album, documenting the year's events. Using more color and more pictures, the staff tried to capture the spirit of the year. The staff used some of the ideas from "A New wave" such as the Senior Directory, and the features. Some new things were also added, however, such as "Teacher Features". Embers also tried new layout styles.

This year, the staff, using the theme "Putting the Pieces Together" tried to show how all of the different factions in Severna Park High School are really related. They tried to show how all of the pieces could really be fitted together to make a complete puzzle.

Liz Casti & Lora Phelps- Activities.

Amy Jenkins- Copy editor.

Talon

Many new students ask at the beginning of the year, "What is a Talon?"

The dictionary defines it as the claw of a bird. In this instance, the bird is a falcon, Severna Park High School's mascot. The Talon is the school newspaper.

The Talon is a monthly publication which informs students with timely news stories, interesting and often humorous features, editorials, and the latest on the Falcon athletic scene. All this for a quarter.

The Talon staff is composed of twenty Severna Park journalists. These staff members have been taught this trade by staff advisor, Marsha Leach.

The Talon is the best school newspaper in Anne Arundel County. The paper was given a first-place rating by the Columbia Scholastic Press Association which judges school publications.

If you have a gripe about anything or just want your feelings known, write a signed letter to the Talon and your views will be in black and white.

After reading a Talon you will be so informed that you could tell someone all the facts you have learned and before you are done, the next issue would be out.

Craig Celgin confirms some information.

Tracy Hopkins-bewildered by the print.

Tricia Ingram, Tom Richter, Kim Haring, and Lisa Nelson argue over a layout.

Extra! Extra! Read all about it!

First row: JoAnn Benford, Tricia Ingram, Leigh Kirchner, Debbie Hurley, Sue McClean, Bob Evans; Second row: Cynthia Case, Mary Beth Swiatowski, Criag Celgin, Dan Bates, Scott Saarlus, Joanie Bradford, Kim Harring, Tracy Hopkins; Third row: Marsha Leach (advisor), C.J. Ross, Rick Pasquier, Lisa Nelson, Tom Richter, Kevin Gillespie, Ken Macleay.

Mrs. Leach, Talon CAN do that to a person!

Leigh Kirchner checks copy.

An emergency conference held before the deadline.

French Club

Learning a language is no longer a chore when you're a member of Le Cercle Francais. With advisor Mme. Hammerstrom, french is fun! The French Club is very active at SPSH: doing everything from attending concerts to spending weekends together speaking only the french language.

The French Club kicked off another great year with the third annual Reunion Francais in which third, fourth and fifth year french students participate in a French weekend at Arlington Echo. Also in attendance were many other county schools, all swearing to speak nothing but "le francais" for twenty-four hours.

Next on their busy schedule was the Foreign Language Christmas party. Held in the school cafeteria, all of the various languages displayed their Christmas customs and a number of skits. No sooner than this was over they went straight to work studying for the National French Contest held in March. Severna Park members are known for their exceptional scores on this test.

Before they knew it, April was upon them and so was the Foreign-a-Fair and the Falcon Fair. The club sponsored a variety of booths at both events in an effort to raise funds for their final bash, the night out at a French restaurant, Ooh la la! Is there never a dull moment?

"Id' love to!", says Valerie Mitchell.

The French club

Tammy Dykes gives us a friendly smile.

German

Back row: Mrs. Bergen, (advisor), Emmanvelle Scelles, Stephan Wilke, Mike Cantwell. Front row: Carolyn Perry, Mike Newton, Tricia Stock, Matt Senft. Not pictured: Mike O'Keefe, Tom Carey, Irene Schober.

This was the third year that the German language and the German Club have been offered in Severna Park Senior High School. To Make money for club activities, they had a candy sale which made roughly six hundred dollars. They also planned trips to Busch Gardens and Blob's Park and hope to go to Germany in the summer. The club sponsor was Inge Bergen, a native born German. This was her first year teaching At SPSH.

Many activities were planned by the German Club and other foreign language clubs such as the Foreign Language Christmas Dinner and the "Foreign-a-Fair" held in the spring. This year for the first time, an "Oktoberfest" was held at Arlington Echo. The Fest was similiar to the French and Spanish "Re-unions." There were native German foods and folk dancers. Participants included students in German Clubs from other high schools in the surrounding area.

Spanish Club

The Spanish Club provided an opportunity for its members to learn about Spanish Culture as well as time to converse in the language. Although the club was somewhat small this year, they got off to a good start by getting involved in community and school affairs.

Even with a tight budget and small account, the Spanish Club was able to give Spanish oriented parties for its members and teachers throughout the year. They went on a field trip to Washington, D.C., and saw the group "Kantares". At Christmas time the club was involved in the Foreign Language Christmas Party with the building of a unicorn pinata and Anna Hoover, club president, dressed up as Santa Claus.

Members hope that future Spanish Clubs will expand the Spanish account and have a better attendance at their meetings.

The club works on the Christmas pinata.

High school students blowing up ballons?

Armada Meltz discusses the rules for the treasure hunt.

Carl Schlachte and Ken McCleay show their acting skills.

Repertory Co.

The Severna Park High School Repertory Co. consists of a group of talented students who are serious about acting. The Co. is now under the direction of the new Acting Arts teacher, Mr. McKown. Throughout the year the group does performances for Severna Park students as well as outside audiences. Their performances included excerpts from Shakespeare. The group wanted to have an even more successful season then last year; their first award winning year. One of the Co.'s many activities was the County Drama Festival.

Ken McCleay, Steve Arnold, Kathy Ranniger, Mr. McKown (Advisor), Carl Schlachte, Retta Hayman, Cadie Gomba, Laura Townsend, Nancy Klos, Jeannie Benter.

S.G.A.

The Student Government Association consists of one delegate and one alternate from each homeroom. The duties of the delegates are to attend the bimonthly meetings and to keep their respective homerooms up to date on the activities of the SGA. The alternate does these tasks when the delegate is unable to.

The SGA is responsible for expressing the consensus of the student body. Basically, they act as a liaison between the students and the administration.

Another major responsibility of the SGA is Homecoming. This includes electing and crowning the queen, judging the floats, and the dance. A new aspect to Homecoming was initiated by the SGA this year when they sponsored a Homecoming Spirit Assembly. At this time all the Homecoming Queen Nominees were introduced and the football team was honored. It is a tradition this year's officers hope will be continued.

Falcon Fair is another major fundraiser. The SGA is responsible for providing each club and organization an opportunity for an activity.

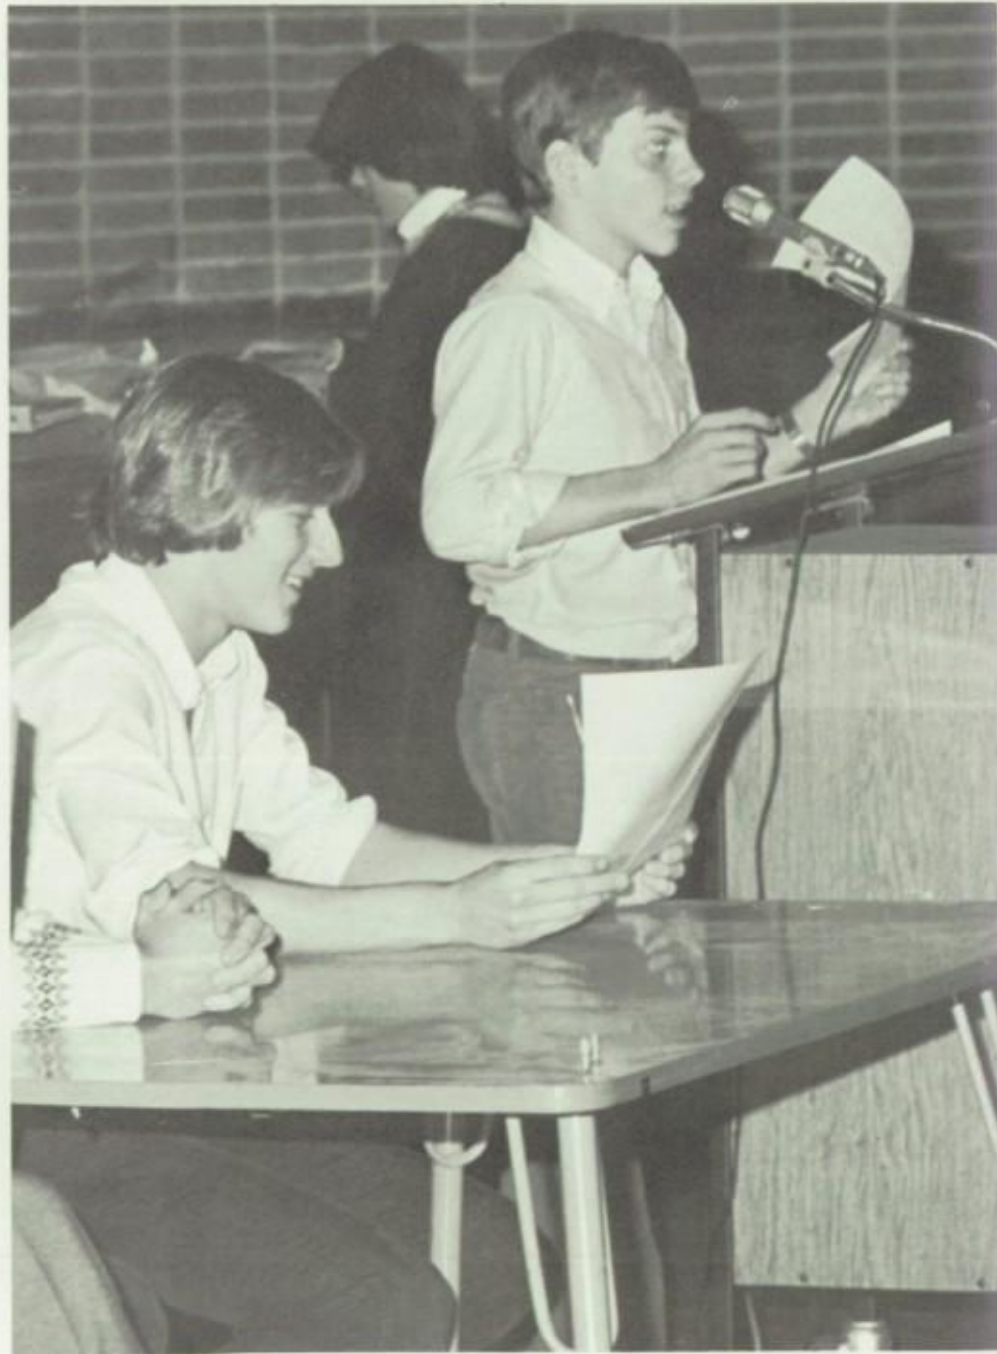

SGA also sponsors several smaller activities such as the annual Holiday Drive and Be Nice Day.

S.G.A. officers: Advisor, Mr. Gumas, Steve Dunne, Lori Schneck, Ken Macleay, Lenore Griffin and Dick Willis.

Lenore Griffin gives her President's Report.

Dick Willis gives his Treasurer's Report, while Ken Macleay looks on.

Band

The Falcon Marching Band is directed by R. Thomas Powell, and proudly takes the field under the leadership of Senior Drum Major, Betsy Powell.

In its thirteen years, this dedicated band has gained a reputation of fine musicianship, excellent marching performance, and great showmanship. Because of this, the band met acclaim in all events in which it has participated. This year the band performed in the Miss American Parade in Atlantic City, and performed in the Hagerstown Mummers Day Parade. The Falcons hosted the Third Annual Tournament of Bands, in which bands from the east coast participated. Also held was a County Band Exhibition. The band performed in Maryland Band Day at College Park as well as many events around the community which included our own football half-time shows.

Many fundraisers were held during the year. These included the Christmas Dance, a holiday bazaar, and the better known sub and pizza sale.

The Falcons go beyond being a band. By the end of a year of muddy marches, rainy shows, cramped buses, long practices, disappointments, and glory, the members become a family, a group of close friends whose companionship will never be forgotten.

Chorus

Pianists: Steve Dunne and Phillip Pope.

Freddie Bear?

Margaret Diehl and Jeaneen Friedel practice some warmups.

The altos receive some help.

The Severna Park Senior High School Chorus, under the direction of Mrs. Carole Frederick, was successful in their efforts to make 1980-1981 the best year the chorus has ever had. They started off the concert season singing Handel's "Messiah" with seven hundred other singers from high school choruses in Anne Arundel County. The Baltimore Symphony, under the direction of Ronald Gretz, chorus master of the Baltimore Opera Company, accompanied the singers.

Again this year, Anne Aundel County Choruses were invited to sing Handel's "Messiah" with the University of Maryland Chorus and Orchestra. As is traditional the chorus participated in the gala concert. Also, other holiday traditions were kept this year. They performed at the Severna Park Mall and ended the holiday concert season with an alumni banquet and concert at the school.

Chorus members also participated in a barbershop choral workshop for tenors and bases under the direction of Fred King, the director of Chesapeake's high school chorus. A barbershop quartet was formed here as a result of this. The chorus also participated in the County Choral Festival and received excellent ratings from the judges.

The year ended with a spring concert performed both at the mall and at school. Music of all periods and styles was performed to provide a varied background for the singer and for the listening pleasure of the audience.

Officers: Barbara Hale, Kim Miller, Les Starnes, Kathy Evans, and Kathy Ranniger.

The first soprano section.

Mrs. Frederick shows off her pot-belly bear.

Steve Dunne practices for the Christmas Concert.

Photography

There really is more to photography than Kodak film and smiles . . . isn't there? Only the Photography Club knows.

It all started back in 1978 when Brian Carey founded the Club. It's members coined the name "Shutterbugs," and together they learned. Subjects such as composition, lighting and darkroom techniques were explored.

Now in it's third year, the Shutterbugs have come a long way. Fundraisers have enabled the Photo-Club to purchase over \$30 in new equipment. Each member has been taught how to develop and print their own black and white film. The once bare and underequipped darkroom has been filled with new equipment and supplies.

Mrs. Munsey, the Photo-Club advisor, has helped the Shutterbugs achieve these goals not only by supervising the club, but she also provided a space for the darkroom in a library workroom.

Several events planned for the 1980-81 year include a spring photo display, a candy sale and a car wash.

Brian Mercier, addresses the Photography club.

Photo club debates future fund raisers

F.H.A.

This year a new club, the Future Homemakers of America, was organized by advisors Mrs. Ambrister and Mrs. Stone. Students became familiar with the motto "Toward New Horizons," as the club's popularity grew. The goal of F.H.A. is to help youths assume their roles in society through learning experiences in areas such as personal growth, family life, vocational preparation, and community involvement.

One of the annual activities of the club is the Candlelight Installation Ceremony. As each candle is lit, one of the six officers state an F.H.A. objective and the responsibility attributed to their office.

The club provided a luncheon of soup, cold cuts, bread, and apple kuchen for the Principals' Meeting in November at the school. Three members of the club, JoAnn Fricke, Michelle Schortgen, and Paula Green, attended a three day State Leadership Conference in Emmitsburg, Maryland, where they met other homemakers from the state.

The club sponsors various faculty luncheons and performs community service projects. It also held a Candy Cane and Message Sale and a Christmas Bazaar, featuring hand made decorations.

For a new organization, the Future Homemakers of America made a very good showing this year, and next year appears to be even more promising.

First row: Jeane Ryerson, Susan Kimberling, Michelle Schortgen, Paula Green; Second row: Mrs. Ambrister (Advisor), Tracey Jakovics, Linda Farrell, Sue Mahan, Becky Janney, Jo Ann Fricke, Mrs. Stone (advisor). Not pictured: Laurie Germana.

F.H.A. officers at the Candlelight Installation Ceremony: Linda Farrell, Jennifer McCoy, Sue Mahan, Jo Ann Fricke, Susan Kimberling.

Chess Club

The Chess Club this year has a new advisor, Mr. Wells. The members play chess because they enjoy the game and the challenges. They meet on Wednesday and Thursday to learn new moves and improve their game. There are several things to do at these meetings. Players may challenge each other to matches to get a better position in the club. Also, they may play what Mr. Wells calls "lightening chess". This game has to be played within five minutes. Another game they can play is team chess, where there are two players on each side. If none of these things appeal to the club member, Mr. Wells is willing to play them a game, but he claims to be a mediocre player. Mr. Wells has booklets which discuss strategy and certain keymoves which are available also. All of this is in preparation for meets against other school of which are approximately every two or three weeks.

The club consists of fifteen members who pay one dollar dues at the beginning of the year. They all work together to gain their standing in the county. At one point this year they were second to only one team. In past years the club has won positions ranging from one to three. "We're usually near the top somewhere", says Mr. Wells. That sums it up-another winner at SPHS!

Scott Baur and Ajay Munjal battle it out.

"I can see that next move in your eyes!"

"MMmmm . . ."

Adam Blum plans his next move.

"Hey Steno!"

Varsity S

The Varsity "S" Club had a new outlook this year. With the help of Mrs. Shelton and Mr. Heck, the club advisors, they strived for promoting school spirit by Student-Teacher Activities, such as the Student vs. Faculty Volleyball Game. The responsibilities of organizing sports banquets, ordering awards, and letter jackets were still a major part of the club. The main goals were to increase active membership and organize more activities.

First row: Brennan Byrne, John Baker; Second row: Steve Schneider, Megan Dowd, Kathy Harmon, Ann Depperman, Karen Eiring, Margaret Spargo; Third row: Kathy Evans.

Not pictured: Terry Toole.

Spotlighters

The Severna Park Drama Club has many functions. Not only does it produce the fall production, (this year's was "The Miracle Worker"), but it also produces One Act Play Night. In the spring each class (Sr., Jr., Soph.) prepares a one-act play directed by a senior Thespian. The classes compete against one another for top honors such as; best actor, best actress, etc. There is a select group of Drama Club members who belong to the International Thespian Society. To become a member a person must put in at least a hundred hours of both onstage and backstage work.

Robin Pascal (Kate Keller) tries to teach Cathi Radner (Helen) a letter.

Cyndi Huntsman applies Steve Arnold's make-up before the production.

Cathi Radner gets more insight to her role with the help of a deaf man.

Kathy, Valerie and Liz sell tickets to an anxious crowd.

Various members of the cast display their ability to treat the production lightly.

Spotlighters in action: Terese Heroux, Beth Ignacio, Cadie Gomba, Betsy Buckley, Nancy Klos, Laura Townsend.

Liz Kerr preps a face for the play.

This hairstyle will make you look, "c'est magnifique!"

National Honor Society

"The object of this chapter shall be to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in all students of the Severna Park High School."

This quote, taken from the Constitution of the National Honor Society, best describes the club's goals and interests in the Severna Park chapter. Membership in the National Honor Society depends on the student's abilities in areas of service, leadership, scholarship, and character. The Society believes that character is the most important quality and to this quality they owe the success of their club.

The members' dedication contributed to making the year's activities a great success. The Society held a very profitable roll-a-thon on November 1, at the Bowie-Crofton Roller rink. Other fundraisers included a Wacky Auction and a car wash. The "It's Academic" team also contributed to the Society with their participation at WBAL. Although the National Honor Society put most of their efforts into raising money for the fund from which a scholarship is given at the end of the year, the Society did some service projects such as reading for the Special Education classes and constructing a bulletin board for Veteran's Day.

The eighty members of the National Honor Society are proud to have represented academic excellence at Severna Park Senior High School.

Megan Dowd makes a call for all inductees.

Chris Dugan, NHS President, gives the welcoming speech.

Mr. Bowers, advisor, discusses the Induction ceremony with Mr. Ueberoth.

Tom Carey lights one of the symbolic candles.

Stage Crew

Stage Crew, sponsored by advisor Mr. (Uncle Bruce) Blackman, is responsible for the technical aspects of events at SPHS. Work on major presentations such as plays include lighting, sound, and in a large part, scenery. Everything must be made just right in order to have a smooth performance. Stage Crew is also behind the scenes providing sound systems and scoreboards for athletic events. You will also find them at work during SGA meetings, bloodmobiles, concerts and assemblies. During the Falcon Fair, Stage Crew was responsible for the closed circuit radio station WUVT. They broadcast music, personal request, and ads from other clubs.

Stage Crew members work extra hard, often giving their time after school and during weekends, to get the job done. "It's not unusual to have to put in 45-55 hours a week sometimes," says Stage Crew President, Tom Berry.

Equipment failures have been a major problem for the club, which spends a lot of its off time doing repairs on the headphone, lighting, and sound systems in the auditorium. The Crew members realize that all of this work is volunteer and enjoy the satisfaction of a job well done.

Tom Berry takes it easy at home.

Coke is catching on the Stage Crew.

Mike Newton assembles a camera.

W.S.P.S.

W.S.P.S. is Severna Park's proudest and most productive club—at least that's what the members like to think. The television station, which airs on channels three and six, is run entirely by students.

The club works with and improves television studio techniques as well as producing educational/informational programming for the school. Recently, the station completed a film for the Board of Education Fair entitled "How to Produce a Television Production."

The members tape sporting events, such as wrestling, football and soccer games, so coaches can playback the tapes and point out certain patterns and areas of needed improvement. They also tape skits for foreign language classes, speeches for speech classes, and even gymnastic routines, all for future use by teachers.

Karen Forcino adjusts the lighting.

Mr. Stinchcomb, Mr. Blackman, and Jim Gehring observe the total effect.

String Ensemble

Many students are unaware of the existence of the string ensemble here at Severna Park, but the ensemble is a vital part of the music program. The ensemble meets daily; the members play various kinds of music and learn various aspects of music theory.

Traditionally the string ensemble participates in the annual winter and spring concerts held in the auditorium. In addition, they performed at the Board of Education during "Music in Our Schools Week" and at various elementary schools throughout the county.

Many individuals of the ensemble participate in other string groups within the state. Matt Morgenthaler, Frank McKinster, Ann Sherman, Jennifer Holtz, Sue Morin, and Vince Massimino were selected to participate in the All-State Orchestra. Some members also participate in the Annapolis Symphony and the Maryland Youth Symphony. The Severna Park string ensemble is proud of its reputation of being one of the best ensembles in the county. The ensemble truly gives prestige to our school.

Mark Lieske makes sure he has his notes right.

You have to be dedicated to support something like that.

Linda Higby and Michelle Schortgen at an Aide meeting.

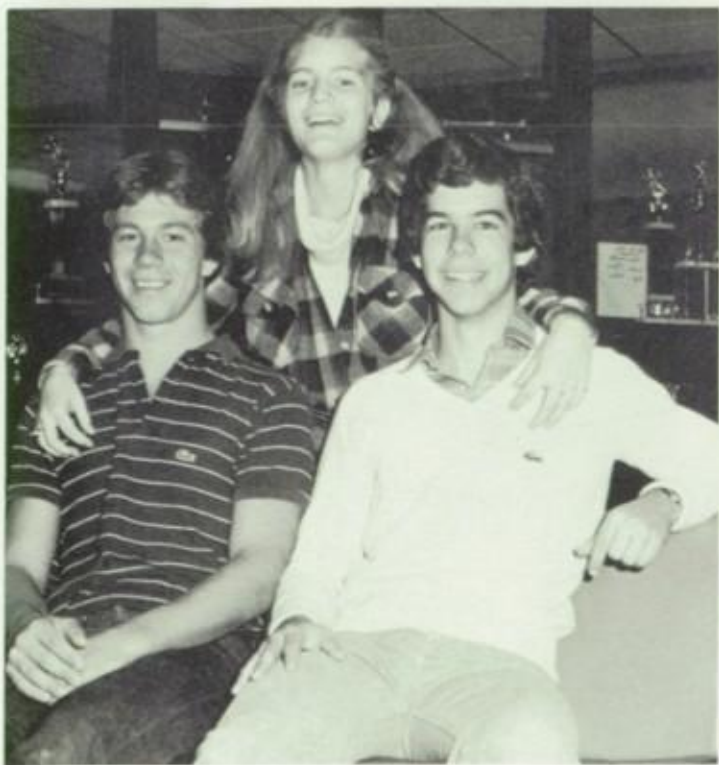

Cathy Weyand writes a Guidance pass.

Aides

"Guidance counseling aides are students who have chosen to become involved," says Mr. John Johnston, the coordinator of the guidance aide program here at Severna Park High School. Last year, 60 volunteers were carefully screened and interviewed to eventually fill the sixteen aide positions. After being chosen, the sixteen volunteers attended a three day mandatory training program during the summer. An aide's duties vary greatly depending upon the situation they are assisting in. During the summer, aides help with sophomore orientation and scheduling. During the school year, aides help out with Back to School Night, writing passes, answering telephones, scheduling appointments and showing new students around the building. Overall, the counseling aide program is considered "very successful" by both the aides and counselors.

Office Aides are students who wish to work in the main office during a free period. The student must talk to Mrs. Yoerger to be eligible for this position. If she feels the student has the potential and if the student feels capable of handling the work, permission is granted. The duties of an office aide included filing, delivering supplies, helping with standardized forms and working with attendance cards.

D.E.C.A.

DECA, The Distributive Education Clubs of America, is a youth organization designed to build enthusiasm among future leaders in the field of marketing and distribution. These include occupations such as: Grocery Store Managers, Retail Businessmen, Hotel Operators, and Wholesalers.

This year, Severna Park DECA participated in several exciting events. The first was the 1980 Marketing and Distributive Education Conference, which was held during November in Baltimore city. During this conference, several students from Severna Park learned more about DECA—and more about planning their futures.

Severna Park DECA members held a special fundraiser in December. This fundraiser, which made over \$500, was for the building of the Ronald McDonald House: A very special house for the families of children with diseases, such as childhood cancer and leukemia.

Several of our S.P. members attended the 1981 DECA State Conference at the Hunt Valley Inn during March. At this conference, Severna Park students competed with other students across Maryland. The top winners of this competition, competed with students all across the Nation at Anaheim, California during June.

Severna Park DECA members also participated in a field trip, a DECA Bowling Tournament, a "Turkey Draw" for the teachers and custodians, and many more events.

Co-op

The COE Club provides the necessary experience and practical bussiness responsibilities to high school students. Upon graduating a student has had at least one year of experience on the job, along with two years of the school's Office Training programs. All jobs available are approved and supervised by the school and the COE advisor, Mrs. Richebourg. The skills of typing, filing, payrolls, billing, and communication are taught. Throughout the year, the club had many fund-raisers. For example, they sold boxes of items, frustration pencils, and had a flea market to pay for a dinner banquet held for each students boss. A few examples of the jobs are NSA, Goddard Space Flight Center, and Maryland National Bank.

The Computer Co-op Club is open to all Data Processing II students. A student student-parent agreement was signed before each student could start their job. The agreement spells out the responsibilities of the employer and the student. The function of the club is to raise enough funds for the Employer-Employee Banquet which was held in April. One student from each school must participate in the banquet. A few others may act as hosts and hostesses. At the banquet, the Work-Study student invites as his or her guest the one that has helped him or her the most on the job.

SPORTS

Football

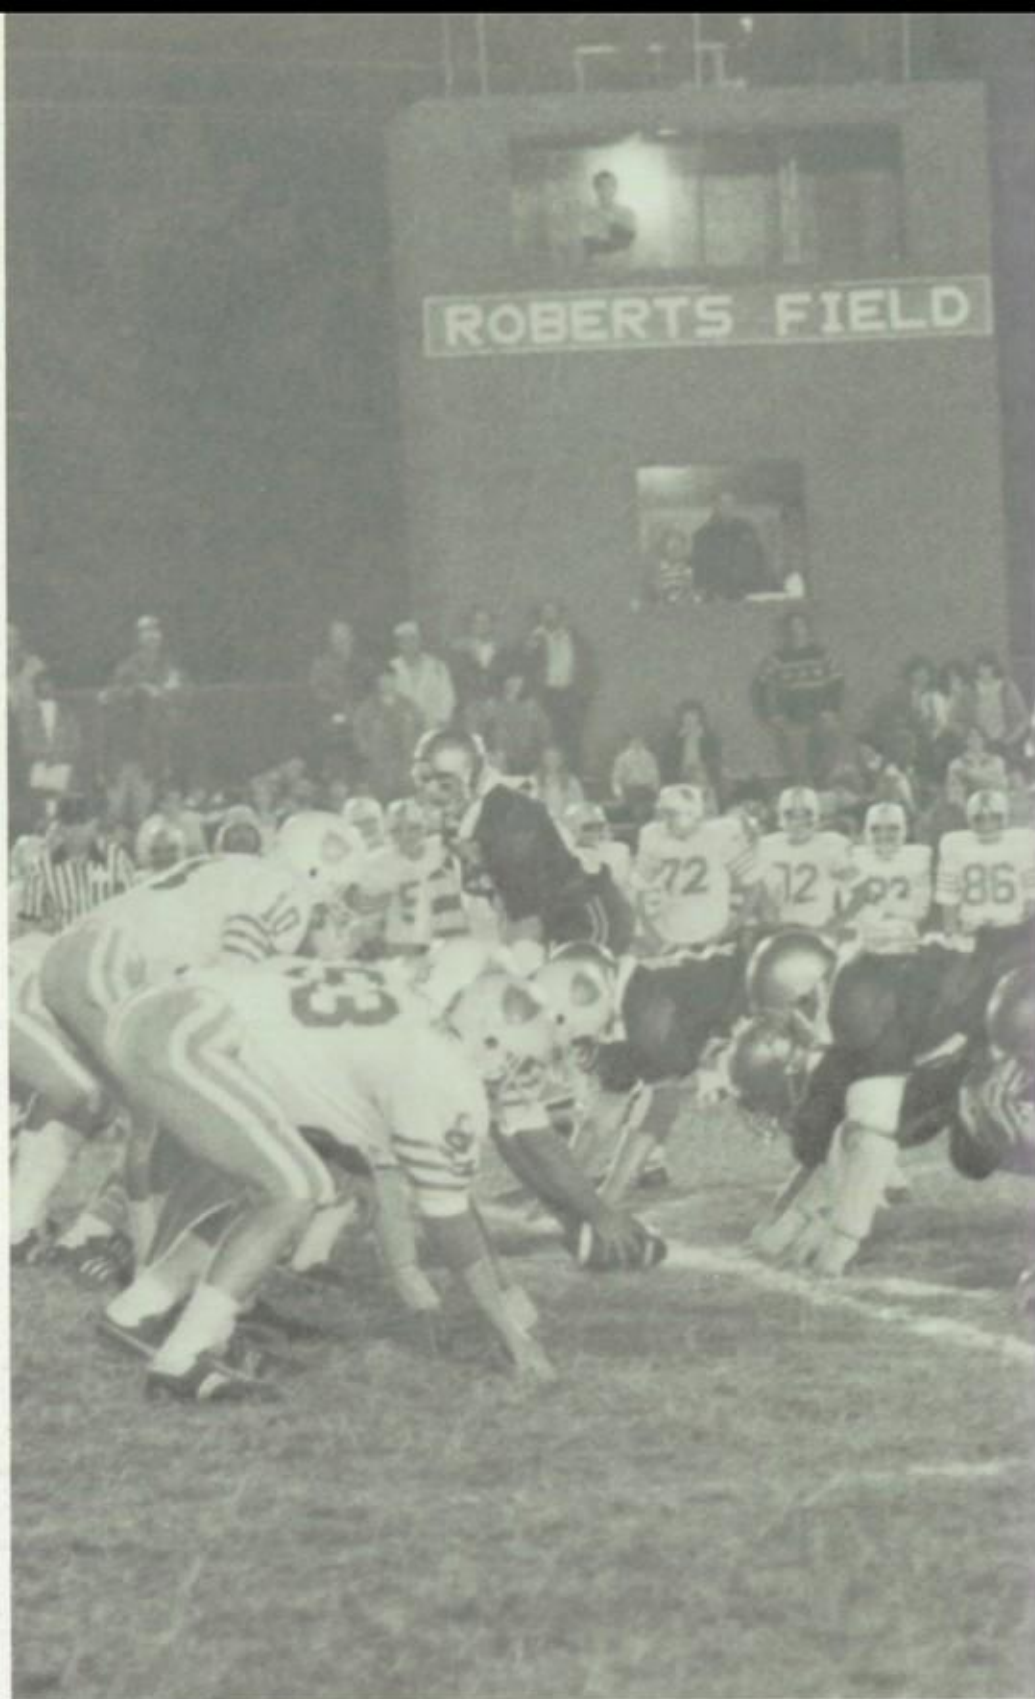

The 1980 Severna Park football team proved to be one of the best squads at our school. The county champs, under the direction of Coach Andrew Borland, compiled a 7-3 record because of their 6 game winning streak at the end of the season. Senior Jeff Sanders once again proved sensational, rushing over 1200 yards. Fullback Brian Kirchoff, after being hurt for the first three games, came back to power to gain over 600 yards.

In the first game of the season, the mighty Falcons rolled over Westminster with ease for an impressive victory. (31-12). Their luck ran out, however, as they lost the next three games in a row. The second game was disastrous as Andover killed the Falcons 24-0. Severna Park lost a tough third game to Arundel at home 19-12. The Falcons fell again in the fourth game to South River. Their luck changed again, however, in the fifth game against Meade as they got an early lead and held on through the mud and the rain to win 12-6. The next game was Homecoming, with Severna Park crushing Chesapeake 36-16. In the seventh game, the Falcons again came up victorious as they beat Glen Burnie 26-0. Severna Park then traveled to Bel Air and came back 14-7 winners. In the ninth game the Falcons did it again with a close 14-13 victory. For the second year straight, Severna Park finished their season by beating arch rival Annapolis. The 29-25 victory however was not secure until the time had run out.

Team members to make All-County were: Todd Dundore-offensive center, Beau Nichols-linebacker, Jeff Sanders-running back, Ed Cook-wide receiver, and Tom Kaelher-offensive tackle. Honorable Mentions went to: Paul Tilles, Doug Bassford, John Pfautz, Dan Stearns, and Cliff Kopf.

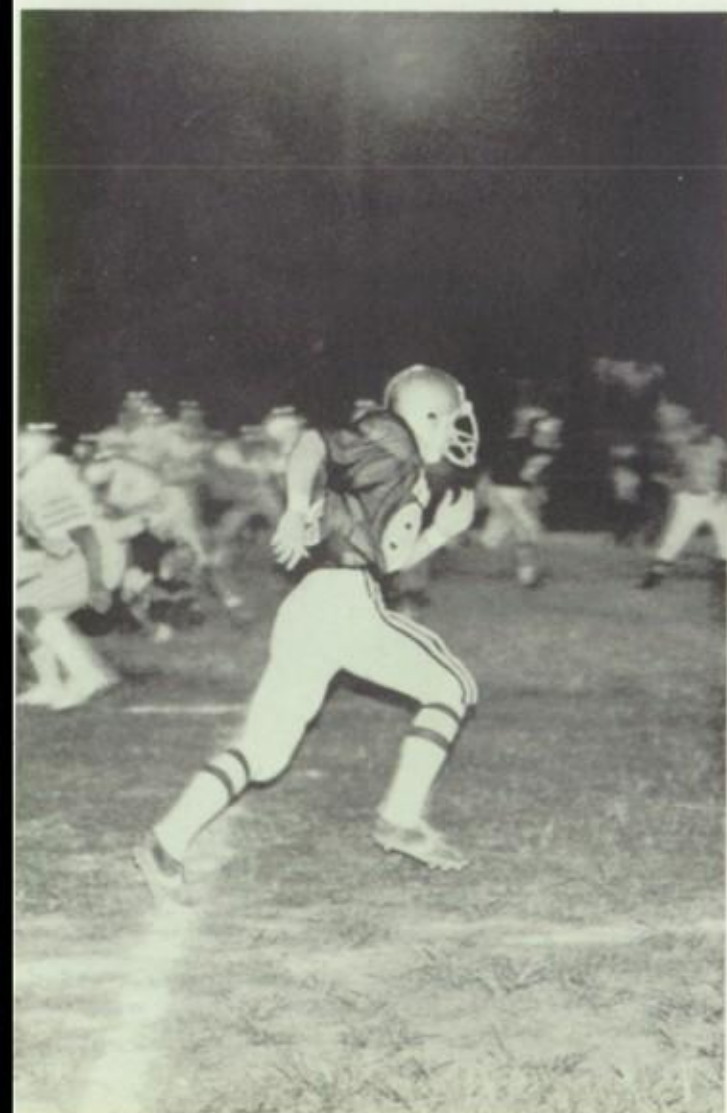

Center: Falcon defense ready at the line of scrimmage. Bottom Left: Glenn Barnett shows his support for Falcon football. Bottom Right: Jeff Sanders bursts through defensive line.

J.V. Football

This years 1980-81 J.V. Football team had an impressive season, finishing with one of the best records in the last 6 or 7 years. With the aid of a solid defense and a steadily improving offense, the Falcons compiled a record of 5 wins and 4 losses. After beginning the season with a loss to Westminster, the team began a four game winning streak, beating out Andover, Arundel, South River, and Meade. This streak, however, was followed by a sudden change, as the Falcons were able to win only 1 of their remaining 4 games. Overall, Coach Keck said he felt that the team had had a good season and, most importantly, had gained basic skills which would help them next year on the varsity squad.

Top left: Coach Keck gives the team a half time pep talk. Middle right: The Falcon line of scrimmage ready to move. Bottom left: A Falcon breaks away for a touchdown.

Soccer

The Severna Park Falcon Soccer team had its fifth winning season in a row this year. The Falcons, under Coaches Gregg and Tanner, employed some of the best team work in the county to finish with an 11-3-1 record, the second best record in Severna Park's history.

The Falcons started the season off right as they won their first three games including a first ever win over Mt. St. Joe (2-1). Severna Park was then stunned by Meade (4-0). Awakened by the loss, Severna Park then reeled off 5 straight wins. Then came Severna Park's old rival, Arundel. As in the past 2 years, the Falcons lost despite outplaying the Wildcats. Severna Park then tied Patterson and beat Annapolis before entering the playoffs.

In the first round, the Falcons beat Glen Burnie (4-3). Severna Park then played a much improved Westminster team in what was probably the best game of the year. The Falcons then advanced to the State Finals where they met Bowie. In an extremely rough game at Bowie, Severna Park was defeated 2-1 by the Bulldogs. The loss ended the season for the Sunpaper's fourth ranked Falcons.

The 1980-81 Falcons were a very team oriented group of players with many making key contributions throughout the season. Leading the way for the Falcons were Fabio Alviani with 11 goals and 1 assist and Richard Bruce with 9 goals and 3 assists. The Falcon midfield was directed by Henry Wagner (6 goals, 3 assists) and Rick Carlson (6 goals, 8 assists). Helping to keep the opponents from scoring, were goalie Mike Cowell and fullbacks Brad Adams, Steve Vahsen, Tim Ransone, and Jeff Cosey. This year the substitutes really helped the Falcons too, as John Camm, Dave Eckels, and Henrik Jorgenson came off the bench and played well. Congratulations, Falcons, on a fine season!

All-County (First team)-Fabio Alviani, Richard Bruce, Rick Carlson, Henry Wagner. (Second team)-Brad Adams, Geoff Knickerbocker, Tim Ransone. All-State Honorable Mention- Fabio Alviani.

J.V. Soccer

The J.V. Soccer team of 1980-1981 had a very successful season, posting a 9-2-1 record. The team, led by Coach Jon Braun, was able to easily capture the county championship. The defense was extremely aggressive, giving up only 3 goals the entire season. The offense, termed "superb", out shot their opponents an average of 13 to 1.

The team, consisting of many talented sophomores and skilled juniors, summed up the season by shutting out 9 teams in a row; only to end the season by losing a close game to Annapolis. Many of these players will play Varsity ball next year, which should result in a very strong squad with a lot of experience.

Top Left: Dave Bristow prepares to massacre the ball. Bottom Left: Casey Crawley heads the ball. Bottom Right: (Left-Right) (Back Row) Jeff Dearborn, Rick Shrum, Casey Crawley, Andy Tussing, Brian Angel, Mike Carlson, Greg Crum, Dave Bristow, Tim Burmood, Coach Braun. (Front Row) Tom Randall, Ed Moses, Tom Adams, Mark Carroll, Sean Herr, Mike Campaglia.

Field Hockey

Introducing the Severna Park Varsity Field Hockey team of 1980-81. What exactly can be said about these amazing young athletes? For the second year in a row, the girls have gone all the way and become state champions by destroying their competition, from season play, to regional play-offs, to the state finals where they shut out Perry Hall 2-0. The most outstanding game the girls played was their 9th game, against Spalding. In this game the girls shut out their 1979-80 rival, 2-0. Throughout the game their effort and determination to win surmounted all obstacles. The expression "shut out" will be well remembered by the team for years to come, because they shut out their competitors 12 out of 15 times.

Girls on the team recognized by the county for their athletic skill were: Karen Eiring, Kathy Harmon, Terry Toole, Megan Dowd, and Lindsay Smith (1st team) and Kathy Stimson, Laura Jones, and Lisa Arnold (2nd team). The team was well balanced, with a strong offense matched by an equally strong defense. Two girls who made this possible offensively were Kathy Harmon, the top scorer with 23 goals for the season; and Terry Toole, who was close behind with 20 goals overall. The team finished the season with an outstanding record of 76 goals. Equally superb was the defense, who were only scored upon 6 times throughout the season. Goalie Carin Peterson and her defensive teammates accomplished this record with 26 saves.

Many thanks go to the Field Hockey coach, Lil Shelton, who's training and encouragement helped lead the team through a fantastic season.

Top Right: Kathy Harmon passes the ball. Bottom Right: Laura Jones congratulates Lindsay Smith during the Spalding game. Bottom Left: Terry Toole raises her stick in victory.

Middle: (Left to Right) (Back Row) Jenny Tyler, Carin Peterson, Annelise Miller, Betsy Sprinkel, Lisa Arnold, Christine Bahner, Coach Lil Shelton. (Middle Row) Karen Eiring, Megan Dowd, Stephanie Usry, Kathy Stimpson, Terry Toole, Kathy Harmon, Lindsay Smith. (Front Row) Laura Jones, Betsy Gomba, Katy Curtis, Lisa Galavotti. Bottom: The goof-off after the game.

J.V. FIELD HOCKEY

The 1980-81 J.V. Field Hockey team went all the way to the top again this year. Their success gave them the county championship for the third consecutive year. Coach Bridgett Bassett attributes the team's success to the close working relationship with the Varsity team and Coach Lil Shelton. For example, Chris de Guzman and Barb Spiegel, the J.V. team captains, were given the opportunity to assist the Varsity Field Hockey team in the State Semi-finals. This year's J.V. team consisted of 10 sophomores and 11 juniors. Their record for the season was 10 victories and 2 losses.

The team's most exciting game this year occurred on the evening of October 8, 1980, on Roberts Field, against the Annapolis Cougars. This was the second time the teams had met in season play, and the Falcons felt the game was extremely important. They were determined to win because earlier they had been defeated by Annapolis 0-1. The score was tied at 1-1 when Julie Gardner made the only S.P. goal assisted by Alicemarie Magner. After two rounds of overtime penalty flicks, the Falcons rallied to win the game with a score of 6-4.

Miss Bassett said she would like to thank the girls for the sincere devotion and dedication they showed during the 1980- 81 Field Hockey season.

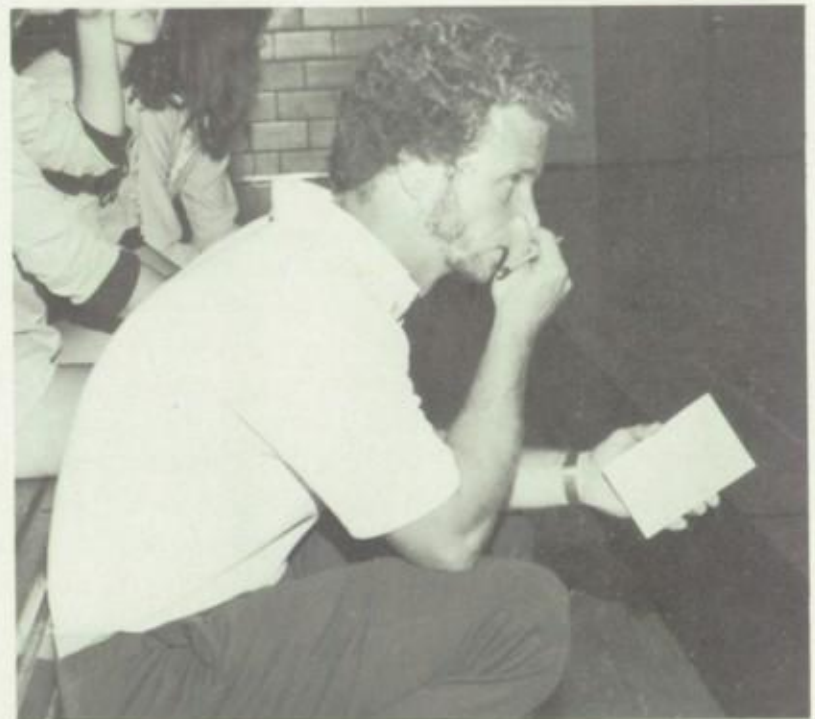

Top: Valerie Bunk preparing to pass the ball. Bottom left: The Falcons give their pre-game cheer. Bottom right: (Left to right) (Back Row) Coach Bassett, Bev Boardman, Colleen Navarra, Val Bunk, Tami Parker, Lori Snead, Jill Wundar, Carol Sell, Alice Magner (Middle Row) Pam McMahon, Maria Whalen, Sue Miller, Karen Dugan, Julie Gardner, Sharon Ashburn, Carla Salisbury (Front Row) Jeanne Bouslog, E.B. Bradshaw, Barb Spiegel, Cris DeGuzman, Lynayn Mielke, Jennie Shrader. Not pictured: Suzanne Price.

SEVERNA PARK SENIOR HIGH SCHOOL

J.V. Volleyball

The 1980-81 Volleyball team finished the season with a record of five wins and seven losses. The volleyball team was under the direction of a new coach this year, Coach Curley. Curley was very impressed with the team's effort and ability. He was quoted as saying, "Whistle by whistle, they are the most expressive team in the county, and very good sportsmen." Stacy Reed, the captain, had an impressive style of setting the ball to her spikers, Laurie Collins and Sunita McCoy. Outstanding servers were Jill Miley and Penny Frady. According to both coaches, the J.V. team of this year will make a strong base for the Varsity team of next year.

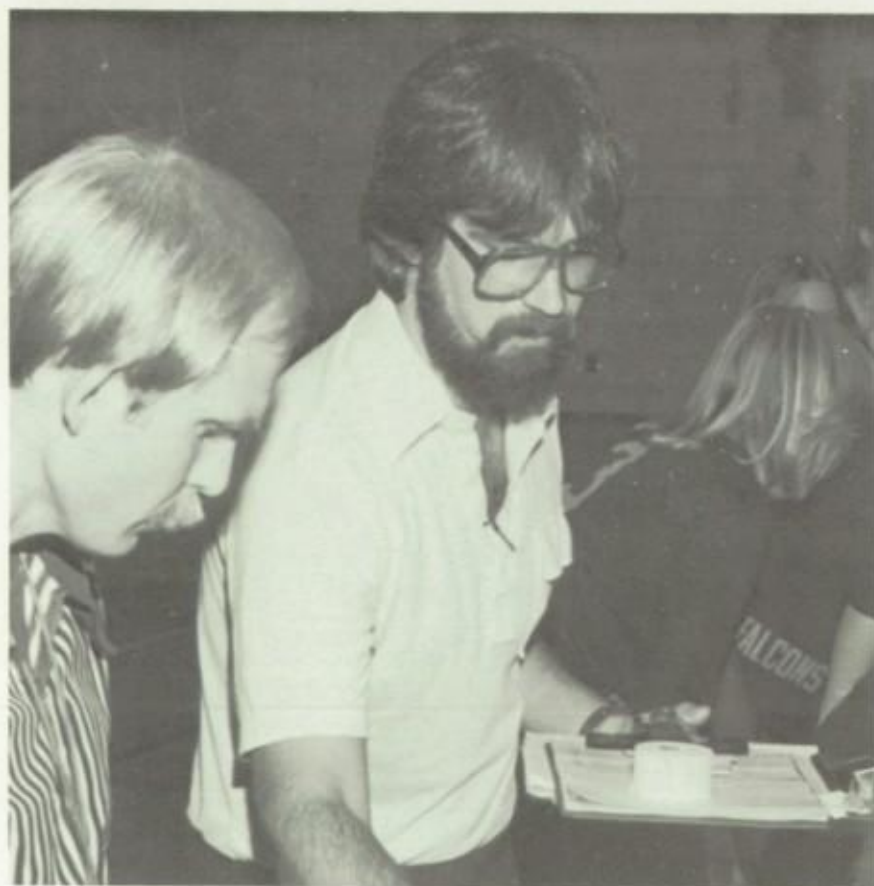

Top Left: (Left-Right) (Back Row) Donna Macauley, Kim Miller, Frances Whittaker, Frances Borland. (Middle Row) Jackie Iley, Penny Frady, Jodi Brittle. (Front Row) Stacey Reed, Mary Kvetkas. Bottom Right: Stacey Reed jumps up to block the ball.

Volleyball

Like all other high school sports, the girl's Varsity Volleyball team is going through a continuous 3 year cycle. At the beginning of the cycle a number of sophomores play for the J.V. team and then play for the Varsity team as juniors. In these first 2 years, they develop new skills and individual techniques, along with experience. The third year, the varsity team consists mainly of experienced seniors with more confidence, skill and a winning attitude.

Coach T. said he believed the team's downfall this season was due to two major factors. One factor was the transition that the junior high volleyball players have to make to senior high power volleyball. Another problem for this year's team was the lack of a feeder system. The girls were not used to feeding the ball to their teammates, which eventually sets the ball up for a spike. Coach T. believes it takes 3 years to produce a good spiker. This year's team was young, inexperienced, and in a state of rebuilding. Coach Trzybinski feels the team did show an overall improvement this season and expects to return next year with a strong team. The team will include a majority of this year's experienced varsity players.

Top: Sunita McCoy ready for action. Bottom Left: Coach T. makes last minute preparations before a game. Bottom Right: Anxious team members watch from the sideline.

(Front Row) Courtney Miller, Doris Benter, Lisa Ferrell, Cathy Olsen. Bottom Left: Mary Kvetkas attempts to set the ball. Bottom Right: The pre-game pep talk.

Girls Soccer

Girls Soccer, in only its second year, placed 3rd in the AA division with a season record of 6 wins and 5 losses. The team captains this year were: Sue Ruberg, Julia Brushigham, and Ann Depperman. Senior Ann Depperman, an outstanding offensive player, scored 6 goals. The team as a whole had 15 goals this season, misfortune hit the team at the beginning of the season with a rash of injuries, but the Falcon spirit never failed!

The coach of the soccer team, Joyce Stefancik, had a special way of congratulating the team members for their contribution to the success of a game, even if they lost. She gave the "Crackerjack Award" which was a box of crackerjacks, to the player or players who played with extreme effort throughout a game.

Eleven of this year's letter women will hopefully be returning next year, and the girl's soccer team should be a major force in the SPHS Athletic Program.

Top: Pam Bellman dribbles the ball. Bottom Left: Nancy Antkowiak gallops down the field. Bottom Right: Coach Stefancik gives last minute pointers to the team.

Bottom Right: Sue Ruberg tries to fake out her opponent.

Girls Cross Country

Anyone who suspected the Severna Park Girls' Varsity A Cross Country Team of lacking quality runners got a big surprise. The Girls' Cross Country Team caused a major upset by winning the Spike Shoe Invitational (first time SPHS has won an invitational since 1969 when the boys' won Spike Shoe) and then winning the two following Invitaionals: Palloti and South Carroll (first time ever, a high school in Anne Arundel County has won three invitational in a row).

The M.V.P. on the team this year was sophomore, Lonnie Jeffords. Lonnie was first team All County, first team All Regional, and first team All State.

Due to a slight injury in the middle of the season, Genny Nulph received second team All County and second team All Regional.

Lonnie and Genny were not alone in their quest for victory: backing them up was Diane Jordan (who was also injured in the middle of the season, but still placed second team, All Regional), Kathy Crotty, Crystal Hunt, Claudia Kenny, Ann Loftus, Joy Prestia, and Laura Smith.

The Varsity B Cross Country Team was just as tough, with Claudia Kenny taking the lead in County, followed by Debbie Peck (who was injured all season), Robin Dobrzykowski, Pam Mongelli, and Amy Guhne.

The Varsity B Cross Country Team won County, while Varsity A took fourth place. Varsity A, in a come-back, took second in the regionals and fifth in the State, beating all of the teams in Anne Arundel County.

Team Captain: Genny Nulph, Unsung Hero: Diane Jordan, and Most Valuable Runner: Lonnie Jeffords.

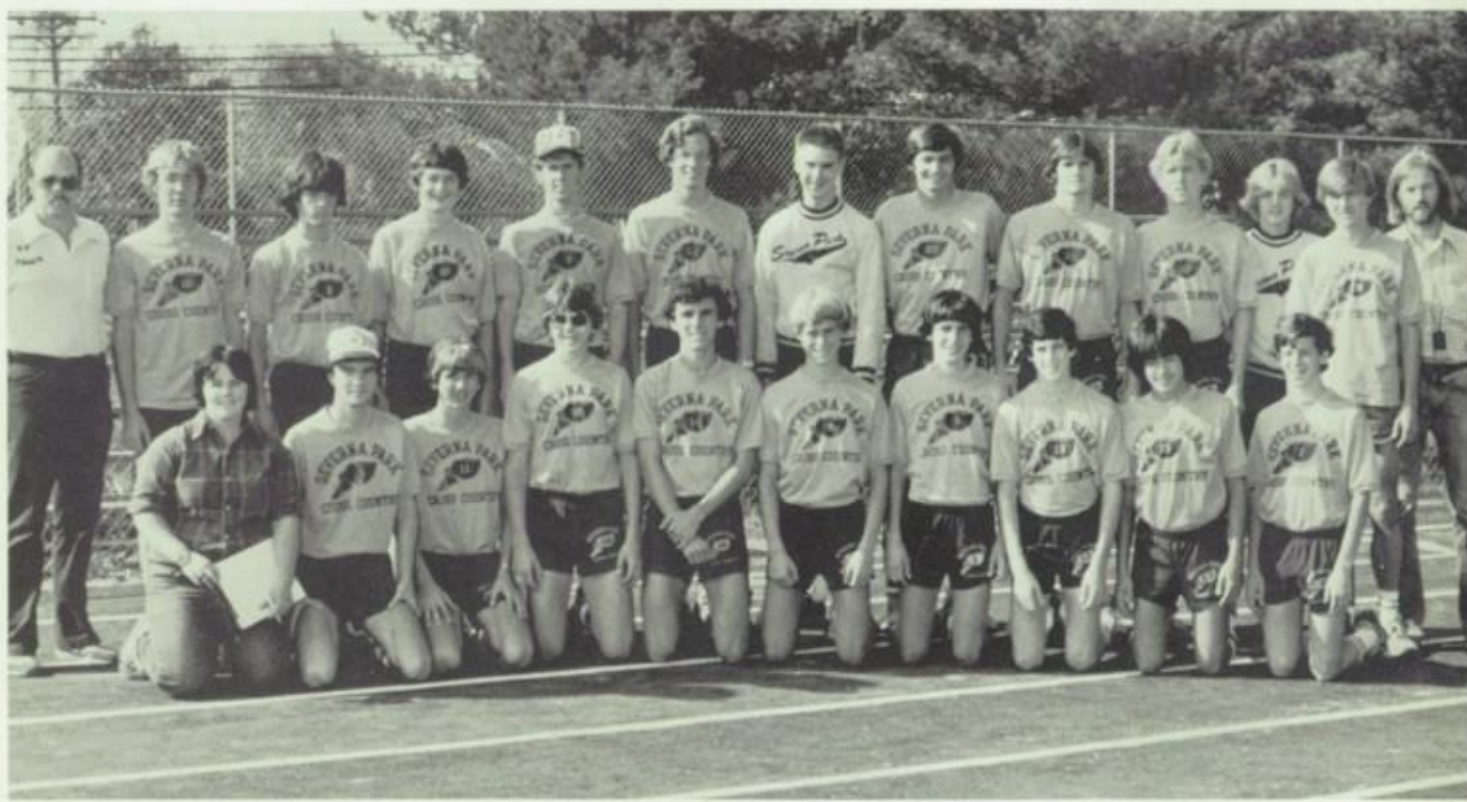

Top right; Girls start in State Meet. Left; John Bryant admires regional trophy while Steve Cross and Curtis Aasen look on. Above; CC Coaches Mr. Barto and Mr. Patton watch warm-ups.

Bottom left: Genny Nulph close to the finish. (Bottom right)-Girls team, (left to right-standing), Coach Barto, Claudia Kenny, Debbie Peck, Laura Smith, Genny Nulph, Joy Prestia, Manager Debbie Hurley, Kneeling; Kathy Crotty, Pam Mongelli, Lonnie Jeffords, Amy Guhne, and Crystal Hunt. Not pictured; Diane Jordan, Ann Loftus, Chris Beidleman and Robin Dobrzykowski.

(Kneeling); manager Debbie Hurley, Randy King, David Lidz, Mike Klos, John Bryant, Rob Beidleman, Geoff Mason, David Berson, Blake Fetrow, and Rob Meissner. Left; Will Dirks stretches out before the race.

Boys Cross Country

The Varsity A Boys Cross Country team had a few disappointments during the season; but when it came to the County meet, the team pulled together. They won the AA County meet, which they have won six times in the last seven years. The team was led by John Bryant, who placed on the All County first team, and Will Dirks and Rob Beidleman, who placed on the second team.

The Varsity A Boys then placed first in the Regionals, by making a comeback and defeating teams such as: Westminster, Annapolis, and Old Mill. In this meet, Will made first team and John and Rob made second team. These boys were followed by Steve Cross, David Lidz, Tom Richardson, and Carter Rigsbee. Finally, the team placed eighth in the State out of more than a hundred teams. Other excellent runners not in the Regionals and States were Geoff Mason, John Baker, and Tom Cavallaro.

The Varsity B Boys were just as successful, beginning by placing first in the South Carroll Invitational and ending as number one in the Varsity B AA. They were led by Tom Richardson, who placed first. This team has won the AA County meet five times in a row.

The captain of the team was Steve Cross; Unsung Hero: Curtis Aasen; and the most valuable players were John Bryant and Will Dirks.

Top Right: The Boy's team starts in the state meet. Bottom Left: The girls of CC before a race. Bottom Right: John Bryant running hard at the State meet.

Pom Pons

The 1980-81 Pom Pon squad was sponsored by Mrs. Juanita Armbrister, who was a very supportive and encouraging sponsor.

This year's Pom Pon squad captain was Cathy Riley, the co-captain is Shelly Phelps, the treasurer is Daina Intlekofer, and the secretary is Donna Jarvis. The girls were very dedicated, practicing every day after school from 2:00 to 4:00. They usually practiced such steps as pin wheels, kicklines, snakes, and ripples. The Pom Pon squad has been working hard to receive recognition for their efforts. They too did their best to promote school spirit by wearing blue and gold uniforms on game days. The Pom Pon squad performs to current hit singles at home basketball games. The girls raised funds through bake sales, candy sales and car washes.

The girls definitely added spirit and entertainment to all the home basketball games. One of the main things the Pom Pon squad worked for this year was increased support for their efforts from the student body.

Top: Joanne, Bambi, Susan, and Debby, line up for a routine. Middle: Pom Pon girls line up to practice a ripple, using their pom pong. Bottom left: What do your pom poms have that mine don't? Bottom right: (Front row) Donna Jarvis (secretary), Cathy Riley (captain), Shelley Phelps (co-captain), Diana Intlekofer (treasurer), (Second row) Joanne Alewine, Bambi Lyberger, Susan Alewine, Debby Churchill, Karen Murphy, Lisa Green, Jennifer Holtz, Marti Greentree, Andrea Hunt, Connie Palmer, Genise Campeletlano, Dee Dee Arline, Shelia Emrick, Charlits.

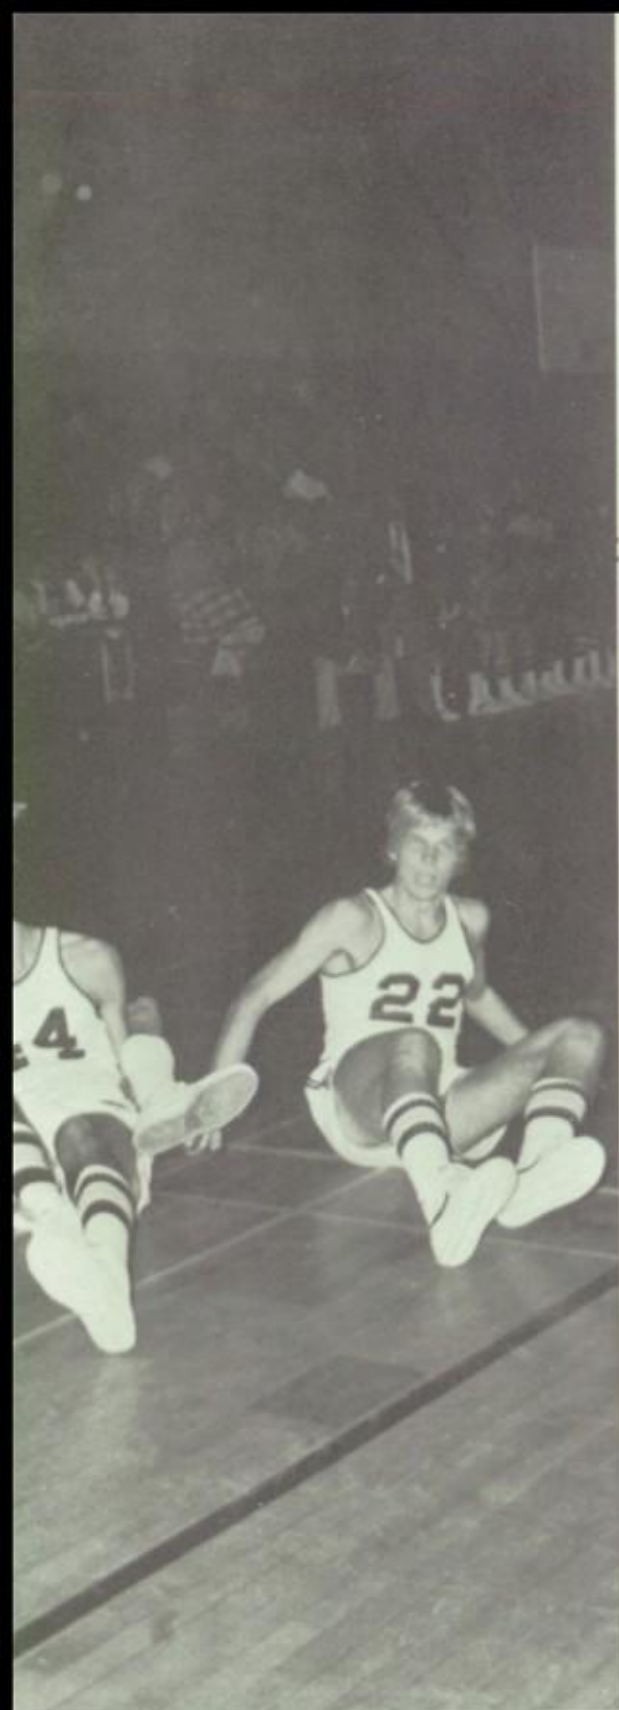

Basketball

The 1981 Varsity Basketball team, coached by Dennis Saylor, had a long hard fought season; progressing all the way to the Maryland AA semi-finals. Consistent play by all the players as well as tremendous fan support played the major role in their success. The Falcon's began their season with two big wins over Chesapeake and Andover. The excellence of play evident during these games was to be seen throughout the season. Led by the strong starting line-up of Eddie and Mark Cook, Jeff Sanders, Mark Waksmunski, Kurt Johanson, and Pete Hollerbach, the team compiled a record of 19-7.

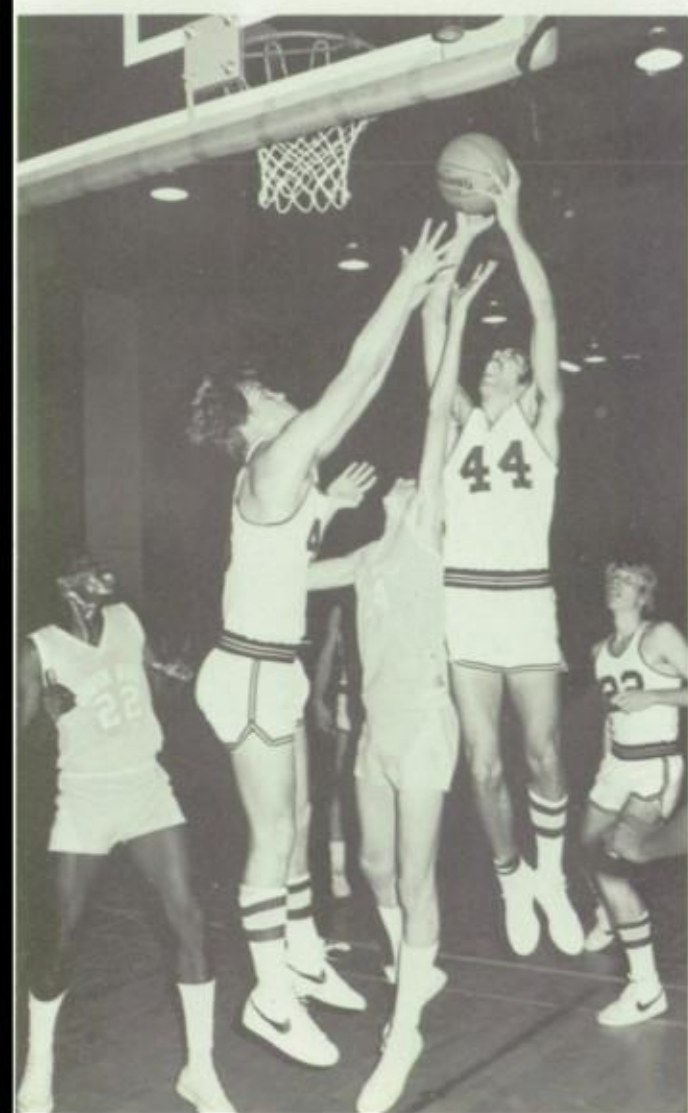

One of the highlights during the season play was the Falcon victory over Annapolis, which put the team in the AA semi-finals. The team played an outstanding game, although in the end losing it in the final seconds. While the Falcons failed in their attempt to capture a state championship, they came a long way. The Falcons ended the four year regional champions reign of the Panthers and for the first time ever, became regional champions themselves. Severna Park also became the first AA team in four years to defeat Annapolis.

Boys J.V. Basketball

The Boy's J.V. Basketball team had a successful 81 season, finishing with a record of 8 wins and 12 losses. Led by scorers Scott Wilkins and Todd Dowdle, the team averaged 44 points a game.

Excitement was evident in the season from the start. In the first game of the season, the Falcons came from behind in the fourth quarter to defeat the Chesapeake Cougars 41-38. In their second game, against Andover, the team led from the start to finish to defeat the Archers 62-49. Even when held to only 6 points in the first half against Meade the Falcons came back to close the gap to only 1 point.

Throughout the season the Falcons played with a spirit and determination that set them apart from the rest. When behind they never gave up but came back and gave it their all. It was this more than anything which made the season the success it was.

Top left: Falcon player tips off the beginning of another victory. Middle right: Coach Mook discusses "Falcon Strategy". Bottom left: Number 41 takes the foul shot. Bottom right: The 1981 JV Basketball team.

Girls Basketball

The Girls Varsity Basketball team began the season with two new coaches; Mr. McGrath and Mr. Vorn. Although neither of them had any previous experience with girl's high school ball, they made up for it with the exuberance and determination they brought with them.

Problems could be seen early in the season, for, of the twelve players, only four had varsity experience and that was very limited. The team's starting lineup had never worked together before. Plenty of hard work was required to shape the team and give it some experience.

The result of this hard work and sacrifice was best seen in the Falcon's game against Arundel. After getting off to a slow start and trailing 22 to 9 at the half, they scored 45 points to pull out a score of 54 to 50 and pick up their first win of the season.

The season was summed up best in the words of Coach McGrath; "With a lack of experience and height things were tough, as the record indicates. What the record doesn't show is that this group of twelve players is a group of winners, because they gave it their best effort everytime and never gave up."

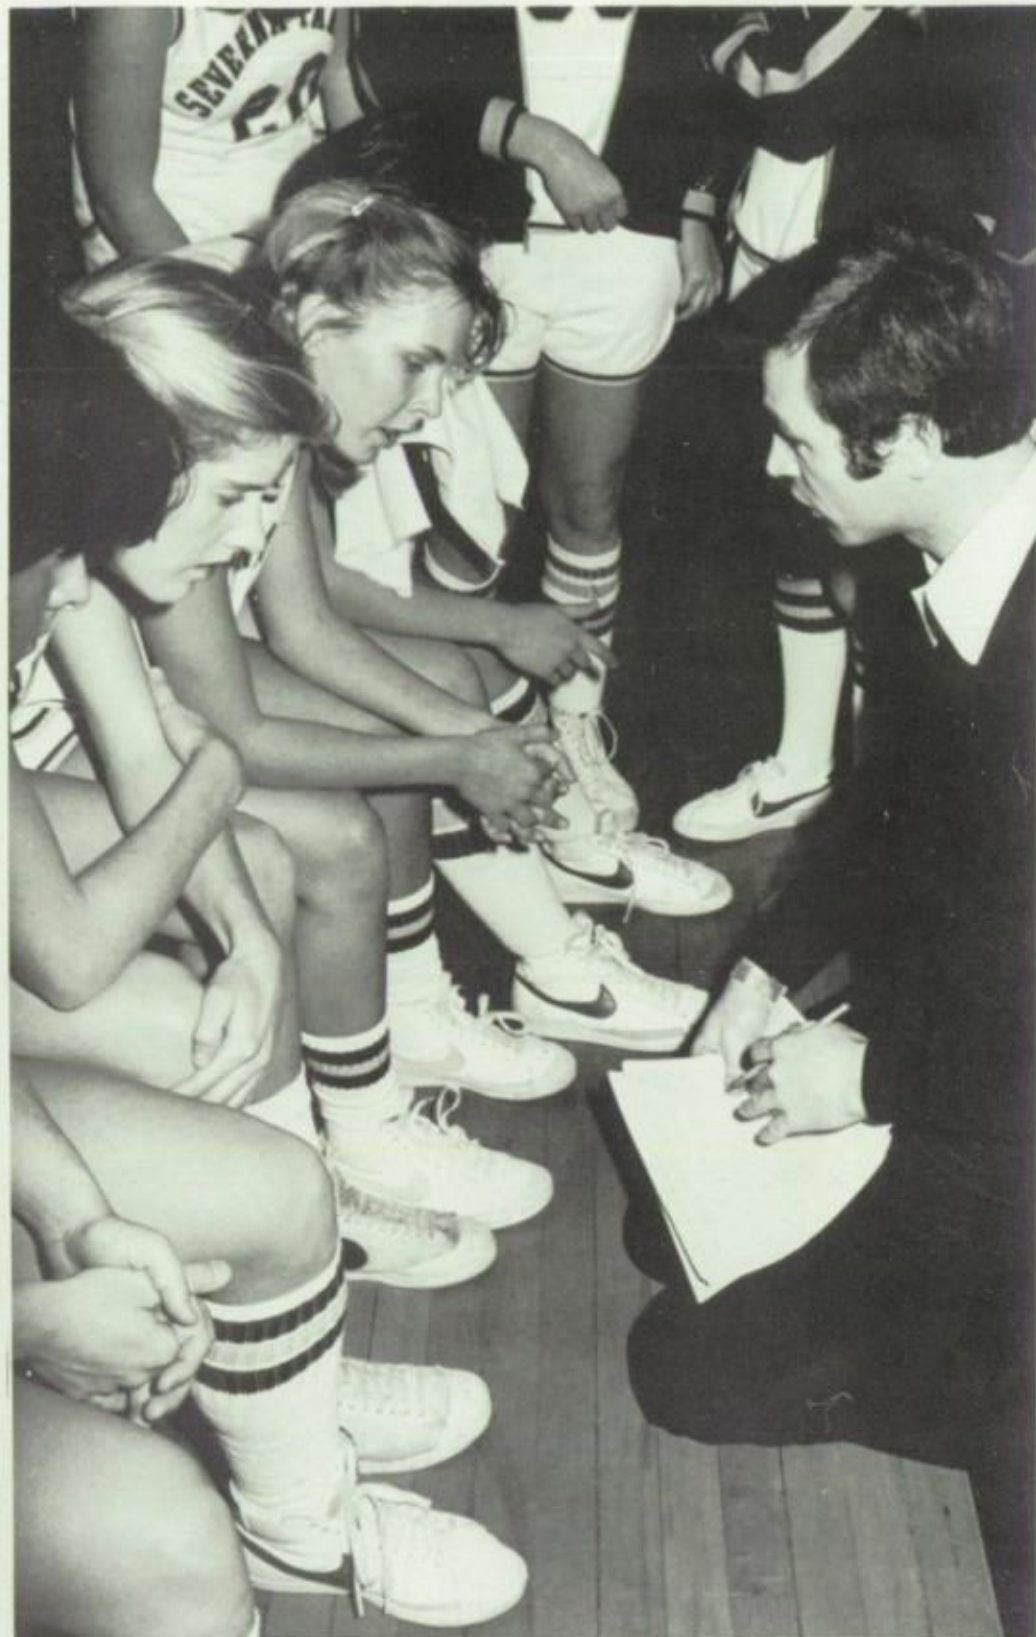

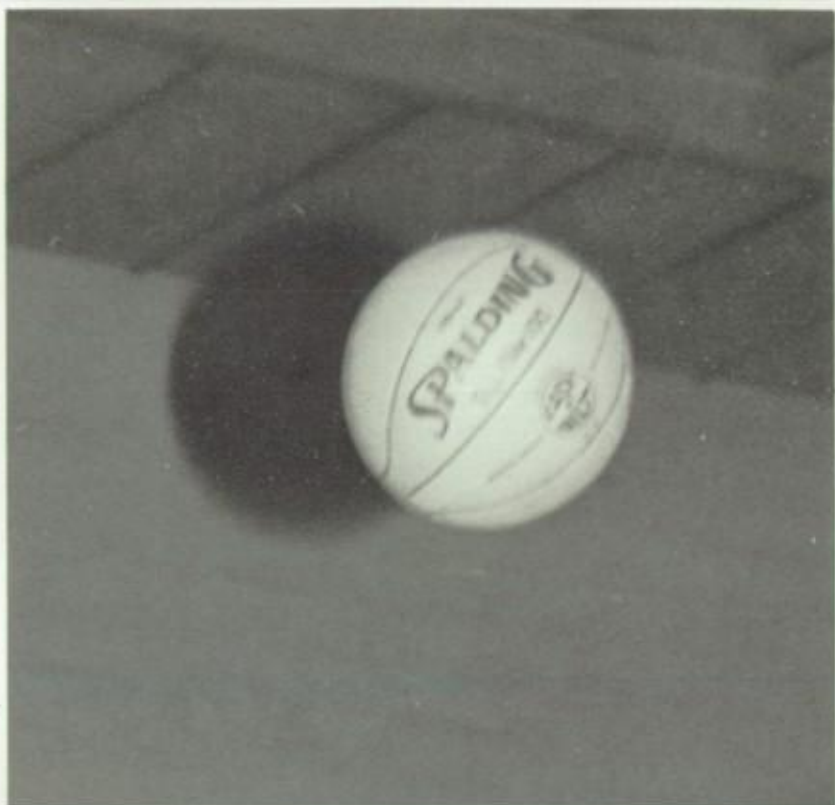

Top right: Ann Depperman looks for an open Falcon. Bottom left: Lisa Farrell shows her excitement. Bottom right: Monica Clemens drives her way to the basket.

Top left: Terri Toole waits impatiently . . . Bottom left: Falcon player fakes her opponent. Bottom right: "Falcon Anticipation." Middle: Monica Clemens.

Top left: The star of the game. Middle left: Terry fights for possession of the ball. Top right: Coach Voin gives a pep talk during half time. Bottom right: Monica Klemens gets tough on defense.

J.V. Girls Basketball

The girls J.V. Basketball team opened their 81 season with an outstanding win over rival Cheasapeake. The skill, spirit, and determination which was evident in the game foreshadowed the caliber of the play which was to become their trademark throughout the season.

Led by highscorers Bridget McConnell, Diane Sharper, and Sherry Vain, the team emerged victorious in ten of their first twelve games before hitting a slump at the end of the season. The girls eventually finished the year with a record of eleven wins and six losses.

Overall, the girls basketball season was a success, with the experience that was gained, the team members should all prove to be a valuable asset to next years varsity team.

Top left: The team listens to last minute instructions from Coach Russell. Middle left: Severna Park girls block a pass. Bottom left: A fight for the ball. Bottom middle: #13 performs a lay up shot. Bottom right: Falcon girl tries to prevent shot. . Top right: The 1981 J.V. Girls Basketball team.

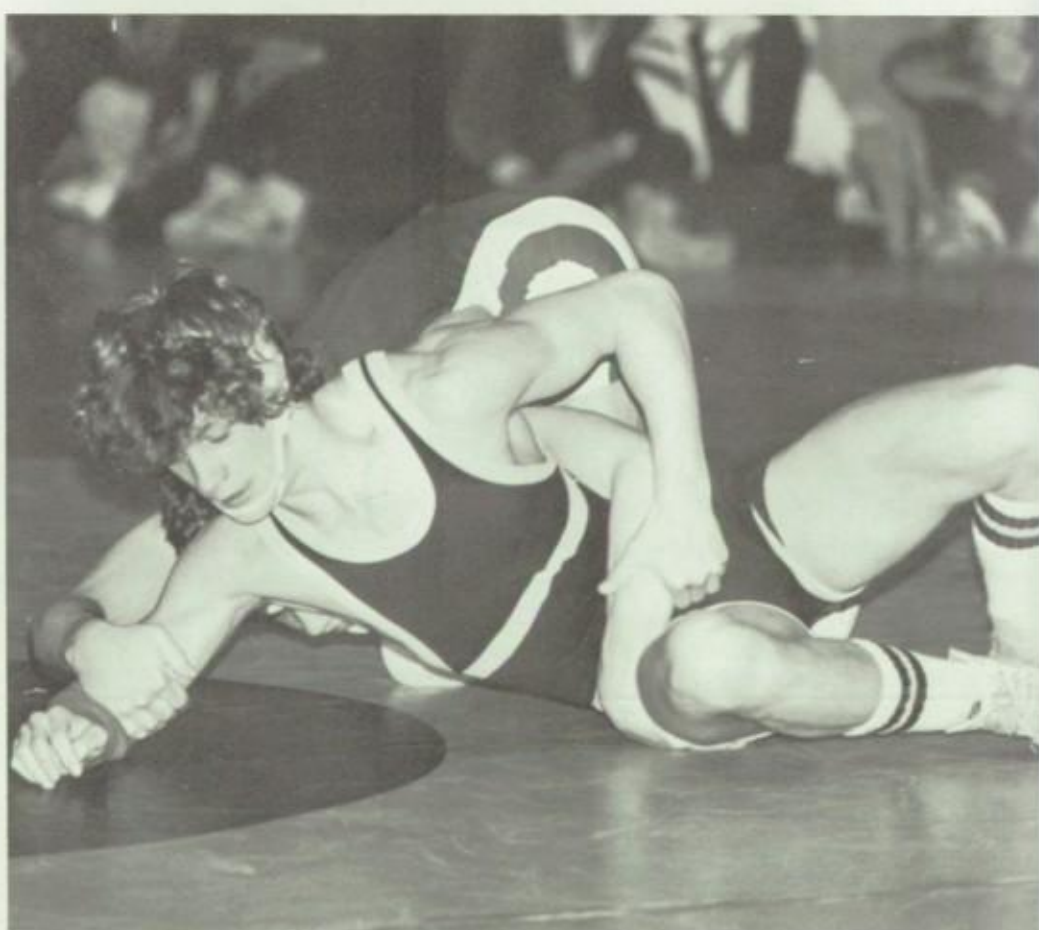

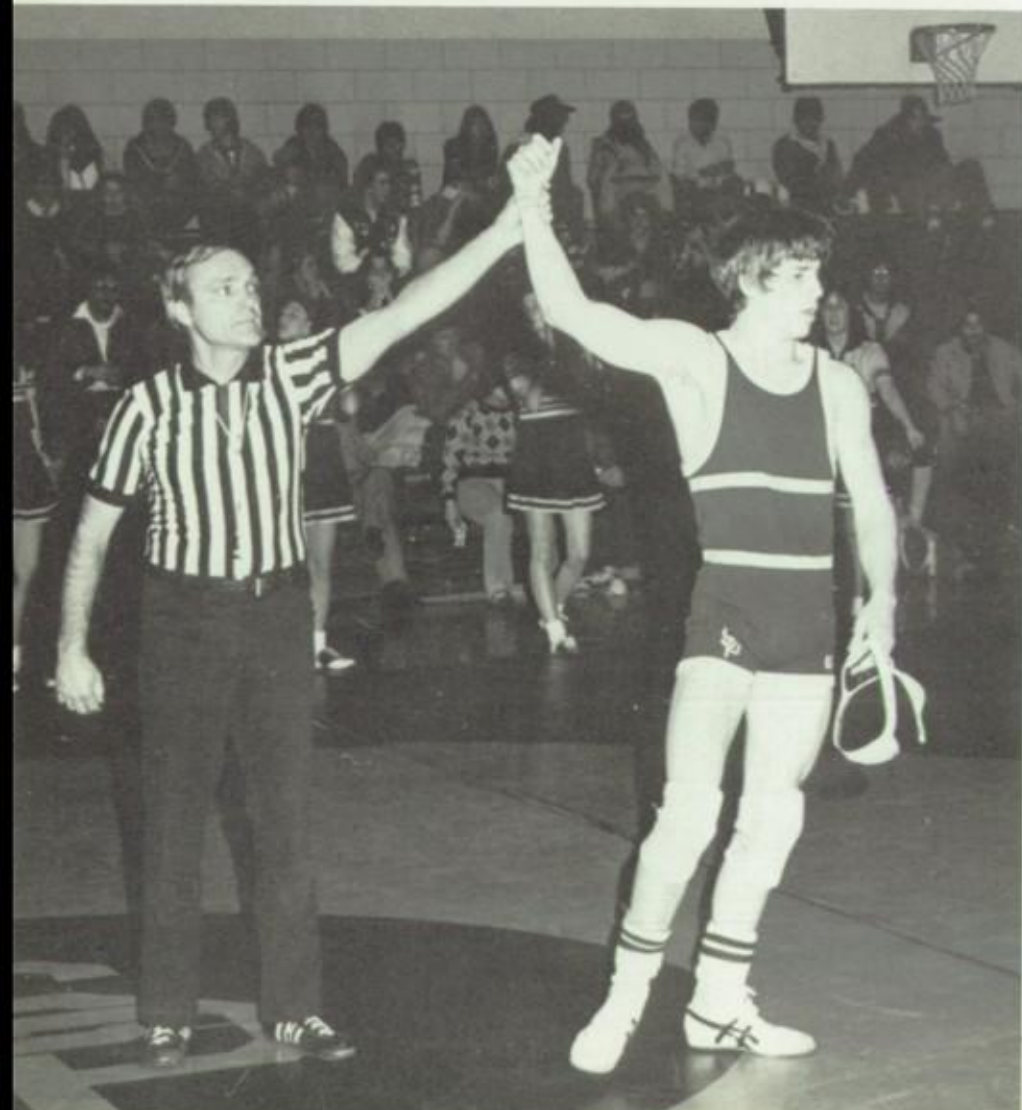

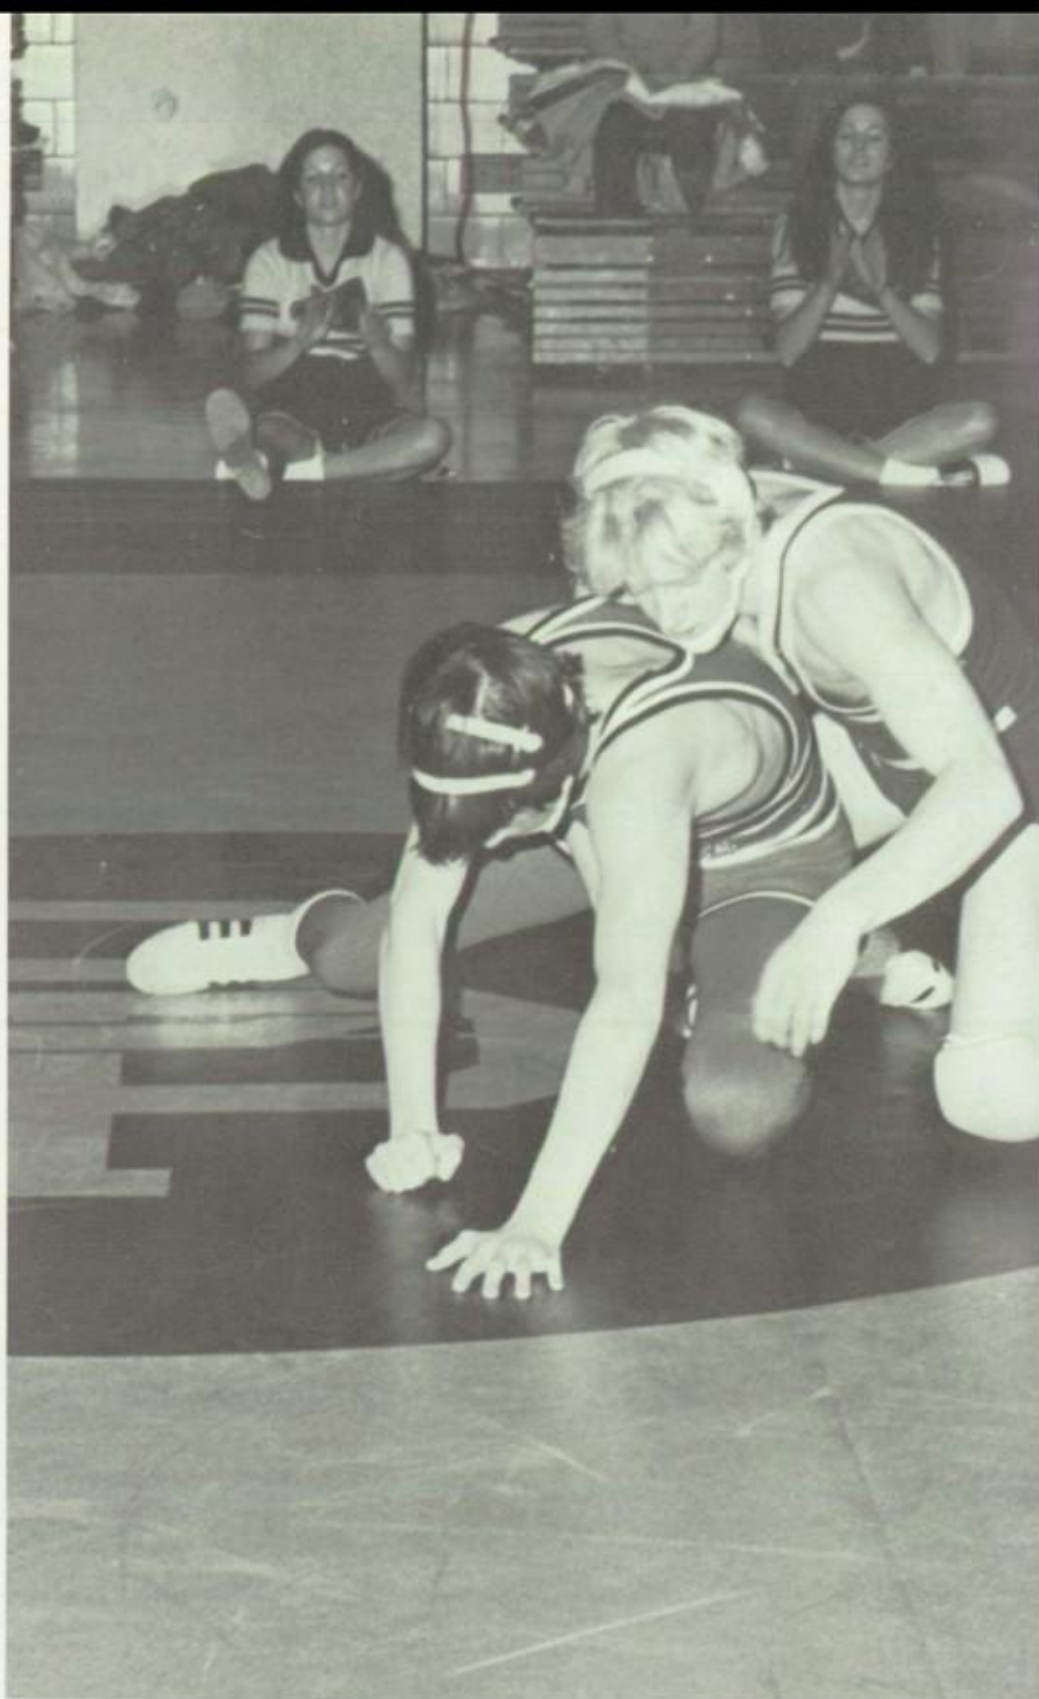

Wrestling

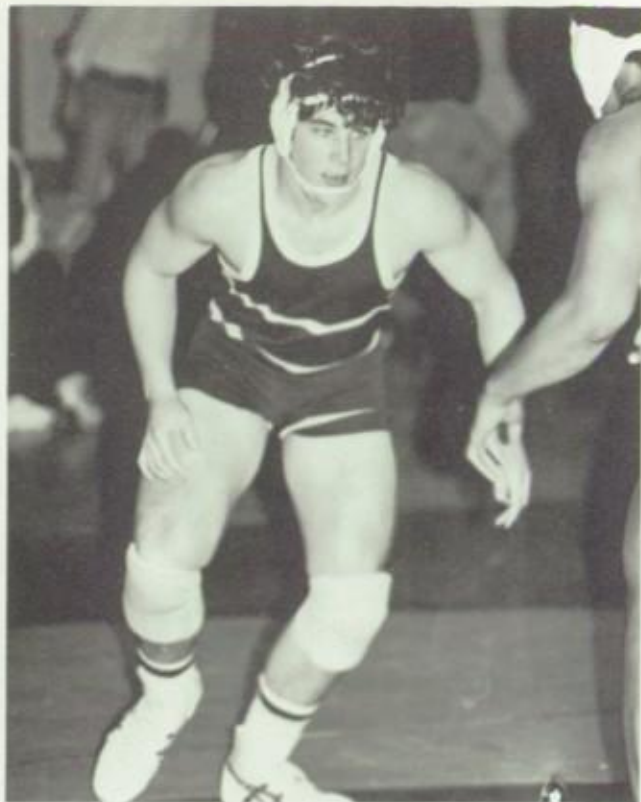

Although the Falcon Varsity Wrestling team got off to a bad start, they ended the 1980-81 season with the respect of all Maryland high schools. They wrestled the toughest competition around and finished with a 9-2-1 record.

The Falcons placed two wrestlers in the state finals this year. They were George Claxton and Beau Nichols. Claxton became a state champion and Nichols placed second. Both had an excellent season. The team itself placed second in the state finals, the best placing in six years.

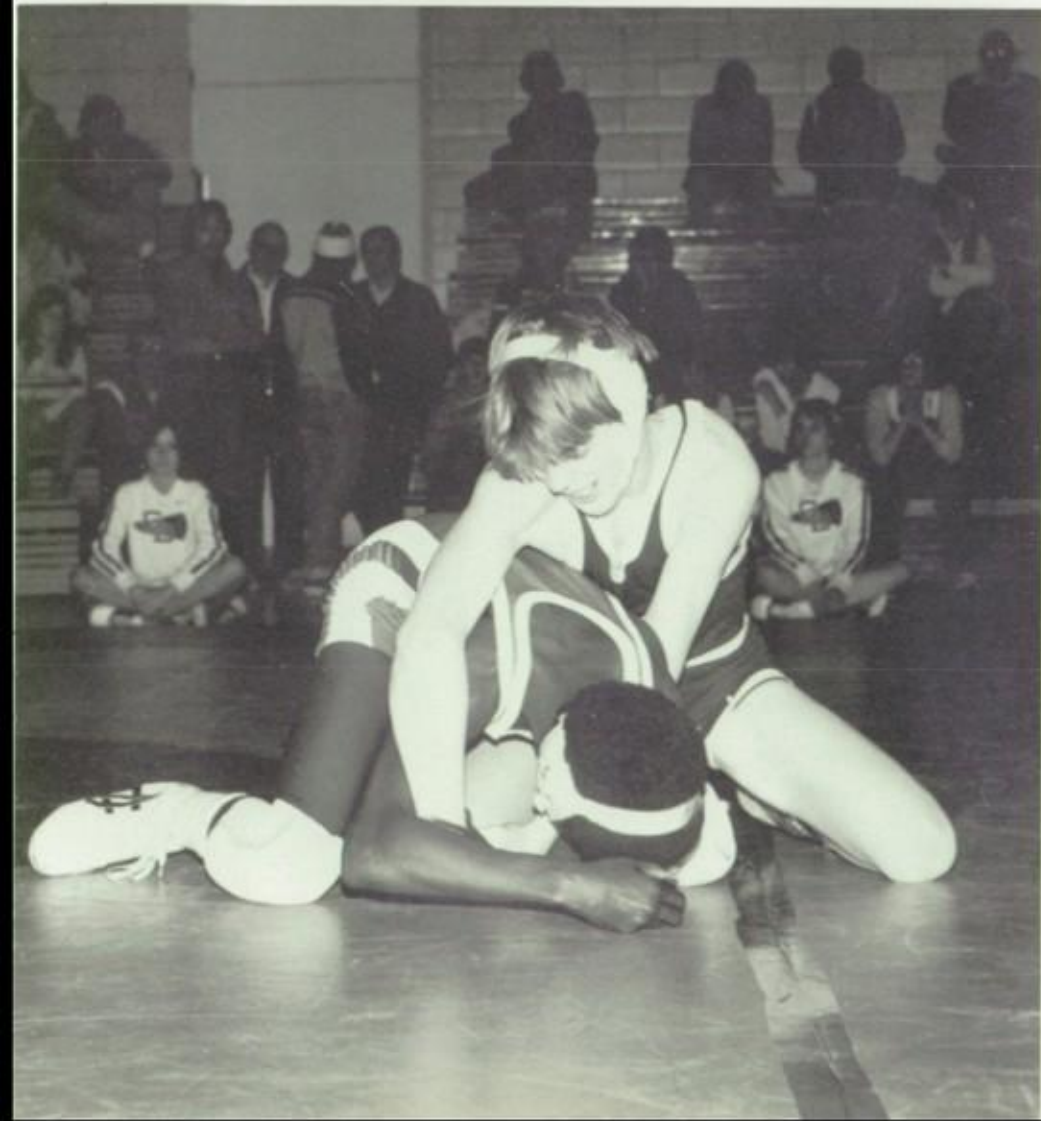

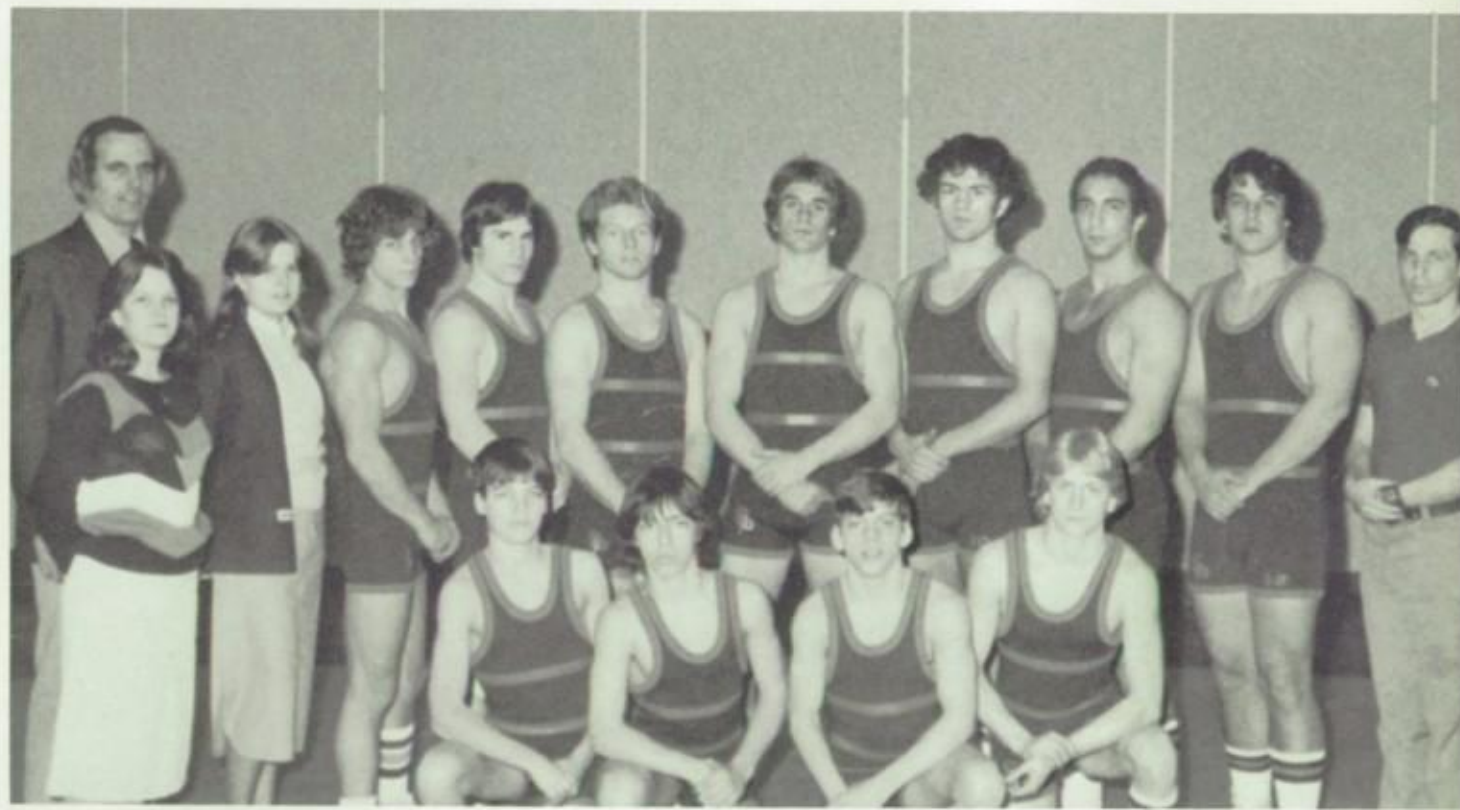

The Falcons successful year was the result of hard work and team effort. Congratulations!

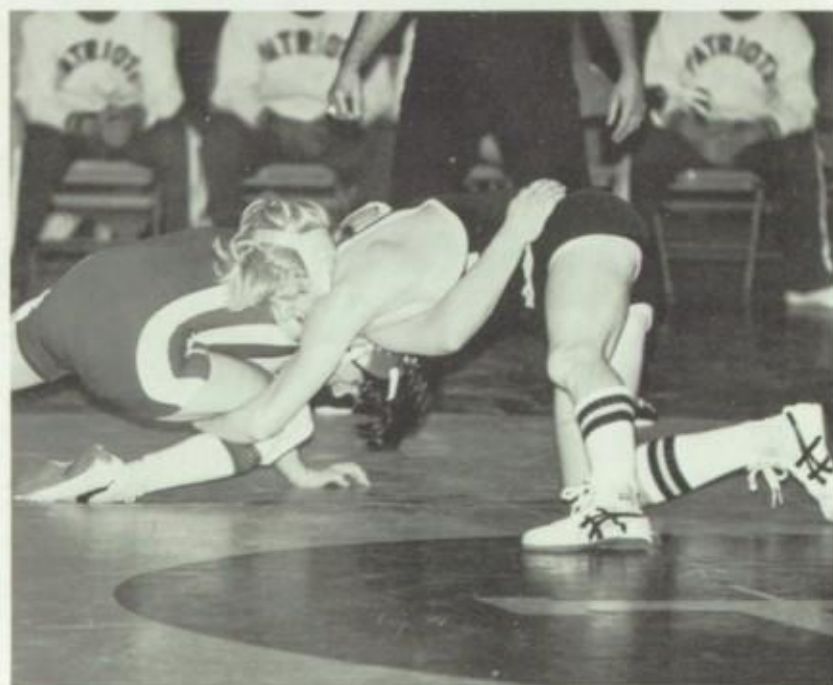

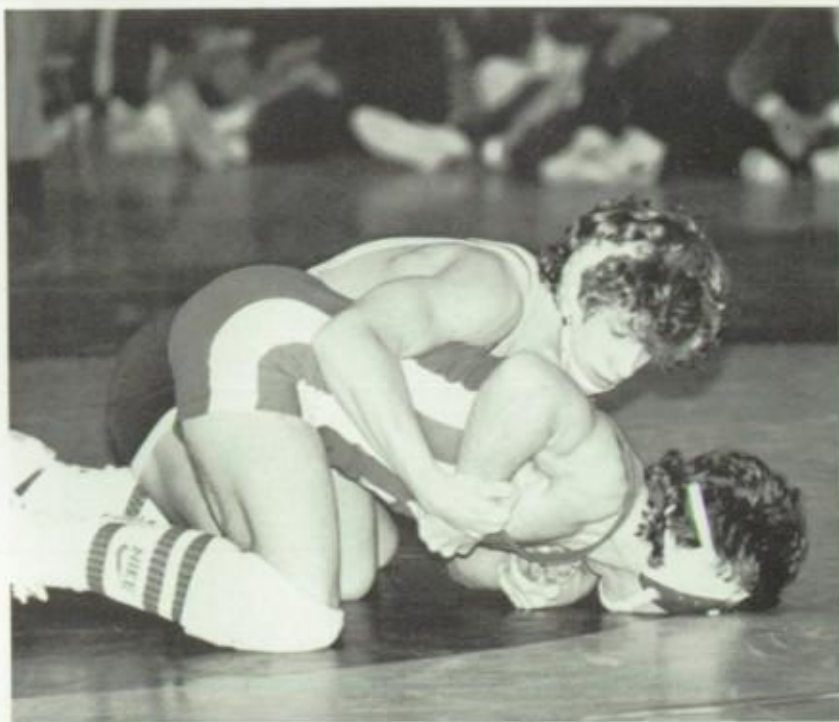

Top middle: Charlie Schauble has the advantage. Bottom left: Victory for Doug Appleton. Bottom right: George Claxton braces himself.

Top Right: The "Moose" is on the loose. Middle Right: (Back row) (Left-right) Coach Chuck Seivert, Karla All, Sharon White, George Claxton, Doug Appleton, Chuck Reyeur, Beau Nichols, Rob Weaver, Paul Tilles, Kurt Tritaik, Ralph Pratt, (Front:) Eric Mason, Herman Shreve, Dick Willis, Charlie Schauble. Not shown: Todd Nichols, Assistant Coach Keith Smith, Vickie Zuchelli, Kathy Rannigar. Bottom Left: Eric Mason attempts to hold his opponent. Bottom right: Paul Tilles places number one in the county tournament.

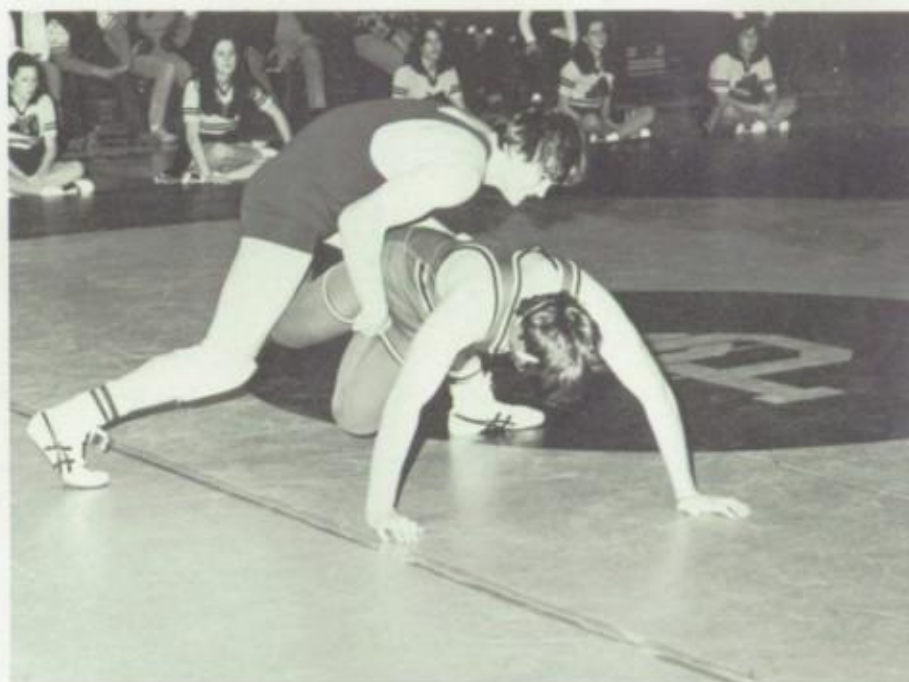

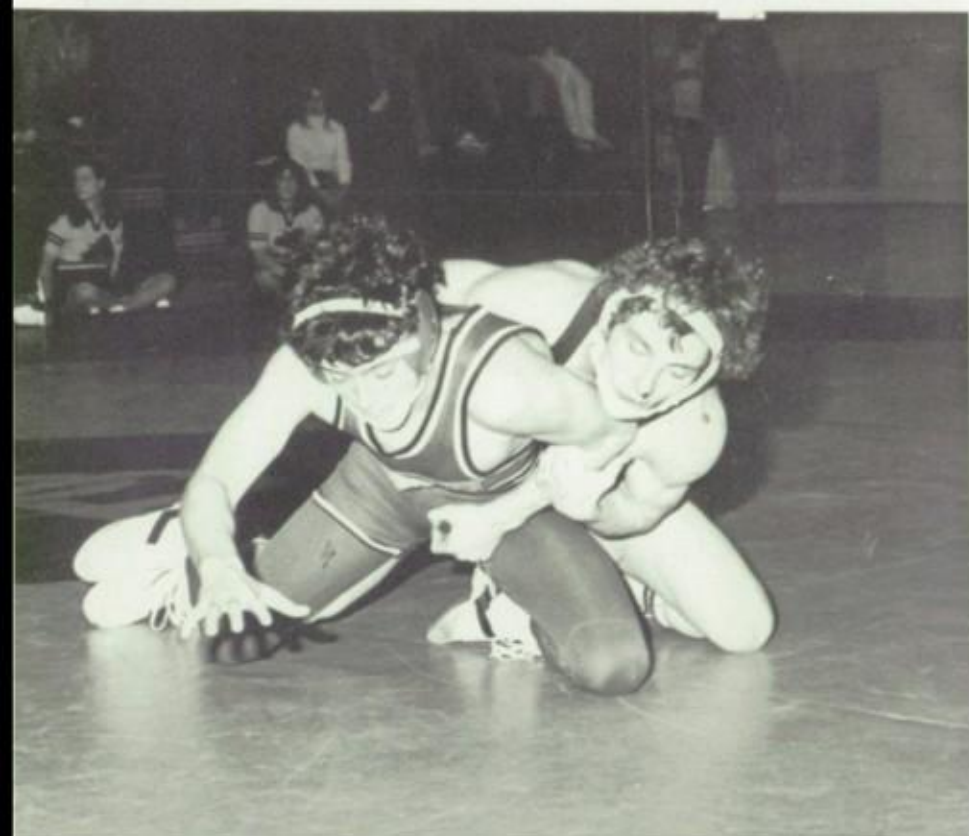

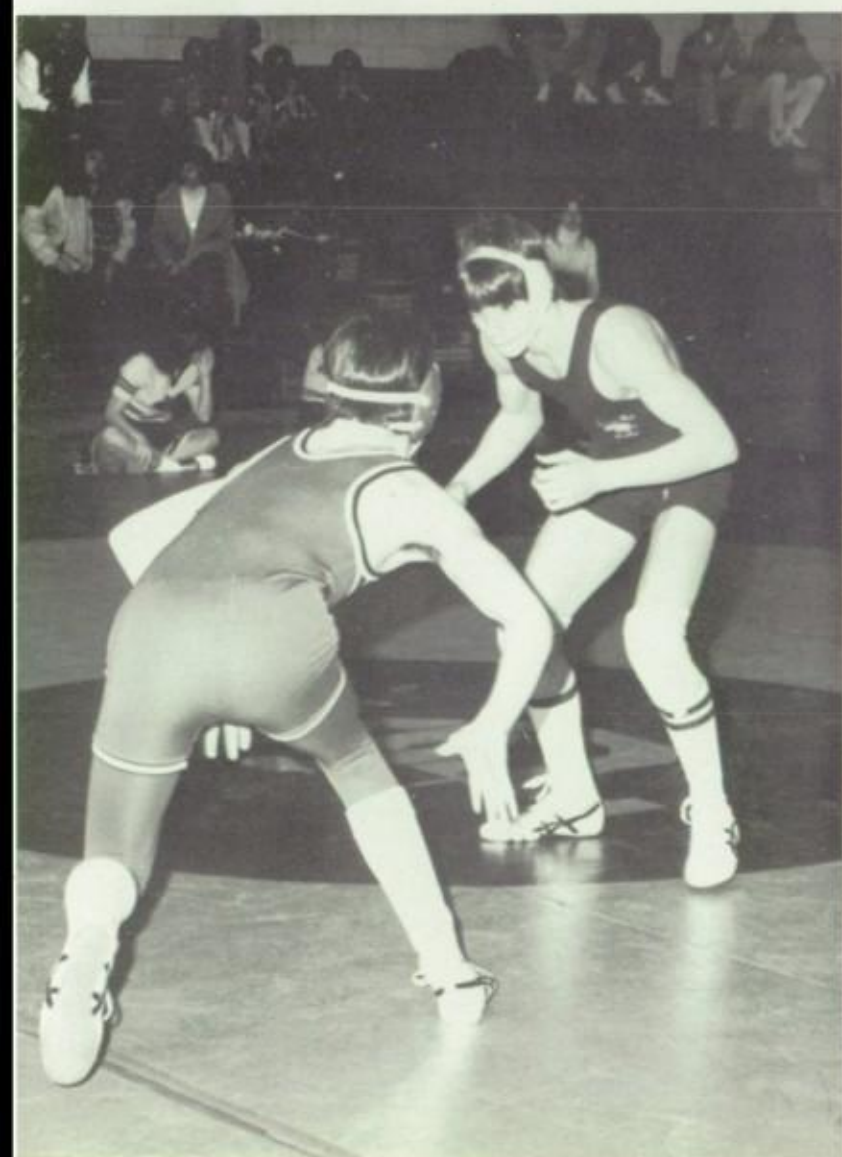

Top left: George Claxton flattens his opponents's face into the mat. Middle left: Falcon wrestler goes for the take down. Top right: Rob Weaver gets psyched before facing an opponent. Bottom right: Coach Sievert shouts advice from mat side.

J.V. Wrestling

Top left: Frank Ashburn puts the pin on the Patriot. Middle left: Tony Baumgarten gets control of his opponent. Bottom left: The beginning of another match. Top right: Frank Spiegel attempts to "break down" his opponent. Bottom right: The 1981 J.V. Wrestling team.

Indoor Track

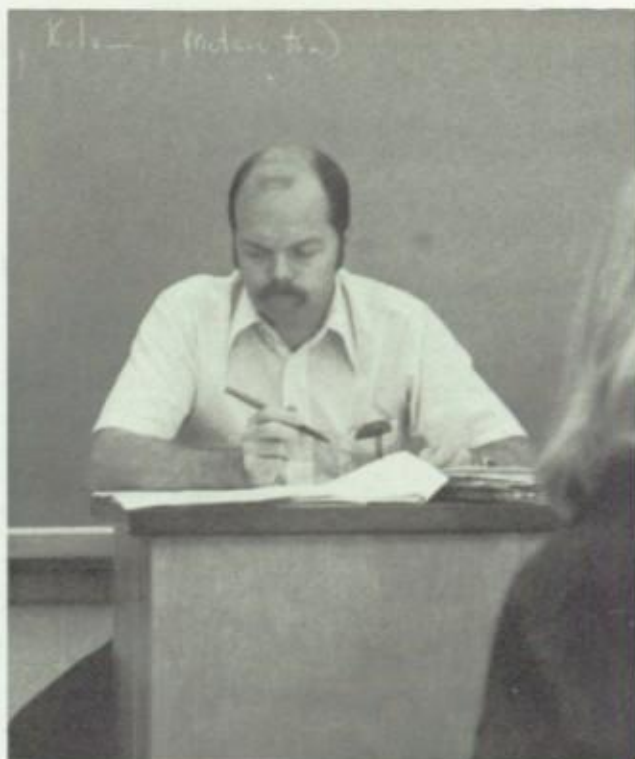

This year's Indoor Track team had an overall outstanding season. Although it was thought this season would be a rebuilding one, the Falcon's really showed thier stuff by taking the Girls County Championship and Boys 2nd place teams' honor. All this was achieved with an almost all "rookie" lineup.

Some of the outstanding runners during the "81" season were Karen Taylor, Robin Pascal, Lonnie Jeffords, Debbie Hurley, Jill Holman, Diane Landis, Carter Rigsby, Rick Carlson, Mark Fulton, and John Bryant. All of these people qualified for and did very well in the State Meets.

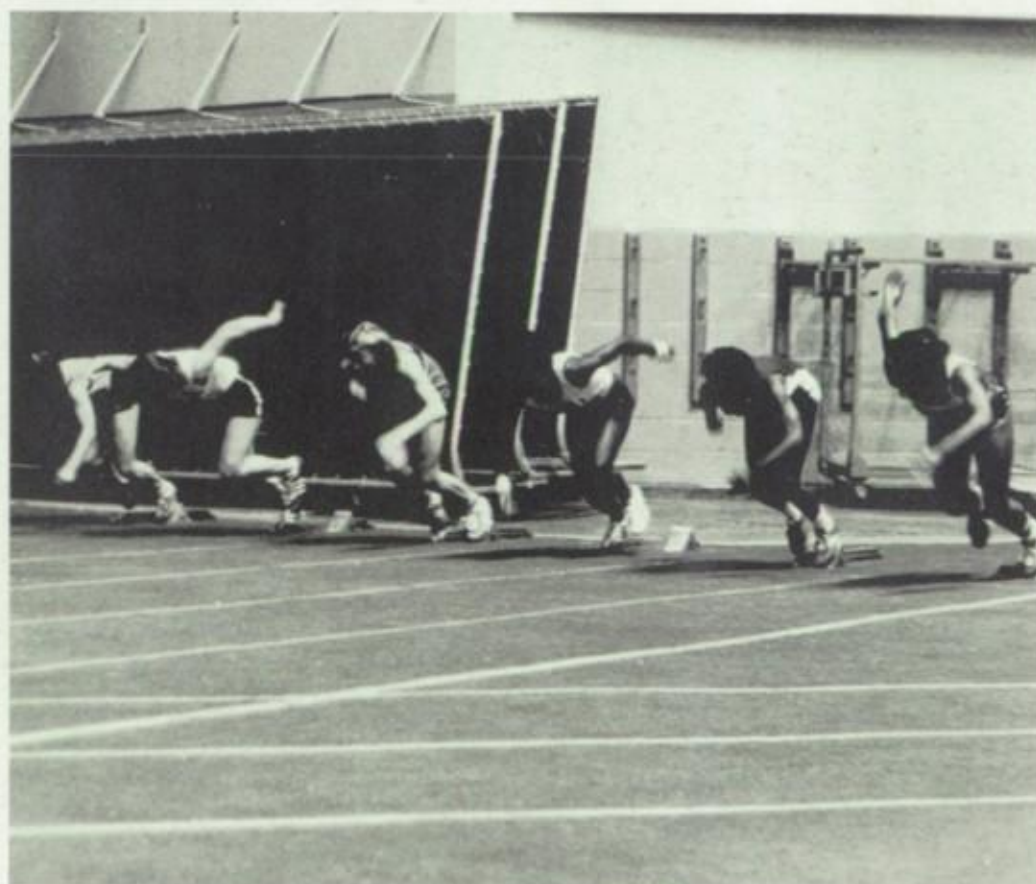

Overall Coach Patten felt that this year's team was very strong in both running and, spirit and dedication. It was this dedication which helped to shape them and accounted for their great success.

Middle: Falcon hurdler strives to achieve the lead. Bottom left: Debbie Hurley "winds up". Bottom right: Tom Richardson made his move on the Meade runner.

Top Right: Their faithful leader. Middle Right: Bottom Row (left to right) Robin Pascal, Carol Martino, Laura Smith, Debbie Peck, Diane Jordan, Debbie Hurley, Lonnie Jeffords, Karen Eiring. Row 2-Kathy Crotty, Kathy Leisure, Karen Taylor, Diane Landis, Kim Gresham, Sua Miller, Karen Crotty, Chris Beidleman, Vickie Young, Jill Holman, Row 3- Blade Fetrow, Jim Columbo, Mike Klos, Dan Grieco, Geoff Mason, Mike Carlson, Cliff Kopf, Paul Moffet, David Lierman, Tom Richardson, Rick Crow. Top Row-Mr. Barto, Curtis Aasen, Joe Haley, Mark Fulton, Carter Rigsby, Tom Cavallaro, Daryle Holmes, Steve Cross, John Deal, Rick Carlson. Bottom Left: Karen and Kathy Crotty take a warm-up lap together. Bottom Right: The race begins.

Golf

The golf team, under the coaching of Mr. Robert Leake, enjoyed one of its most successful seasons. The team finished the regular season undefeated while winning the county and district tournaments by 19 and 18 strokes respectively. In outer county play, Severna Park beat Bel Air, Howard High, and swept the Westminster invitational by a record 38 strokes. The players finished up the season by placing fourth of 43 teams in the state finals at the University of Maryland.

The team was led by Mark Perreault who was individual low medalist in the Westminster County and district tournaments. Senior captain Bob Hoffman finished third in the districts and John Aiello came in second in the county tournament. Junior, Andy Wood, and Chris Hogan, a sophomore, played well throughout the year. There are a number of underclassmen returning next year that will keep Severna Park's record of success alive.

Bottom left: Bobby Hoffman tees off. Middle: Andy Wood takes a mighty swing. Bottom right: Coach Leake and four of his star players

Top right: Jay Katz "winds -up". Middle right: Top row: Mark Perreault, Jay Katz, Ron Prass, Jim Gary, John Aiello, Andy Wood, Bobby Hoffman. Bottom row: Teddy Smallow, Ralph Hoffman, Don Oldershaw, John Jolly. Bottom left: John Aiello watches to see where his ball lands. Bottom right: Ron "Scooter" Prass practices for the putt.

Cheerleaders

As the years pass, the tradition lives on; "Falcon cheerleaders promote school spirit." This tradition was even more evident with the 80-81 sports year.

Tryouts were held in the spring of 1980; the most athletic and enthusiastic competitors were selected by the advisors, Miss Munden and Miss Wilcher.

There were three squads: Varsity A, Varsity B, and Junior Varsity. The A team, headed by co-captains Dana Hagner and Missy Smith, cheered for wrestling matches and football games. Varsity B was responsible for cheering at soccer and basketball games with team captains, Stacy Mosier and Michelle Johnson. The third squad, JV, captained by Jamie Park and Rene Hecht, cheered at all JV games. All the captains led the cheers and served as spokesmen for their squads.

All Severna Park cheerleaders carry a large responsibility as representatives of the school and as promoters of school spirit. They also raised money for new uniforms by holding bake sales and selling FALCOLN seat cushions.

Middle: Varsity B Cheerleaders stir up the crowd during a soccer game. Bottom left: Missy Smith and Ellen Hanason cheer to Falcon Wrestling fans. Bottom right: Lynn Hess intently watches the Homecoming game. Opposite page: Bottom left: Ellen Duffy and Missy Smith show their enthusiasm at a "FALCON VICTORY!"

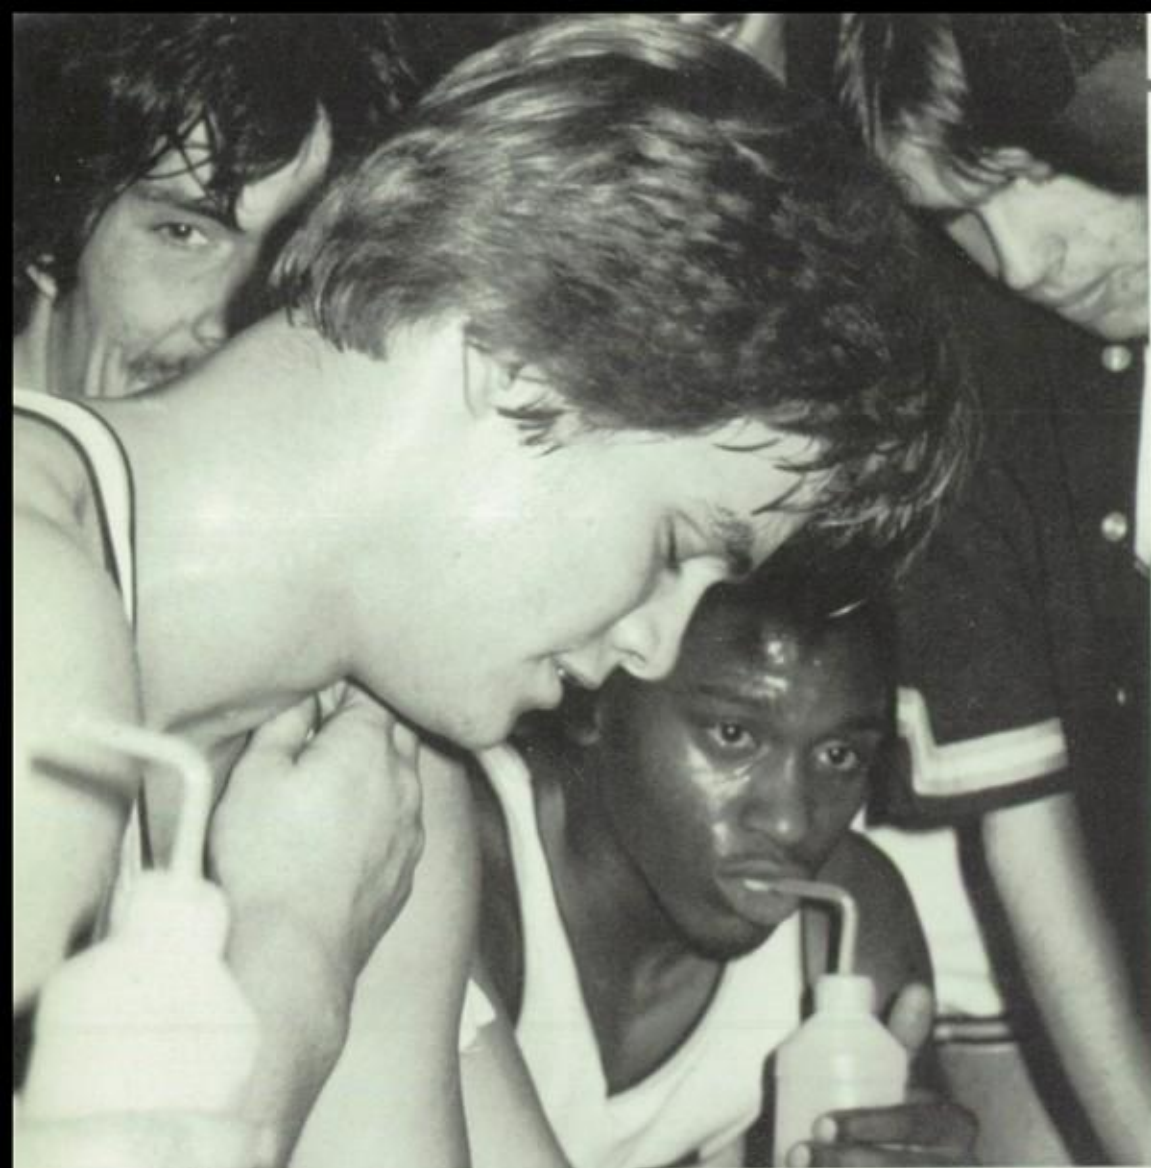

Varsity A: Front row: Ellen Hanasen, Dana Hagner, Lynn Hess, Second row: Karen Bryant, Missy Smith, Susie Kirk, Denise Nash, Carol Bryant.

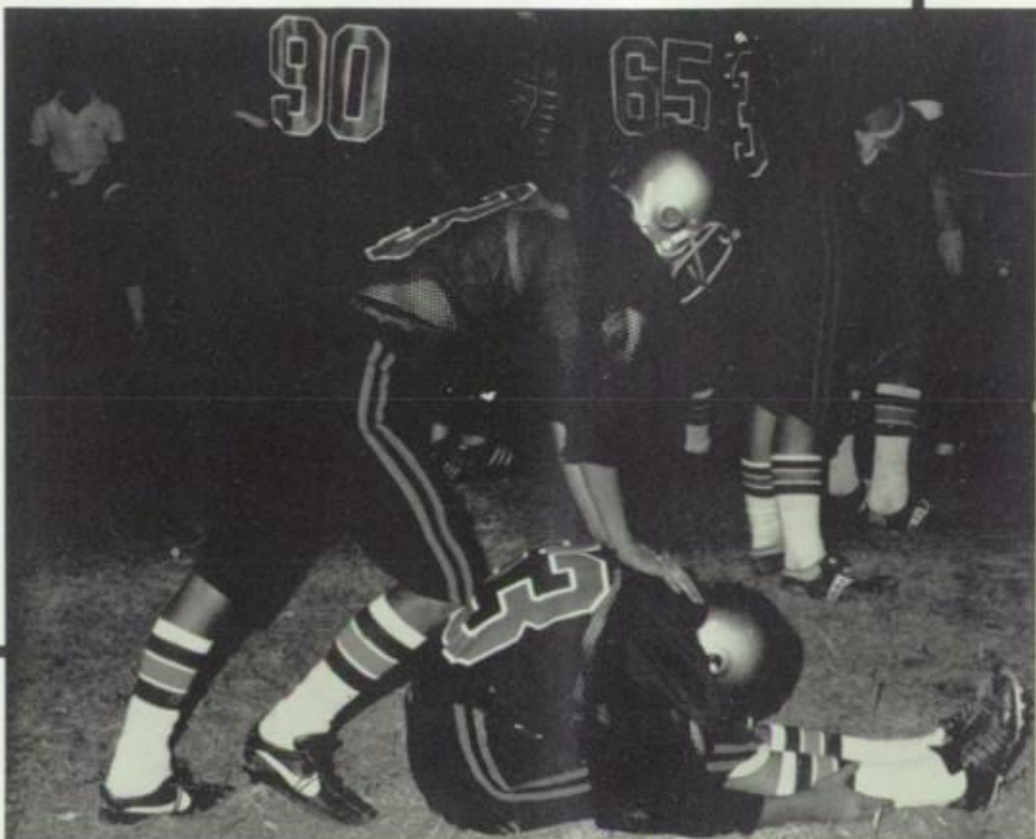

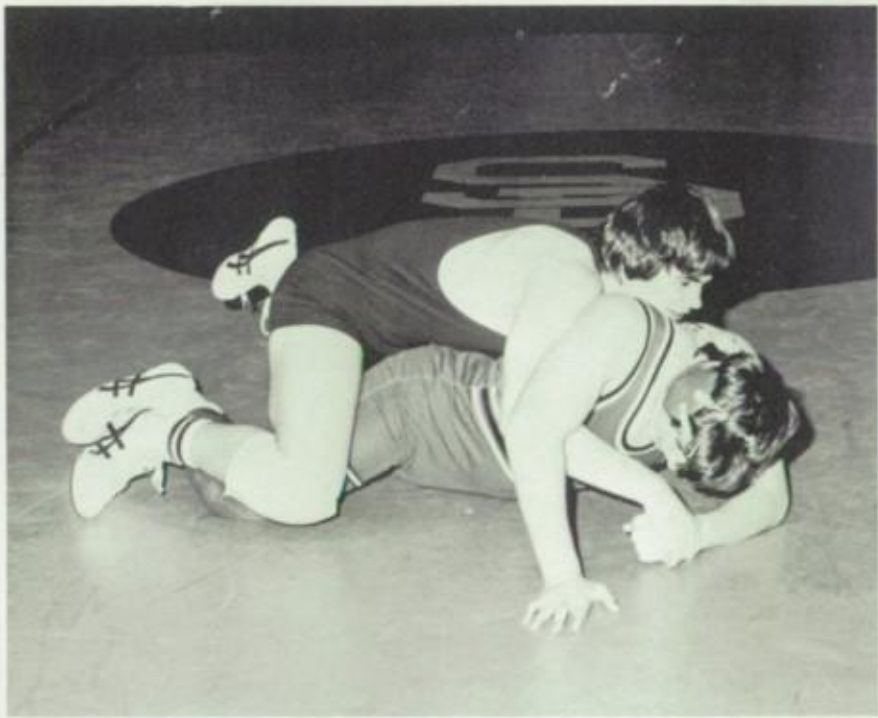

Varsity B: Chris Russell, Second row: Stephanie Purello, Michelle Johnson, Stacy Mosier, Cindy Gavalak, Third row: Kris Dehm, Toby Cihocki, Becky Appleton, Jodi Schneider, Sharon Flicop.

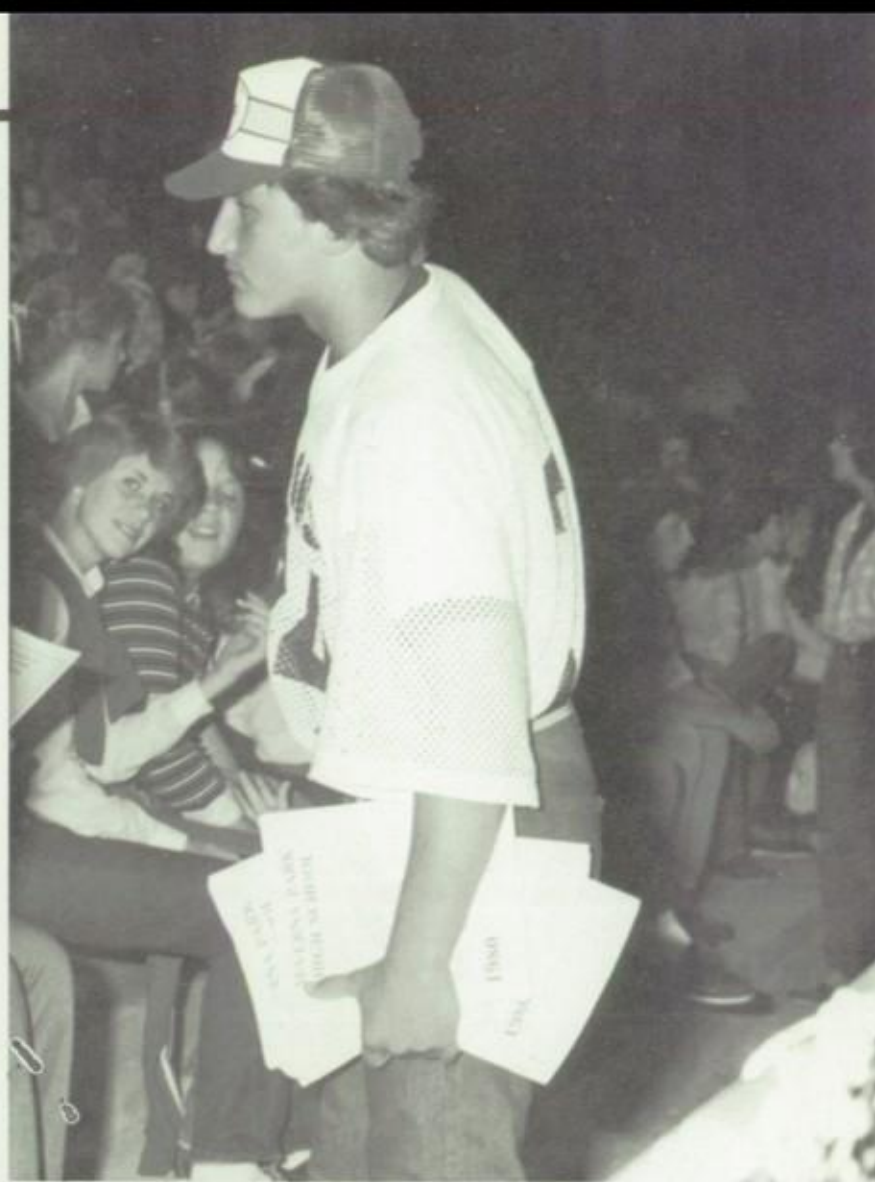

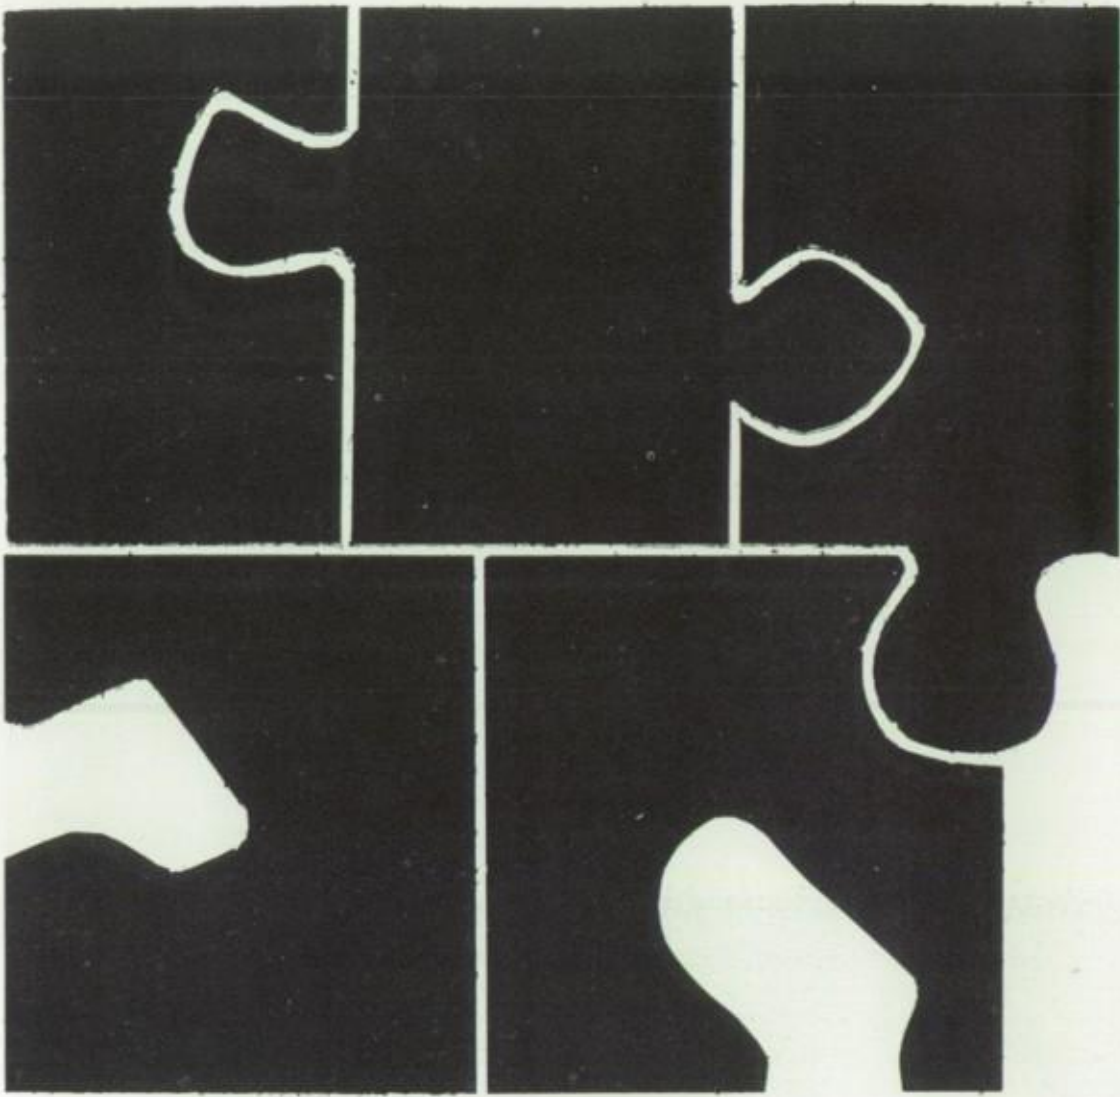

J.V.: Front row: Rena Hecht, Jaime Parke, Julie Mollock, Second row: Kathy Bardon, Sue Sanders, Mona Lewis.

PEOPLE

Senior Class Officers: President-Doug Nelson, Vice President-Betsy Buckley, Secretary-Lori Bohlman, Treasurer-Randy King, advisors-Dina Novak and Geraldine Wiberg.

This year's Senior Class under the leadership of Doug Nelson, Betsy Buckley, Lori Bohlman, and Randy King and the sponsorship of Mrs. Novak and Mrs. Wiberg hoped to promote a fun-filled, spirit-boosting senior year.

The Kickoff Dance proved to be a success. With the tremendous help of Tricia Ingram and Cynthia Case, the seniors enjoyed the first activity of the senior year.

The seniors put tremendous effort into the senior class float. Using Pat Benatar's "Hit Me with Your Best Shot" as the float theme, the float pictured our fearless Falcon and a scared enemy Cougar. Using Marti Greentree's garage for a hideaway, the seniors built the float in a week without any ransacks or stolen goods.

The seniors turned to fundraisers to promote school spirit. Through the selling of Falcon terrible towels, school sweaters, and window stickers, the class raised money and promoted school spirit.

The class's two major fundraisers were the senior class play and Falcon Fair. The seniors produced an exciting rendition of Cole Porter's "Anything Goes" under the direction of Mrs. Truitt. The seniors also sponsored the rides at the Falcon Fair.

All of the effort worked toward what hopes to be an exciting prom at the Baltimore Hilton and a joyous commencement exercise.

Joe And The Bermuda Ocean Race

While many students tanned themselves at Ocean City admiring the waves this summer, Joe Della Barba was riding them. No, not on a surfboard but on the Coquina, his family's boat. What makes this so unique is that Joe, his family, and several friends sailed from the Chesapeake Bay to St. Georges, Bermuda in the Bermuda Ocean race.

Several weeks before the race Joe and his family spent time fixing up their boat and filling out entry forms. They also had to pay a \$50 dollar entry fee.

Finally, the day came. On June 21, 1980, twenty-five boats, mostly from the east coast and Ohio, set sail. Six hundred miles of 750- mile trip took place in the open sea. It took a total of seven days of continuous sailing to reach their destination. While some of the crew slept, the rest of them were working. "We had two watches, the A watch and the B watch. The days were split up into two sections-6 a.m. to 12 p.m. and 12 noon to 6 p.m. At night we had 3 four-hour watches, from 6 - 10, 10 - 12, and 2-6. The moon watch (6 p.m. to 10 p.m.) was great. Watching the moonrise is the prettiest thing I've ever seen. The sea was calm until we hit the Gulf Stream, from there it was rough the rest of the way." In spite of rough weather all their equipment stayed in working condition. The crew sailed by sun sights and dead reckoning and once a day the committee boat radioed to see if any of the boats were in danger.

Joe really enjoyed his stay in Bermuda, also. "The people there were really nice, and they didn't treat us like tourists. And there's hardly any pollution. The whole trip was the most excellent thing I've ever done."

Alan Fitch - Church Builder

Alan Fitch spent two weeks in the Dominican Republic building a church? How did he get this opportunity? His church, Marley Park Church of Nazarene, was asked by the church board in Kansas City to go as part of the missionary program. When Alan heard about it, he thought it would be fun & "something to do".

Twenty people from his church went; ages ranged from 16 to 79. Alan was the youngest member. They rented a house in La Romana and traveled 45 minutes by bus, on dirt roads to the site each morning.

The day started with breakfast: pineapple & Papaya. The men (there were 15 of them) worked all day with one break for a sandwich lunch. "We are allowed to sit down in the shade when we got tired, and we could work at our own pace. "I think we got a lot more done that way". While the men worked, the women cooked, shopped & talked to the local families.

No one knew how to construct the building so they learned as they went along. Any questions they had were answered by the District Supervisor who was also on the site. "Everything was done by hand. We hand-mixed the mortar; and rolled the cement up a ramp to the roof in a wheel barrow. It sometimes reached up to 90 degrees, and "that's when the working got hard."

The only definite rule the group had was: "Don't give anything to the natives." If they had given food, equipment or any other kind of supplies to one, then an entire population would show up & demand something. "The poverty there is incredible," Alan said, "Most of them work for three dollars a day, and their 'houses' were shacks! But if I had the chance I'd do it again. The entire experience was incredible!"

Theresa Leahy

Theresa Leahy-Model Rocketeer

"Altitude timer set, parachute in tact, all engines go, prepare for lift off." This is something you might find Theresa Leahy reciting during a rocket shoot competition. Rockets are Theresa's specialty and have been for seven years now.

The main influence on Theresa's start into rocketry was her sister Tina. What originally began in the basement with a simple rocket kit has now become rather involved hobby for the two of them. However, Theresa no longer uses kits. She takes great pride in building her own rockets from scratch using: simply wood, cardboard, tubing, and paint. "The engine is the only thing I don't build myself", says Theresa, "They have to be bought."

Rocketry is a year round activity for her but June, July, and August are the busy months. In addition to this demanding schedule she is a member of the National Association of Rocketry which is presently the number one club associated with the art of rocket schooling. Theresa has also reattained her license to fly rockets which must be renewed annually. According to Theresa, "You must have a license to fly because of the danger involved before, during, and after the actual shooting."

Rocket shoot competitions are much like track meets. There are a variety of events to match the various talents of those who enter. Theresa's favorites are the parachute shoot, the D-engine boost glide, the mercury shoot, and the dual egg lift. For the past three years she has placed in the top 20 nationally and the top 10 internationally, some rather impressive achievements. However, her stature as a rocketeer does not go unnoticed. She appeared on the cover of the February 1981 issue of the **Model Rocketeers** as Miss Sweetheart.

Theresa Leahy is just full of surprises and I'm sure we will continue to see more of them in the future. More power to you, Theresa!

A High School Politician

Jaime Schneider, a Senior here at Severna Park Senior High, has been actively involved in Student Government for all of his Jr. High/Sr. High years. He is currently the President of the Chesapeake Regional Association of Student Councils (CRASC), which is an organization made up of all the secondary school student councils in the Anne Arundel County. CRASC is an organization which works to help all of the students of the County. In the past CRASC has taken stands on such important issues as: the opening of Broadneck Senior High, Criminal Punishment, Implementing Sex Education (Focus Area III), writing Position Papers, and lobbied to keep Driver's Education in the curriculum.

In the past, Jaime Schneider has held many offices, both in school and in CRASC. In his Junior year, Jaime held the important position of the CRASC Vice President. In his Sophomore year he was the Treasurer of CRASC. Jaime was the Vice President of the Severna Park Junior High Student Government Association in 9th Grade, and was a Delegate during 7th and 8th grades. Along with being active in the school and Countywide Student Council, Jaime has also been active in two other Student Government Organizations. The Maryland Association of Student Councils and the National Association of Student Councils. Jaime has attended 12 MASC Conventions, along with being the Host Region for the 1981 Spring Convention held in March. Jaime has served on the MASC Executive Committee for the past year. The National Association of Student Councils holds an annual Convention each June. Last June, Jaime represented the County and State of Maryland in Denver, Colorado.

Although he has been so active in the County and Statewide Student Councils, he has still been actively involved in other school organizations. He was an active member of the Student Government in 10th, 11th and 12th Grades, as well as an active member of the Junior and Senior classes (class of 81). Jaime's plans are to go into politics. His ambition is to be a Senator, either for Maryland General Assembly or for Congress. He plans to go on to college, and major in Political Science. Says Schneider, "I really enjoy trying to make school better for the students of this County". "It makes me feel good to know that when something important was done to help the students of Anne Arundel County, I was actively involved in that process".

Carl Schlachte - Under The Limelight

Do you remember back in Elementary School when you were a tree in the "Big Play"? Carl Schlachte sure does! It was back in 3rd and 4th grades that Carl became interested in acting, but he didn't become actively involved until he was in 6th grade.

Since that time, Carl has been acting in many plays. He usually plays the part of a child or younger person. He also happens to play very strange roles - which are usually just the opposite of his natural character. Carl is very good at comical acting, but actually prefers dramatic roles. Carl has also directed a play. He directed this past fall's production, "The Miracle Worker".

Of all the roles that he has played in his career, many were here in Severna Park's Auditorium. In his Sophomore year, Carl was casted in the production of Ed-Opus, as Rex; (One Act Play Night). He received "Outstanding Actor for the Evening". In his Junior year, performance as Merriman in "The Importance of Being Earnest". He played the part of the Director in the Potman Spoke Sooth", for One Act Play Night; and also directed the Miracle Worker, in his Senior year. He played the part of Whitney in the Senior Class Production, "Anything Goes". Carl was in the play, "Pfeiffer's People", for the Repertory Company; this was performed at Bowie State College. He was awarded "Best Actor" at this Competition.

Carl's plans for College include future involvement in plays and Directing, however he does not plan to pursue an Acting Career, Carl enjoys writing and has written One-Act Plays for Mrs. Truitt.

When asked who Carl would most like to portray in a play or movie, He exclaimed, "A complex character, probably someone like P.T. Barnum, or Mark Twain". Carl feels at this time, he'd most like to play the lead in "How to Succeed in Business". He has a vivid imagination and used to write stories as a creative outlet. He believes this furthered his interest in Acting and the Theatre.

When asked how he feels when he's up on stage, Carl answered, "Not at all like myself; but the character. It's exciting to know that the audience likes the character you're portraying and it makes you feel good to see that they enjoyed the performance."

Rachel Griswold makes up a test.

Sheila Emrick

82

The class of 1982 began their junior year very well. In the fall, they sponsored a candy sale, which proved to be very successful. According to president Steve McCoy, "With the help of many profitable fund raisers, we made the class of '82 the best class in the history of Severna Park High School."

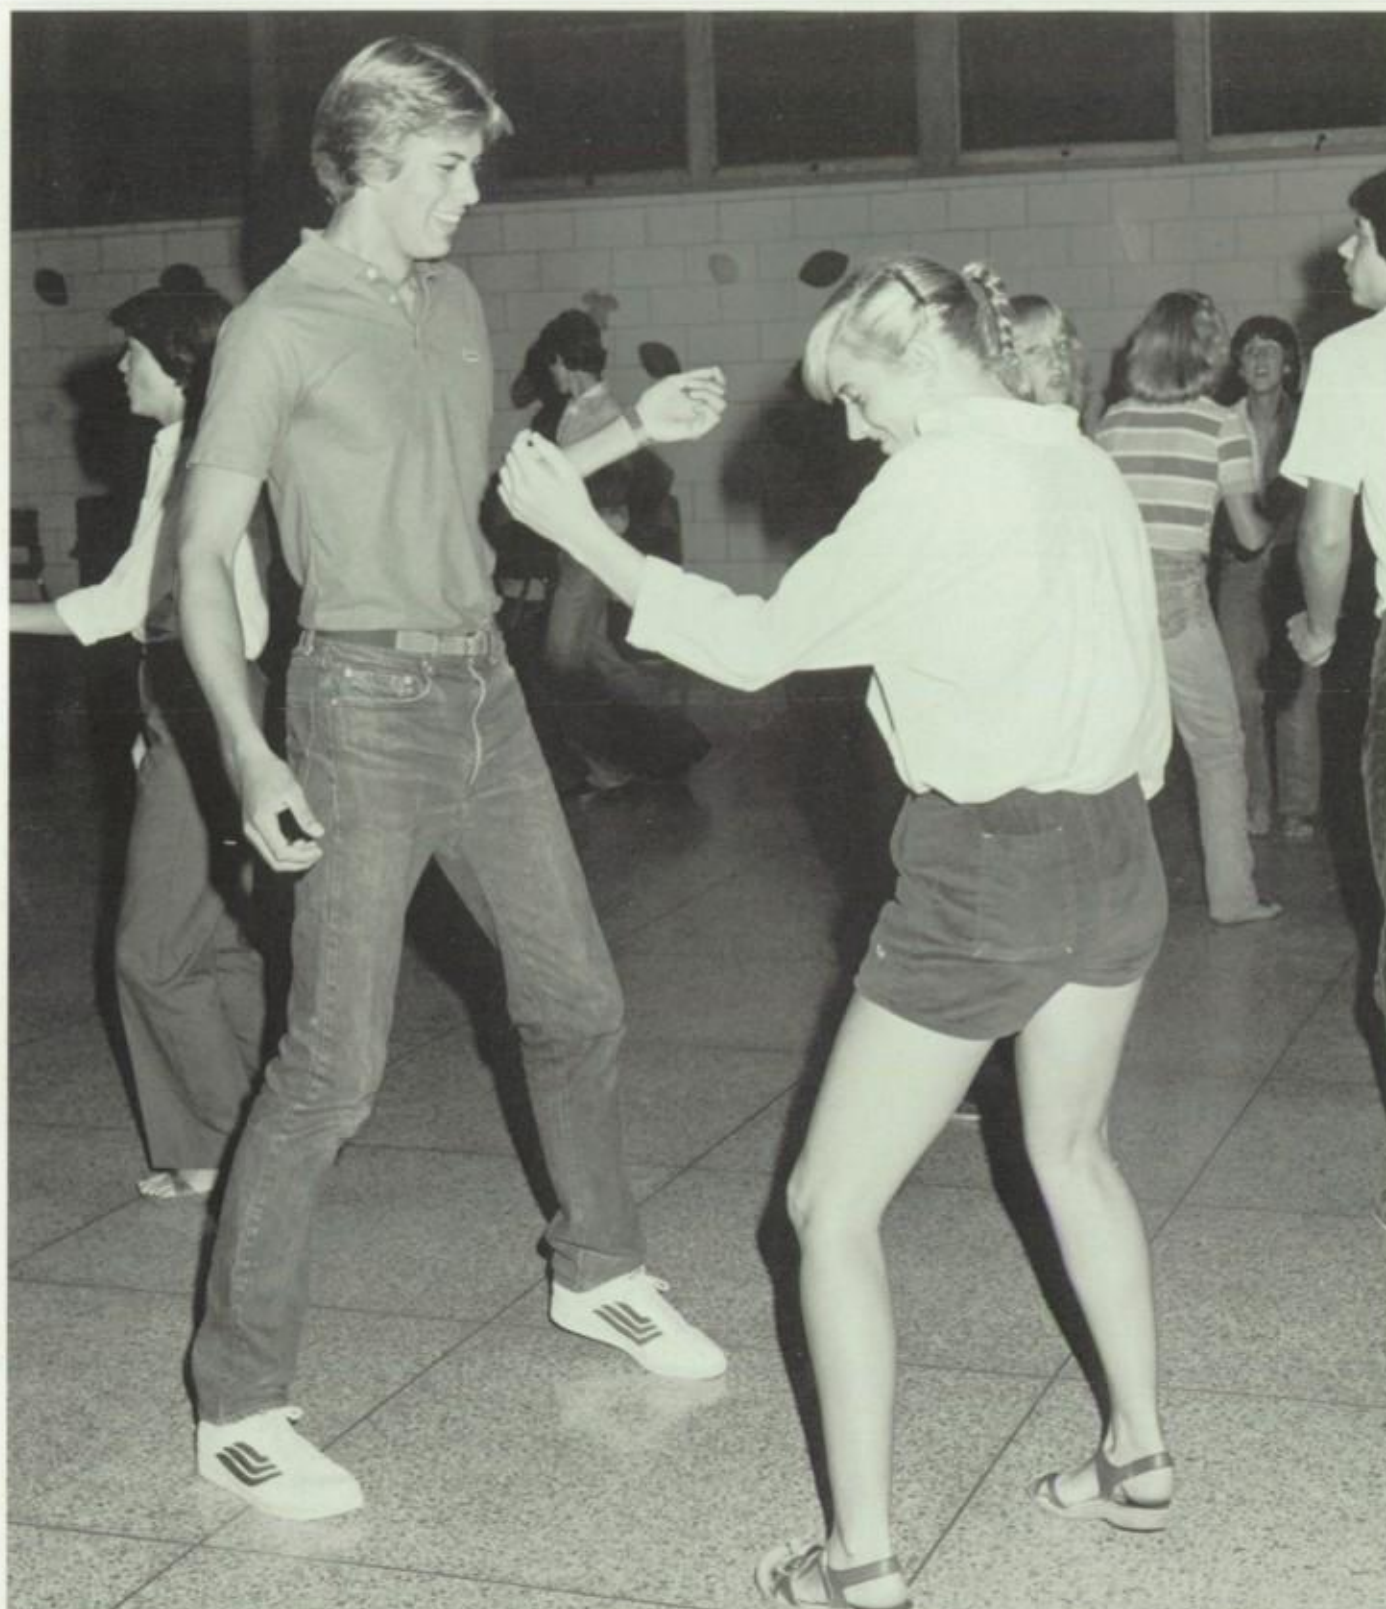

Some of these fund raisers included the traditional Sadie Hawkins dance held in the Spring, and a T-Shirt sale.

The class of '82 came up with a new idea to boost class spirit. They held a contest to create a new slogan exclusively for their class. The contest produced many interesting ideas, and a lot of fun.

The class of 1982 has prepared for their final year. It should be both fun and exciting.

Class Officers: Steve McCoy-President, Lisa Kelly-Vice President, Carol Bryant-Secretary, Jim Gittins-Treasurer

Slalom Skier

Does sanctioned AWSA Tournaments mean anything to you? Ski-Nautique? EP slalom jumpers? Well, if you were as avid a waterskier as Jeff Engl is—these would! Jeff, a junior here at Severna Park, has been skiing for as long as he can remember. He started skiing just for entertainment on the Severn River with his friends. He did not try to slalom ski until he had skied on double skis for a year. Since that time, (Approx. 10 years) Jeff has skied mostly slalom.

As a member of the South River Ski Club, he enters many competitions. Some of the competitions Jeff has entered include 15 or 16 competitors. The divisions include jumping, slalom, tricks, and an overall score. He has done well in the competitions he has entered.

Jeff teaches his friends how to ski, but does not plan to teach for a profit. His future plans in the way of waterskiing career are shady at the moment. Jeff will not know for sure if he is going to enter any other competitions until he meets the requirements for higher standings.

When Jeff is jumping, he says that he "puts all I've got into it."

Carla All explains the finer points of good acting.

"Born To Run" Born To Lose . . .

This year for Homecoming, each class was to pick a song title as their class theme. The Junior Class decided that their song would be "Born To Run". Using the Falcon as their main character, the Juniors showed him running down the field to victory.

Unfortunately, the Junior Class was not too victorious and had many problems. The float, while being built at Dave Haushalter's house, was subject to much damage. The float was stolen and parts of it were burned. This left it up to the Juniors to build a float that had originally taken them a week, in only two days.

Thanks to a lot of dedicated work on the part of Junior Class members, a float was ready to present in the competition at half-time of the Homecoming game. Due to the vandalism to the first float, however, the Juniors placed last in the contest.

Ron Prass-Academic Junior

A lot of people have wondered what it takes to be on NBC'S television program, "It's Academic". Embers asked Ron Prass, the first junior in several years to make the "It's Academic" team, if he would mind telling us about it. When Ron was a sophomore he decided to try out, because just like the proverbial mountain, it was there.

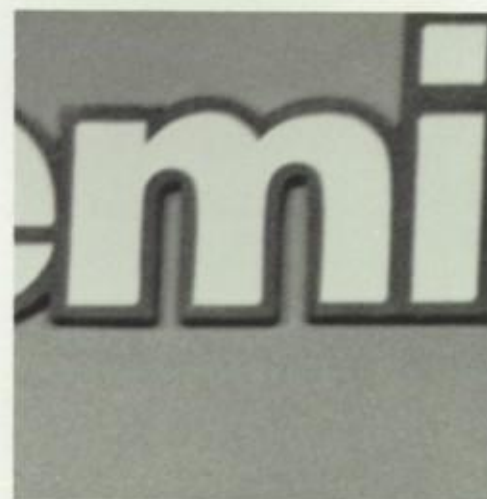

Ron was really surprised he made the finals when he was a sophomore and said it was really a big thrill. He didn't quite make the team; but with some encouragement from the advisor, Mr. Raymond Wills, he tried again this year. Making the team was only half the battle for Ron, Steve, Dunne, Tammy Dykes, and Adam Blum, however.

For the weeks preceding the game on November 15, 1980, the team practiced after school, making up questions to ask each other and answering those that Mr. Wills Had. One Saturday the team and Mr. Wills got together at Steve's house to watch the show and discuss some of the proceedings.

The team went together to the studio so they could decide on the captain and discuss their strategy. Their strategy was to make sure they all agreed on the same answer before giving it. On the way home, after winning second place, the team talked about the questions they missed and their impressions about the proceedings.

After the game Ron commented, "I think we did the best we could; next time we'll just have to be a little quicker." Also, in answer to another question, he said, "I was determined not to be nervous, and I think the audience was a big advantage; we knew we had support."

In the future Ron hopes to attend Massachusetts Institute of Technology on a scholarship or go to the Naval Academy. As for the present, Ron is concentrating on getting a well-rounded education and improving his golf game.

Taking The First Step

When your junior year of High School starts, a year of important decision making should begin. This is the time when you are expected to start thinking about what you are going to do after June of your senior year. It is a big step and there are many choices. It is an easy responsibility to put aside but time goes quickly. Applying to colleges, taking PSAT's and looking for scholarships are all part of preparing for the fall of 1982. Not everyone plans to attend college, but this was the year most juniors began looking at their alternatives. Answers to questions, general information and help can be found in the Career Center. There is an abundance of information to be found in these areas. Hopefully, Juniors took advantage of the resources available to them. These areas are not restricted to Juniors, but are also open to Sophomores and Seniors.

Tammy Dykes - Sea Cadet

Tammy Dykes, among nineteen other Sea Cadets spent the last seven days of her 1980 summer vacation on board the United States Coast Guard *Eagle*. The *Eagle* is a 295 foot square rigger sailing ship; the only one owned by the U.S. "There were only twenty billets for the Sea Cadets, so getting on board was on a first-come first-serve basis", said Tammy.

Tammy took a train to New London, Connecticut where she boarded the *Eagle*. The Coast Guard paid for the entire trip with the exception of meals. "When I went I didn't even know if I'd be back in time for school to start!" The ship sailed from New London around the Delmarva Peninsula to the Chesapeake Bay and into Curtis Bay.

Her duties included bow watch, stern watch, and bridge-talker watch. The latter meant that she had to describe the surroundings of the ship (positions of other boats, etc. in relation to the *Eagle*) to the officers on the deck, by short wave communication. The watches lasted four hours each. Tammy stood several watches; the worst was from eight PM to twelve AM. "You can't sleep during the day so if you get a night or early morning watch that's too bad. I walked around tired a lot of the time!" Also, the Sea Cadets attended classes on *Eagle* seamanship. "The enlisted men were really helpful when we didn't know what we were doing. They were also glad to have girls on board for a change.

In addition to regular duties, the Sea Cadets and the crew were on call all the time. This meant that they could be called on to adjust the sails or the rigging during the day or night. "Everything was done by hand; the steering took six men and putting up the sails took thirty!"

When she wasn't working, which was not often, Tammy talked to the

crew and her fellow Sea Cadets. There was a movie, "Rocky II" one night. According to Tammy, these were the only forms of entertainment.

"Eating was awful. The food was usually terrible. Even when it was half way decent, I still didn't want to eat it because I knew this gross guy named Lester had made it!" said Tammy. The showers lasted a maximum of two minutes. "You pushed a button and got yourself wet, then you soaped up and pushed the button again to rinse off. That was it!" The sleeping quarters were tiny; the beds were stacked three high. Tammy thought she was going to go crazy from lack of space and sleep.

The worst experience Tammy had was when a crew member died while she was on watch. While he was adjusting some rigging, it snapped and crushed him. This was the first death on the *Eagle* in thirteen years. Several services were held but the most touching one was the one organized by the crew. "As we passed by the spot where he died, we threw a circle of roses overboard. His two best friends gave the eulogies and I got the job of lowering the flag to half mast. The whole crew was in shock."

Another much lighter experience occurred when Tammy and three other girls accidentally inflated an eighteen man tented life raft. "All we did was drop it and the thing started growing! We didn't know what to do until a couple of officers walked by and started laughing. We were so relieved."

On their last night, Tammy and four other people made two hundred pizzas to celebrate the trip. "I did it so that I could get off watch and because it sounded like fun." Overall Tammy felt the trip was a great experience and "... I would not have missed it for the world."

Just \$15.00 A Month

Are you familiar with the various charities for the poor? Well, how many people do you know actually contribute? Junior Kathy Kernan sends \$15.00 a month to the Christian Children's Fund. Through this monthly donation Kathy helps one Indonesian boy by having food, clothing, health care and schooling provided for him. The Christian Children's Fund (CCF) distributes food to the families plus monthly assistance to pay for school fees and supplies.

The Indonesian child Kathy sponsors is named Ervi Heriv Sationo. He attends school for half the day. He studies reading, writing, math, social studies, natural science, sports and art. The Indonesian children are given extra amounts of homework to compensate for the short amount of time they are in class each day.

Kathy is in contact with Ervi by mail, writing back and forth, with translators in between. Kathy hopes after she graduates from Severna Park she'll be able to visit Ervi and his family.

Kathy became interested in the CCF when she saw Sally Struther's commercial. Kathy then called and obtained information about supporting a needy child. She then received a picture of Ervi, a description of life for the Sationo family, a reference booklet, a letter from Ms. Struthers, and some other detailed information.

At one time, Kathy wanted to become a missionary. She has since decided to pursue a career in law. She feels that she would be better able to aid the underprivileged by having a successful career.

Kathy has found much self satisfaction by helping this needy boy and his family. Until Kathy can go visit Ervi, however, she must be satisfied with just contacting him through the mail.

A Nice Place To Visit

Only a very few Severna Park students have the opportunity to visit a foreign country before they graduate; Courtney Miller was one of those lucky people. Her mother, an AFS (American Field Service member) during high school, kept in touch with the family she stayed with in Mexico, and it was arranged that Courtney would spend the summer of 1980, with them.

Courtney's first reaction when she arrived in Mexico was unfavorable. "I hated it! There I was - three thousand miles from home, I couldn't communicate because I didn't understand the language, and I was afraid I wouldn't recognize my family!" After about one week she began to enjoy herself. Her Mexican family was willing to do whatever Courtney wanted, and they all got along beautifully. They spent a lot of time touring Mexico City, the largest city in the world, but of all the places they went, Courtney liked the Museo de Bellas Artes the most.

Several frightening things occurred during her stay. She was on a bus to Acapulco, and without explanation the police stopped the bus to search it. Also, the armed guards carried machine guns instead of pistols or rifles. "It's really scary to think they could turn around, and shoot you dead on the spot."

As for entertainment, Courtney did other things in addition to sight-seeing. Most families socialize together, but Courtney's family, one of the few middle-class Mexican families, did things differently. "We went to the disco a couple of times. The evening usually started around ten thirty and ended at six thirty in the morning! But this is normal for them - even if they have to get up at eight or nine o'clock!" Courtney also went to a rodeo and saw some Mariachi bands in the plazas, the center of Mexican towns, while she was in Mexico.

In comparing the people of the U.S. and Mexico, Courtney was candid.

"Mexicans are much less pre-occupied with making money, and they aren't as narrow-minded as Americans. Americans are so caught up in their own life style, but Mexicans mix the cultures of many countries. For instance, in the theater and music you can see a lot of American influences. Even though they don't understand the words, Mexicans have a lot of new American songs on the pop charts!"

The impact of her experiences didn't hit her until she got home. She feels that she is a lot more open-minded now, and that her whole perspective on things has widened. She has learned a lot about herself and has improved her ability to relate with other people. Also, she believes this experience has shaped her personality. "I really loved Mexico, but I was happy to come home—and I am so glad I'm an American!"

Wintermute

Sophomore class: President Ben Willis, Vice-president Hope Porecelli, Secretary Karen Wintermute, Treasurer Claudia Kenny.

The class of '83 started their year, financially broke. Having no funds coming from their previous schools, it was up to the sophomore's to raise some in a hurry. They successfully held a few bake sales, which came in handy when Homecoming floats were being built.

Using "We are the Champions" as their theme song, the sophomores displayed much talent and produced a fantastic float, which placed 2nd in the competition.

According to Vice President Hope Porecelli, "The year has been a great one and also very successful."

On February 14, the class sponsored the traditional Sweetheart Dance which was enjoyed by all in attendance. Also held this Spring were many bake sales, and of course the ever popular ring purchasing.

The sophomores had it rough this year, but nothing held them back. They met every challenge and had a fun first year in high school. Already they are planning events for next year and coming up with new ideas to make THEIR lasting years a success.

Ah come on, MY picture?

Oaky Doak

Howard Doak, better known as Oaky, is one of Severna Park's exceptional students. Many have seen, or heard him riding down the hall in his motorized wheelchair. Several times Oaky has been a muscular dystrophy poster child. Because of this, he has participated in many public relation activities. For example, he was interviewed on television and two radio talk shows. Newspapers have also featured him.

Before coming here, Oaky attended Oakwood Elementary, Severna Park Junior High, and Marley Glen. He decided he wanted to "get into the mainstream" and started attending Severna Park Senior High. During an interview with Oaky, Mrs. Webb told him that his teachers would be learning as much from Oaky as he from them.

In addition to the required special education courses: Language Arts, Mathematics and Social Studies, Oaky takes Introduction to Data Processing and Ceramics. Ralph Pratt, his orthopedic aid, accompanies him to all his classes, helps him take notes, and occasionally helps his teachers.

Outside of class Oaky and Mr. Pratt are continually joking about girls and other "less important things".

In his spare time Oaky builds model airplanes. During the summer he keeps a garden and coordinates yard sales. He saves some of the money he earns from these; Just recently he bought himself a stereo. To be able to operate it, Oaky had to spend much of his time rigging it.

Oaky will graduate in 1984 and hopes to attend a special training school for the handicapped. Later, he hopes to get a job involving business management and "to enjoy life while keeping up with (his) hobbies".

Prima Ballerina

Severna Park is a school full of many outstanding students, including one of our sophomores. Gayle Parman has been practicing ballet for the past 9 years. She is currently a member of the Maryland Ballet Centre, the Baltimore Ballet Company, and the Annapolis Ballet Company. Gayle has taken ballet in Ohio, Kentucky, and Okinawa (an island off Japan).

Practice for ballet is very important. Gayle practices every day except on Fridays and Sundays, at the Md. Ballet Centre and the Maryland Hall. She goes to school, cheerleading practice, and then to ballet. When practicing ballet, Gayle's classes include: jazz and ballet.

Some of Gayle's performances include the *Nutcracker*, which she performed with the Maryland Ballet Company. She has performed at St. John's College, which was an "invitation only" performance. She has also performed at the Maryland Hall, in Annapolis. At Chesapeake Senior High, Gayle was in the play, *Finian's Rainbow*.

Gayle believes that the best thing about ballet is "the gracefulness and beauty of it all". When she is watching someone else perform, she says that "she knows how good it feels to be up there".

Along with ballet and jazz, Gayle has also taken Modern Dance lessons and is a Falcon cheerleader.

Her future plans in the way of ballet, include possibly going into some ballet school, and/or teaching ballet and modern dance. While Gayle is still in school, she plans to continue her dancing classes, and wishes to become involved in plays. "If I ever hear of a play or a company that I'm interested in (for dancing) I'll go for it." Well, Gayle, the best of luck to you. You may someday be the next Prima.

Totally Tennis

Tracy Austin look out! Eleanor Goodman, who has been playing competitive tennis since age 11, is climbing to the top. Elo is ranked 8th in the state of Maryland; for age group 16 yrs and under, and she is ranked at 17th in the MULTA Division, which includes Maryland, Virginia and West Virginia. Eleanor and doubles partner Jennifer Stokker have not received their rankings yet, but are aiming for the top.

When you take tennis as seriously as Elo, you have to regulate yourself. Practice and diet are extremely important. Eleanor practices two and one half hours each day at the Big Vanilla in Arnold, and the Futabaya in Baltimore. She often spends hours just serving balls. Also she runs the length of a golf course with weights attached to her ankles; she lifts weights and jumps rope for strength and endurance. Her diet is as strict as her workouts. She never smokes, and never drinks any alcoholic beverages or Cola- carbohydrates are bad for her.

Tennis also causes limitations on Elo's lifestyle. When she was asked if she felt that tennis limited her, she replied, "Yes, I sacrifice so much," Elo never goes out on weekends, has never even been to a slumber party or a football game. She plays in tournaments every weekend. Elo even sacrificed her Thanksgiving with her family. She spent the four days at a tournament in Virginia. Elo feels that "to be good enough, it is a must to sacrifice everything." For example, last summer she was invited to go to the waterslide but could not because it interfered with her practice schedule.

Some of the many tournaments that Eleanor has competed in include a singles tournament in Montgomery City, and East Salisbury, and a doubles tournament in West Virginia.

Futabaya is a tennis clinic for gifted tennis juniors in the Baltimore area. Elo goes to Futabaya from 4:30 - 7:00 pm on Tuesday, Wednesday and Friday. She works on drills, strokes, and mostly speedwork and concentration. There is not talking or laughing, just watching the ball.

Her future plans include wanting to play World Class Tennis. Jennifer and Elo plan to be first in World Class Doubles.

Elo says, "I simply love to play tennis."

The Sound Of Music

The halls are alive with the sound, or rather talent, of music at Severna Park High. Embers has discovered two very talented sophomores, Emma Showalter and Mike Ciampaglia.

Emma has been playing the flute for seven years and the piccolo for five. These years of instruction from a teacher in Baltimore, and the practice of up to three hours a day have been rewarded by several distinctions. In both eighth and ninth grade she was outstanding band member at her school in Pennsylvania, and once she won a medal for a rating of two in a band ensemble. At the moment, Emma is a member of two bands, the schools symphonic band and the Baltimore Youth Orchestra.

Mike plays a different kind of instrument than Emma. For the past five years, he has been diligently practicing the piano and the organ at least an hour a day. Just recently he won the scholarship from the Peabody Institute for free lessons lasting a year. If at the end of this year, he gives an excellent recital he will receive an extra year of free lessons. Mike has played in bands ranging from those at the junior high level to those at UMBC. At the moment he plays in the Maryland Hall Youth Jazz Ensemble, and enjoys playing contemporary music-Bach and Beethoven.

Both of them practice extremely hard and are dedicated to their music. "It's neat when you finally finish, and the music turns out right" said Mike. Both feel that all the effort and time and work involved in becoming an accomplished musician is worthwhile.

The Sophomore

New teachers, new ways, when will I ever learn my way around? These and many other questions are on the tip of any incoming sophomore's tongue as he first enters the high school on Sept. 6.

A sophomore. It sure sounds like the pits. In reality though, it can turn out to be one of the best times of your life. You're finally here. You have made it to the high school. Only two more years and you're finished. The feeling of excitement mounts as you find yourself in your first day. Everyone looks at you and immediately labels you as a sophomore. What is it that makes them pick you out so easily? Is it that look of bewilderment on your face? Is it the way that you talk? What about the clothes you wear, or even the way you smile? No, it's none of these! The answer is that it's the look of pride and joy on one's face when they proudly state: "Sure, I'm a sophomore!"

Reach for it!

An intent Sophomore hard at work.

Private Vs. Public

Some sophomores take Severna Park High School for granted. It's just another big school like Severna Park Junior High or Severn River Junior High. However, not all sophomores come from large public schools. Embers talked to two sophomores who came from smaller, private schools in other states.

The number of differences seem infinite! Here we are not required to wear uniforms nor is the dress code limited. "In my school," said one girl, "we didn't have to wear dresses, but every Friday we had to wear dresses. Jeans at any time were absolutely out!" Another difference was the popularity of smoking from school to school. "Coming here was a culture shock. I had no idea that so many people my age smoked cigarettes, let alone pot. Drinking was almost unheard of at Trinity. The size was the biggest difference though. We had one class for each grade, and the class changes were from one room to the one across the hall. The gym teacher was also my math and religion teacher. When I came here I didn't even know what industrial arts were!"

When we asked the girls which school they liked better, they could not answer. "It's not a question of which is better. My old school was better in the respect that teacher-student and student-student relationships were closer. Here the variety is better. But I like it here—it's another great place to be."

FACULTY / ACADEMICS

English

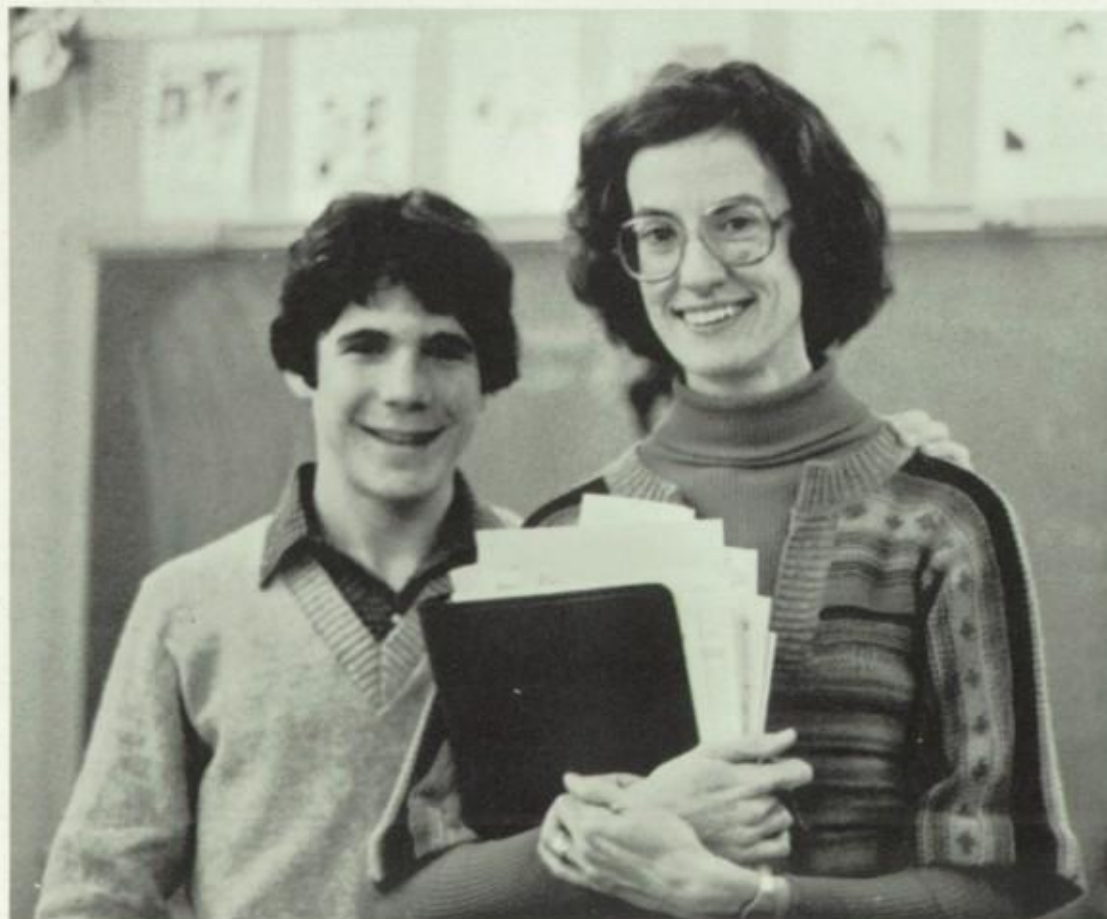

The English Department maybe the largest department in the school but Mr. Doug Bowers handles the job as department head rather well.

There are twenty-one regular English teachers and three teachers who teach both a foreign language and English.

This year Mr. Bowers has had to cope with several changes. Teri-Meg Berman left at the end of last year and Diane Burton-Putzel left after the first semester this year. Jim Patton, well known by the students as a substitute teacher, replaced the latter. This required a shuffling of jobs since Mr Bowers preferred to teach Mrs. Burton-Putzel's eleventh grade honors class and have Mr. Patton take one of his regular classes. Mr. Bowers is contemplating more changes within the English department when the new Broad-neck school opens.

No!

MATH

The SPHS math department offers a math class for everyone. Two years of math are required for graduation, however, some students who do well and like math go beyond graduation requirements. Class choices include: business math, practical math, computer math, and more advanced studies such as algebra, geometry, trigonometry, elementary functions, and calculus.

Four new teachers joined the math staff this year: Mrs. Riley, Ms. Huey, Mrs. Schult, and Mrs. Gill. Also, Mr. Catlin replaced Mr. Williamson as the department head. The computer classes acquired nine new computers which were available to students who could operate them.

The math department continues to offer the elements desired to reach the academic excellence which has become such an important aspect at Severna Park.

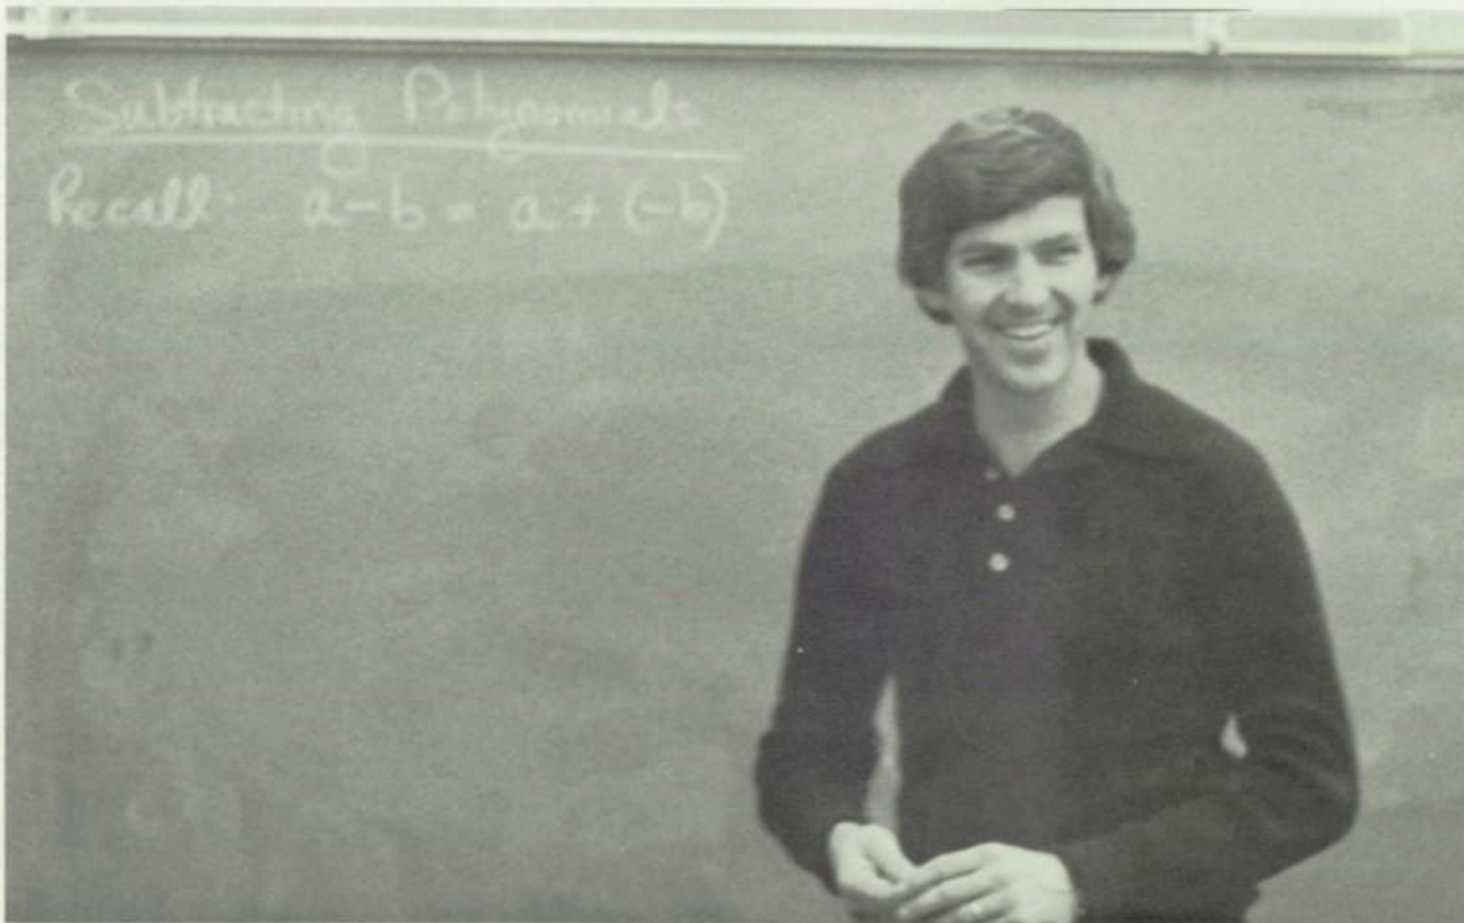

Mr. Reffner can't figure the problem.

Mrs. Astle assertively makes her point.

Mrs. Huey shows her enthusiasm over pentagons!

Who could be on the receiving end of Mr. Bougher's glare?

David Williamson

History

Social Studies is one of the many courses required for graduation. Students need a total of 3 credits in this area. Sophomores are required to take Contemporary World History and European Studies. In their Junior year, students are required to take U.S. History. Seniors, providing they have fulfilled their Social Studies requirements, do not have to take any additional Social Studies classes. However, S.P.H.S. has a larger Senior enrollment than any other school in the county. One of the reasons may be the large variety of classes that are offered in the department; Psychology being one of the most popular.

Social Studies is more than just geography and history. It covers many more areas of interest. More students are finding this out every year.

Science

Severna Park's Science department, headed by Mr. Charlie Roth, continued to offer a variety of courses ranging from the basic Unified Science to the highly academic PSSC-Physics and Advanced Chemistry.

Despite science's reputation for being "dry" subject matter, enrollment increased in higher phased offerings. Human Physiology, Zoology, PSSC Physics and Advanced Chemistry classes grew in size considerably. The gifted and talented program, new this year, provided a great opportunity for exceptional students in the science field. Those involved in the program attended various workshops with many speakers making guest appearances. Despite the program's recent start, the future appears to be very promising.

A few problems arose during the past year with the science department's lab materials. Much of their equipment is broken and is no longer in working order due to age and overuse. They found their losses hard to overcome because of the lack of funds needed for their replacement. However they attempted to make up for this by charging students for the materials they damaged.

Some new additions to the department were Sam Johnson and Paul Gammill. The latter is referred to as the "rat man" because of his experiments with rats this year.

The science department continues to offer the kinds of courses that challenge the students at Severna Park.

"Debbie Gilbert looks in wonder"

What a long day.

Foreign Language

The Severna Park Foreign language department offers a choice of four languages: French 1-5, Latin 1-3, German 1-3 and Spanish 1-5.

The reasons students take a foreign language varies from one individual to the next. Some take it because many colleges require students to have two consecutive years of a foreign language in high school. Others take it because learning a foreign language can help their English.

Foreign Language is more than just attending class everyday. The foreign language students are very busy. They take field trips, participate in various competitions, attend reunions and host fairs and dinners.

Students who take a foreign language will discover that it is not only helpful, it's fun.

Looks good to me

Not my size.

Grading papers.

On a break? Why?

Open to page 27.

BUSINESS EDUCATION

The Business Education Department offers a large range of courses in six different disciplines; Shorthand, Accounting, Cooperative Office Education, Distributive Education, Business Data Processing, and Cooperative Occupational Programs. Students may select a full schedule of classes through their senior year, or elect one of four work-out programs. These four work-out programs are: Cooperative Office Education, Distributive Education, Business Data Processing and Cooperative Occupational Programs. Many college bound students are selecting courses in this department as a minor field of endeavor. These students are realizing the need for a skill, which can be converted to dollars. Whether selection of department courses is on a major or minor basis, the rewards of our programs are invaluable in the future.

Music

The Music Department is separated into four areas: 1) Instrument, which includes band and string. 2) Chorus 3) Guitar 4) Keyboard, and a class entitled Musicology, which covers the history of rock and pop music.

For the past four years, there has been a stable enrollment into the various music classes. Presently there are three full time teachers: Nylon Brooks, Carole Frederick, and Thomas Powell, and one part time, Bonzie Gilbert.

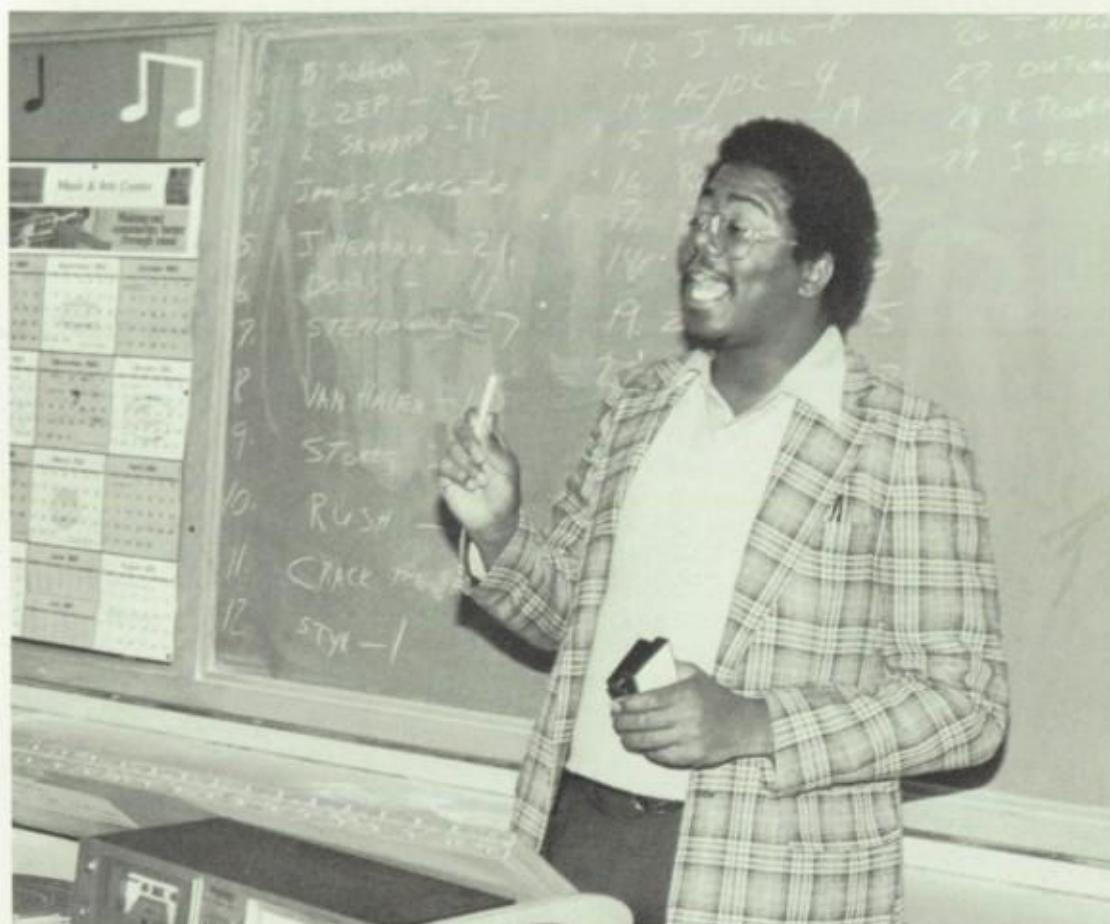

The Music Department participates in string and choral festivals, fine arts night, and occasionally gives recitals. Music is a vital part of education, and the SPHS Music Department offers something for everyone.

Ms. Gilbert-hard at work with her students.

Mr. Pitt

Mr. Pitt has traveled several very diverse roads in his lifetime—medicine, baseball, and teacher. During his sophomore year at the University of Maryland, a scout "signed him up" to play with the Minnesota Twins, a minor league baseball team. Mr. Pitt recalled that his batting average his last year at University of Maryland was 460, and it is still the Atlantic Coast record. That year he had been elected to the All American Team.

His professional baseball career, which started in 1964, lasted six years and ended due to an injury. "I always felt I'd be a major league player," he said. But when his career ended so abruptly, Mr. Pitt wasted no time in getting back to making a living. During the off seasons between 1964 and 1969, he had been taking courses at University of Maryland, and he returned to college full-time. The ten years he needed to become a medical doctor seemed unrealistic at that point in his life, so he majored in physical education instead. He taught at Annapolis Senior High for four years before coming to Severna Park High in 1974.

Mr. Pitt still keeps in touch with his friends from his baseball days, including his former roommate with the Twins, Rod Carew, who is his favorite ball player. He is dedicated baseball coach, at Severna Park and a great Orioles fan, but his favorite team, by far, is, of course the Minnesota Twins.

Embers members pose on a field trip to the yearbook plant.

Field Trips

The purpose of taking field trips is "to gain knowledge and experience outside the classroom." Some of the field trips taken this year were: **Maryland History-** Annapolis, St. Michael's, St. Mary's. **A.P. U.S. History-** Monticello and U.V.A. **A.P. Modern European History and Comparative Religion-** National Cathedral and the Islamic Mosque. **Music-** "La Dame Chance" at Annapolis Senior High and the Baltimore Symphony at Chesapeake Senior High. **French-** Moliere's play, "Le medecin malgre" and Constitution Hall to see Garollu. **Spanish-** Constitution Hall to see "Kantares", a Spanish rock group. **Embers-** State College, Pa. to the Josten's/American Yearbook company. **Constituional History and Law-** Supreme Court.

Karen Maier, Theresa Kinstler, and Joe Sandri at the National Cathedral.

The Maryland History on the Harbor Queen.

A walking tour of Annapolis.

Mrs. Sheppard- the Harbor Queen.

Art

SPHS offers many different courses for a variety of art expression. Choices students have, include Drawing and Painting, Ceramics, Crafts, Graphics, Commercial Art, Sculpture, Modeling, and Fundamentals of Design. Each class is one semester and worth 1/2 credit. Art has always been an elective for interested students; however, students now attending a junior high are required to take an art class. These courses teach students how to create and appreciate art.

Sandy Helzer, working diligently.

Where do I put this?

Loretta Gible

James Kruse

We're finished!

James Trybinski

Our Principal

"Man- it's all Mr. Ueberroth's fault!" This is a common complaint heard at just about anytime of the year. Principals everywhere are the object of dislike and undue blame. Students rarely have the opportunity to see a personal side of their principal. Mr. Ray J. Ueberroth, however, is a man of many achievements.

During his college career, Mr. Ueberroth attended several different universities and colleges. After receiving his Bachelor's Degree at Muhlenberg College in Pennsylvania, he earned his Masters of Scientology with a certificate in administration and supervision at Loyola, Baltimore Campus. Mr. U. extended his education further by studying Greek & German. At the moment he, among other things, is working on his Ph.D. at the University of Maryland.

Students may think that all principals have been principals all their working life. This is not true of Mr. Ueberroth. He has had many jobs, which have broadened his outlook and developed his ideals. At one time, he was in the seminary studying to become a Lutheran minister, and he once sold encyclopedias. Since then, he has been a teacher, an assistant manager for Benfield Finance, a manager of a supermarket, and the principal of George Fox Jr. High.

After two years at George Fox, Mr. U. came to Severna Park and is now serving his fifth year as principal here. This year he is preparing for many changes in the school. The two major changes involve switching the boundary lines to accommodate the new high school in Arnold, and preparing to move the ninth grade into the senior high. The latter will not occur until the 1982-1983 school year, since Mr. Ueberroth is in the process of trying to make some adjustments to the original plan. "What I would like to see happen is the home football games played at the Community College instead of Chesapeake. "They'd be closer to home."

Hopefully, through this interview, students will be able to see the other side of Mr. Ueberroth.

Juanita Armbrister

Geraldine Stone

I want that bucket!

Certain things take an extreme amount of concentration.

Home Ec.

At SPHS the Home Ec department is broken down into several different areas. A student can take a Home Ec class in the subject he or she is most interested in. The choices include Child Development, Housing, Foods I and II, and Clothing I and II. Next year a new addition to the Home Ec curriculum will be life Skills. The class will be a little bit of everything- a good course for everyone. In the past year enrollment in Home Ec classes has increased. Currently, there are 2 full time Home Economics teachers.

Castles in the Sand.

Mr. Heer

Do you know anyone who has traveled from 90 South to 60 North, from Budapest west to the Phillipenes (but never to India?!)? Well, now you do. Mr. Raymond Heer, who has been substituting here at Severna Park for the past 5 years, is definitely a popular substitute and a very unique, and exciting man. From 1964-1976, he worked managing the United States Physics Program in the Antarctic and retired in 1976 to take up substituting. Mr. Heer, who spreads his cheer and friendship everywhere, has also substituted at Eleanor Roosevelt (in Prince Georges Co.), at Bethesda/Chevy Chase (Montgomery Co.), and a private girl's school called the Regina School. He has taught every subject at SPHS except for girl's gym and Drivers Education. His favorite courses to teach are Physics and Mathematics. This is probably because Mr. Heer holds a double major in Physics and Math. The colleges he attended were: Loyola University, University of Illinois, and Catholic University.

Mr. Heer's many hobbies include sailing, golf, giving tours at the Smithsonian, and reading. When asked a question of where he has travelled, one should really ask "Where haven't you been?" Mr. Heer has been to many, many places, including Ireland to visit his daughter and her family.

In the spring of 1980, Mr. Heer's home in Winchester burned to the ground. The Heers were very thankful for all the help and support they received from people here at Severna Park Senior. They were given clothing, cakes, cookies, assistance in sifting the ashes, and many encouraging letters; including one Mr. Heer cherishes that said "Mr. Heer, you're special."

Mr. Heer is a sincere and concerned teacher. This is shown simply by the way he answers the following question. When he was asked what Severna Park Senior High means to him, he claimed, "I think of all the kids, and how I want to pass my knowledge onto them."

Phys. Ed.

The Phys. Ed. department is following the same course as it followed in passed years but with a few new twists. One of the new "twists" is that the weight training classes are encouraging girls, as well as guys, to join what used to be solely a men's sport. All students must have one full credit in order to graduate; that's nothing new, but the ways in which a student can earn his credit is. Some alternatives are, Drug Education, Independent Study, and Health Education. And again, all of the P.E. classes are now co-ed.

Look at it go!!

Come on, kick it.

Richard Keck

Donald Gregg

James Pitt

Sharon Munden

Keep smiling Miss Bassett!

Lillian Shelton

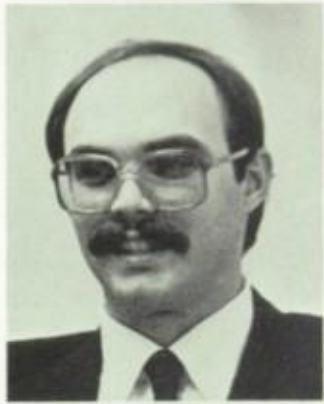

George Roberts

Special Ed.

Skip Casey

Russell Claus

Shelly Sames

Ann Seitz

Ralph Pratt-Aide

The Special Ed. Department has two programs. First, the resource program taught by Mrs. Seitz and Mrs. Sames. This class aids students in their regular academic classes. Second is V.E.P. (Vocational Experience Program), a more work oriented program offered to seniors. The students have 3 classes in the morning: Math, Social Studies, and English, and then they go to work. The students work 15 hours a week and receive at least minimum wage. They work anything from grocery stores, pet shops, and garden nurserys. Mr. Casey's job is to place them in a job and help the students with any problems that arise at their work.

The Special Ed. Department is continually growing. One new teacher, Mrs. Wilcher, teaches $\frac{1}{2}$ resource classes and $\frac{1}{2}$ V.E.P. classes. The classes take many career oriented field trips. For example: a trip to the G.M. plant-showing students what it is like to work on an assembly line. Mr. Casey feels that it is better to have students actually doing things instead of just being shown what to do. Due to the department's growth, the problem of space has arose. Right now, one class is held in the library and the other four are spread throughout the school.

Now this is the life.

Oh . . . please, no school tomorrow . . .

Ms. Seitz in a thoughtful mood.

Driver's Ed

Severna Park's Driver's Education is a valuable and important course which includes classroom, simulation lab, and on-the-road experiences. All aspects of the driving task are stressed with an emphasis on learning perception, developing good judgement, and mastering driving procedures. The course is one semester in length, involving one period per day as well as after school and Saturday sessions.

One of the most valuable tools in accomplishing the goals of the Drivers Education program is the simulation lab. Here, the simulator's wide screen presentation puts the students in the driver's seat. This allows the students to be safely taught, corrected, and tested on every phase of driving. These simulators, as well as other instruction, help the students to become better prepared for driving in the "real world".

Are you sure? It looks red to me . . .

James Smith

Theodosia Copeland

Film time . . .

I think I'll hit this one . . . leave that one, and . . .

It's only got two wheels!

Now look here . . .

Substitutes

Some of the least known or appreciated people in Severna Park Senior High are the substitutes. These men and women devote their time to help out whenever the regular teachers are unable to teach class. Most substitutes have the duties of going over homework, giving new assignments, teaching new work, and keeping peace in the classroom. Many times the substitutes are quite knowledgeable in the subjects they sub and have something valuable and interesting to add to a class. Overall, the substitutes are a very necessary and important part of our school.

Skip! What are you doing with the subs?

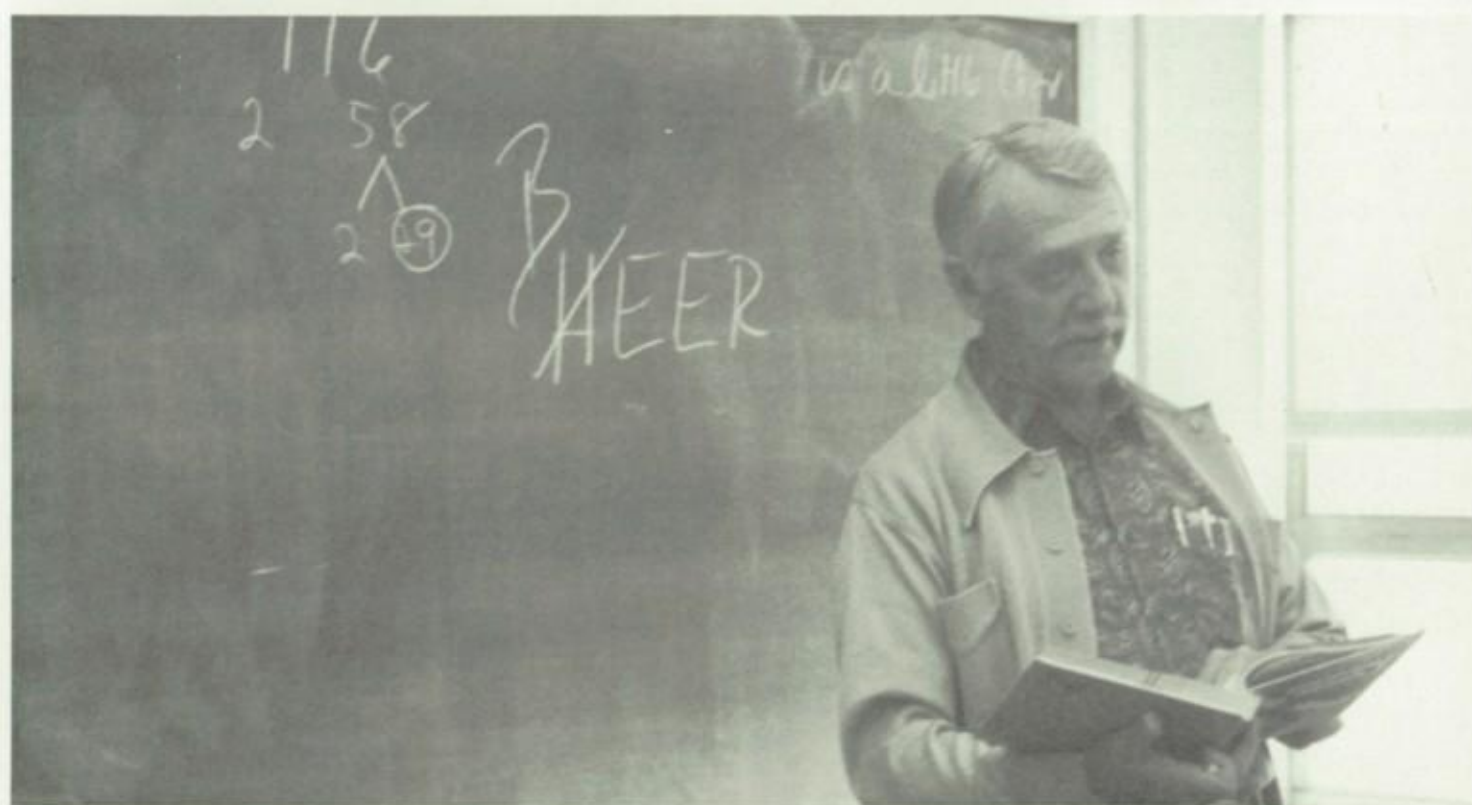

Mrs. Ansley

Mrs. Codd

Mrs. Conin

Mr. Heer, our favorite sub.

Mr. Heer

I'm filling in for Mrs. Horner.

Sit like this!

Mrs. Tighe

Industrial Arts And Vo-Tech

Industrial Arts classes are open to all students in any grade. An Industrial Arts credit isn't required for graduation; however, it is a popular elective.

The courses are designed to meet the needs of all students whether they are college-bound or interested in a career in business. Some of the main purposes of the Industrial Arts Program are: to develop skills and talents in the use of materials, tools, and machines. The program also helps to develop an understanding of industry and it's role in our society. Courses should be chosen according to the students' goals, interests, and abilities.

"Wow! look at that!"

Charles Beaver

Darryle Inselman

"Why did you do it?"

William Eckenbaryer

John Kurpuwei

Stuart Sutton

"No resemblance!"

"Hmmmmmm"

Vo-tech

Laying bricks can be fun.

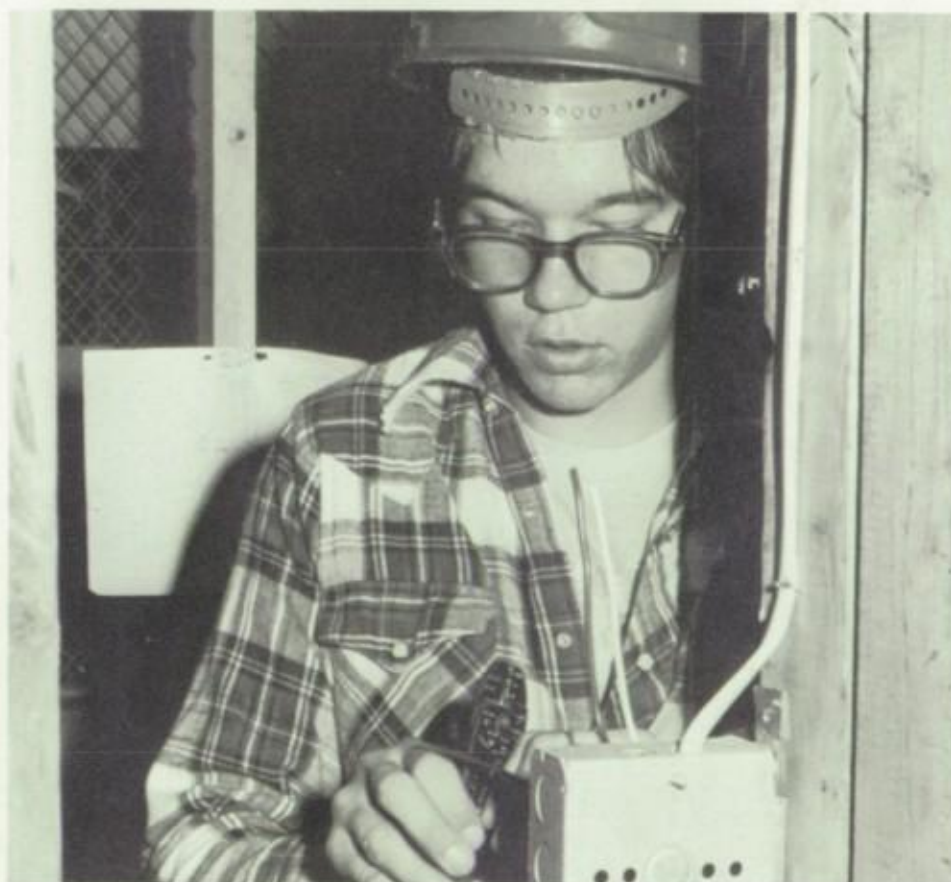

"Ain't she a babel!"

"You have such nice hair"

"What size was that?"

"Well, this goes here and that goes . . ."

Counselors And Administrators

There are many who wonder, what is the purpose of a Counselor. The Counselor's function at S.P.H.S. is to help students find a tutor, help them solve a problem with a teacher, help with parents and friends, and most of all the counselor's job is to help students through school by giving guidance and support on anything the student chooses to discuss with them.

A counselor's work is never done. A counselor at S.P.H.S. carries a load of 430-530 students per counselor. The recommended load is 350 students. There is a major concern that there could be more effectiveness and efficiency if there was a lighter load. For the past four or five years they've requested more counselors but it was cut out of the budget. So, don't complain about the wait for appointments.

There are a special group of teens that work in the counseling center, called counseling center aids. S.P.H.S. is the only school in the state of Maryland that gives the aids the responsibility to write passes. They have a mandatory, three day, training program during the summer. If one day is missed the aide is dismissed. S.P.H.S. counselors and aides provide a very valuable service to the school.

Always running off letters.

Ruth Cruze

Sue Helsel

John Johnston

Brian Powers seeks help.

Dale Patrick

Sam Scalzi

Mr. Ray J. Ueberroth

David Fisher

Linda Haynes

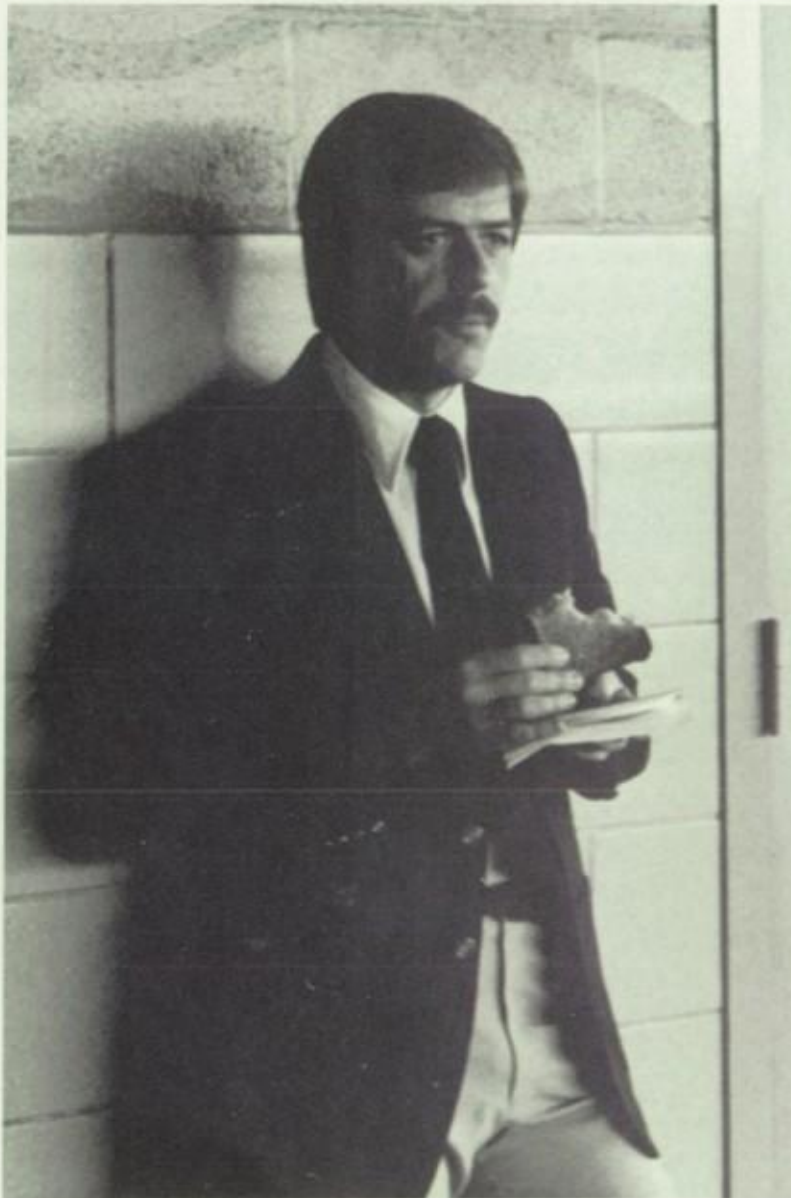

Stanley Stawas

Laura Webb

See, I'm not such a bad guy!

Mmmm. Good sandwich!

Yes, another phone call.

Secretaries

The secretaries here at SPHS play a key role in keeping things running smoothly. Some responsibilities the secretaries have are: answering phones, paging students, answering questions, record keeping, and making appointments. It is important for them to be organized and efficient, after all, there are approximately 2400 individuals that depend on them in one way or another.

Please get me right this year, I'm Inez Smith.

Can you believe for two years yearbook thought I was Mrs. Smith? I'm Virginia Brewster.

Mrs. Fieni checks her calendar.

Mrs. Yoerger put on hold again.

Mrs. Munsey reading her favorite book.

Media Center

The media staff provides several services to both the students and teachers of our school. Instruction is provided in library skills and in the operation of equipment. Research facilities are available for students writing papers and doing homework. Movies and audio-visual materials are provided for both students and teachers. Finally, a quiet place to read and study is provided.

Mrs. Smith found what she was looking for.

Mr. Stinchcomb.

Mrs. Updegraph with a brand new magazine.

Custodians

Help! The ladder is slipping.

Custodians do all the odd jobs around the school.

Lunch Ladies

Some of the most important people to the students at Severna Park are the Lunch Ladies. They can really be nice at times. They'll lend you a penny or or two to get an extra milk or package of cookies. The cafeteria workers do alot of odd jobs. They fix up two thousand lunches, they count the money pulled in, they take inventory, and they start to plan the next day's meal.

Students just love our school lunches.

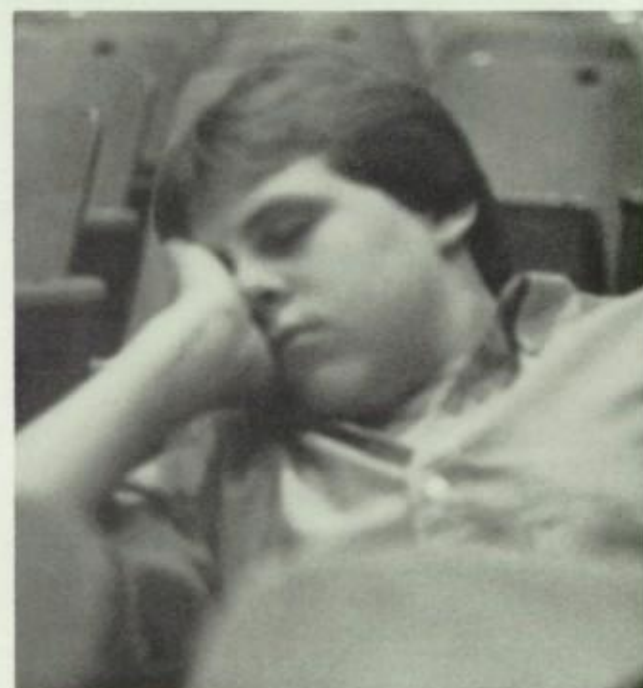

Working hard on the hamburgers.

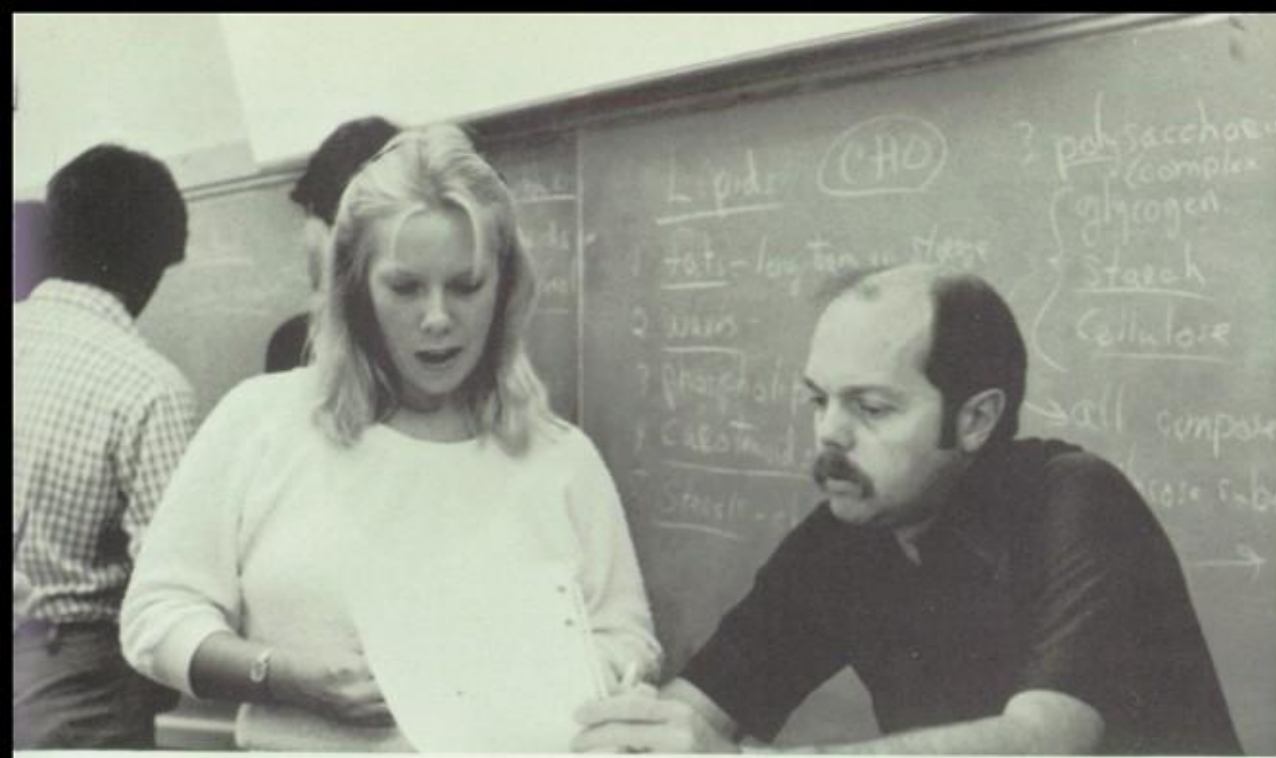

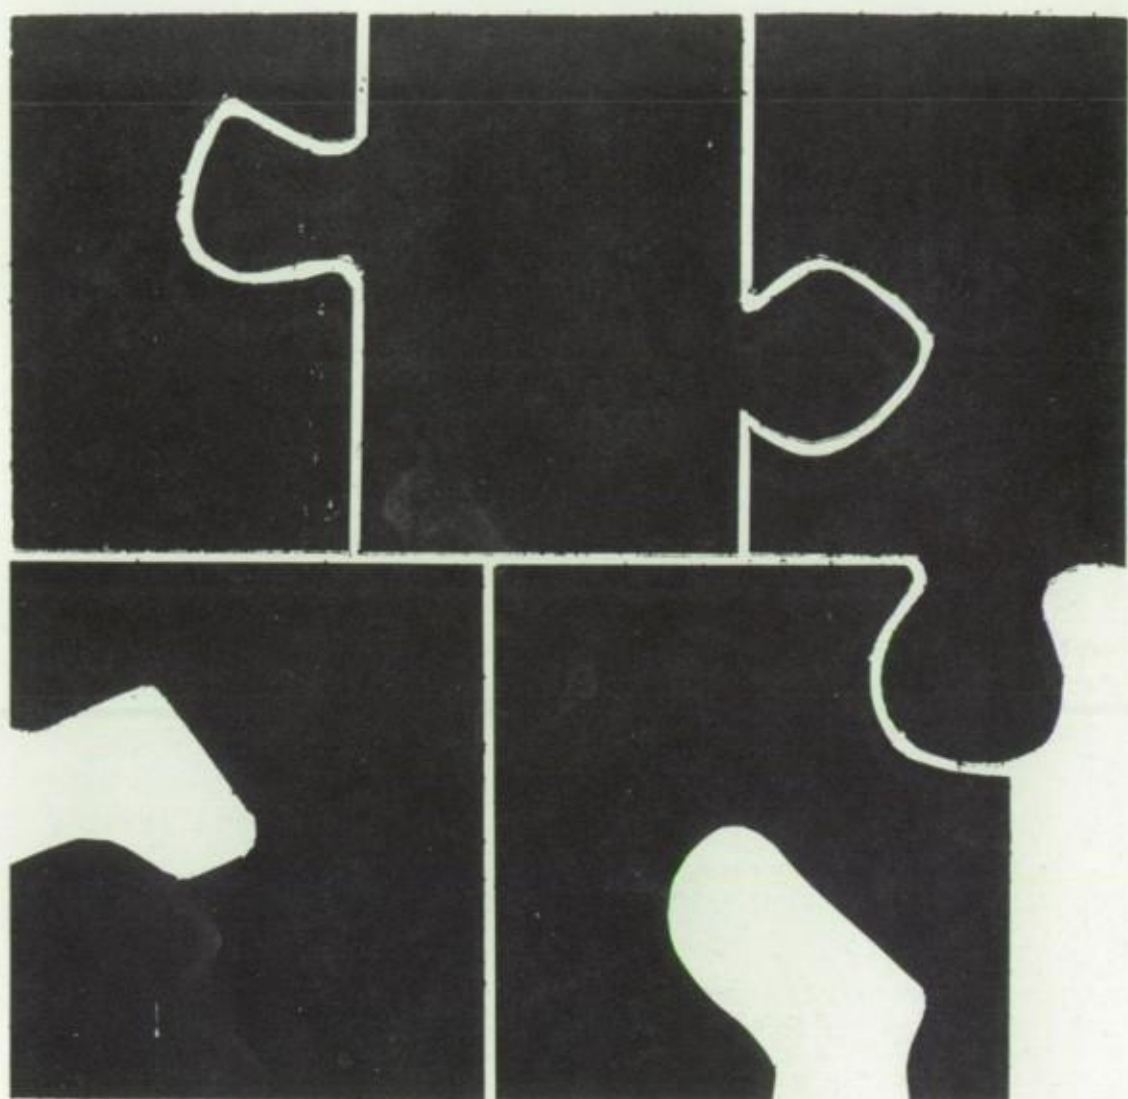

No onions.

This is the whole group

P.D.A. Prevails

The issue of public display of affection, more commonly known as P.D.A., stormed through Severna Park in 1980. The issue was more publicized this year than in the past. The problem had gotten out of hand, and administrators felt there was no better time than the beginning of the school year to "crack down" on these "vulgar" occurrences. Announcements were made every morning reminding students that P.D.A. was a violation of school codes, and any teacher had the right to stop those engaged in such displays. At first, there was a noticeable decline in P.D.A. However, unfortunately for those embarrassed by public displays and for those whose lockers were blocked by couples, the number of incidents of P.D.A. increased when the morning reminders over the P.A. ceased.

Preppiness Pervades Park

Why did preppy become the thing of the year? That's a question that cannot be answered. Perhaps it was the practicality of glow-in-the-dark clothing; energy conservation had become an issue. No matter what the reason, the results were overwhelming. The official **Preppy Handbook** became a number one best seller and was raised about by preps and psuedo-preps alike.

In it, our own Annapolis was listed as a preppy town. The **Evening Capital** caught the tide and published Preppie and Preppette posters, along with pictures of preppy clothing and an amusing dissertation on the preppy craze! According to them, Severna Park High is one of four area schools that is genuinely a preppy school. Also, the places to see and be seen include Arnold's Old Fashioned Ice Cream Parlor and Middleton's Cafe. The paper says we are truly lucky to have access to preppy stores such as Peppers, Papagallos, and Sign O' the Whale.

The preppy mania was further recognized when **Evening Magazine**, (ABC), spent some of their air time converting a "bum" into a prep. The woman instructing the man was the author of the **Preppy Handbook**. She was accused of teaching people to be snobs. Her reply was, "Well, if everybody was a snob, there wouldn't be any snobs."

Latin Club

Another club was added to Severna Park's list of extra-curricular activities. The Junior Classical League. This club, sponsored by Mr. Joseph Kearney, is made up of Latin students, old and new. The J.C.L. began entering competitions with other Latin teams. At a competition in Falls Church, Virginia, the Latin II team won second, and the Latin I team won seventh out of twenty-two teams. The Junior Classical League has planned fund-raisers for sponsoring a Latin competition in the spring, and Mock Olympic Games. So far they have been very successful.

Uniform Threat

This December a misunderstanding had some Severna Park students in a flurry. Mayor Barry of Washington D.C. suggested that students be required to wear uniforms to school. His reasons: more student competition in areas other than who can wear the most expensive clothing, and the ability to differentiate between loiterers and students. The majority of our students felt they would resent losing their individuality in the wearing of uniforms. At any rate, the suggestion was not proposed for Anne Arundel schools; there was no need for panic.

Handbooks

Handbook policies changed this year. The Board of Education decided that a test should be given to the students, requiring that they know the total contents of the "Anne Arundel County Student Handbook for Secondary Schools". English Teachers spent 3 days covering the handbook before giving the exam on it, and the grades were then recorded. The main purpose in the covering and testing of the handbook was so that each and every student knew his rights, and if he or she is in violation, ignorance wasn't an appropriate excuse.

A Special thanks to Yvonne Schaefer for all of her help in the production of the index.

Lunch and homework on a sunny afternoon.

Energy Crisis

Energy awareness prompted a proposal to the Board of Education that each school day be lengthened by 30 minutes, thereby shortening the school year by 20 days. An estimated \$830 thousand dollars would be saved in the transportation of students, and additional money would be saved on utilities used by the school. There is, however, a question of legality over the issue. Reactions toward the proposal vary from enthusiasm to horror.

The 1981 EMBERS has been a real challenge and a lot of hard work. We would like to personally thank everyone who has supported and helped us through the year. The 1980-81 school year has been one full of many memories for everyone and we have tried to capture those special moments in our book. Best of luck always to the Class of 1981!

Therese A. Rohm
Jennifer L. Gidos

Stats 1981

Volume 22 of Embers was edited by Tracy Rohm and Jennifer Gidos, advised by Anthony Mongello, represented by John Beach Jr., photographed by Segall Majestic Studios, and printed by Josten's American Yearbook Company in State College, Pa. Press Run: 1200 copies of 336 pages. Size: 9 x 12. Type: Palatino Style 33. Theme of the 1981 Embers: Putting the Pieces Together. The estimated cost of the book: \$25,000. Cost of each book: \$17.00.
